Port Hudson Confederate Bastion On The Mississippi:

Port Hudson, Confederate Bastion on the Mississippi Lawrence Lee Hewitt, 1994-09-01 Although the evidence of the site has nearly vanished Port Hudson Louisiana holds a distinct place in Civil War History Located just north of Baton Rouge the village was the last Confederate stronghold on the Mississippi River and the site of the longest genuine siege in American military history In *Port Hudson Confederate Bastion on the Mississippi* Lawrence Hewitt offers a compelling account of the Confederate occupation of Port Hudson in August 1862 and the Union's efforts to capture the stronghold culminating in a final unsuccessful assault in May 1863 Throughout his study Hewitt offers a colorful narrative account of daily life in the garrison the commanders strategies and the importance of Port Hudson to the war Wanting to strengthen their hold on Vicksburg the Confederates began constructing earthworks for a battery at Port Hudson in early April 1862 By late summer the first troops began arriving for duty As these soldiers fortified the bluff they sought to avoid drawing fire from Union naval vessels already present in the area Throughout their occupation of Port Hudson the Confederate troops were able to hold their position tenaciously fighting off Federal efforts to block supply ships by controlling the mouth of the Red River The Union's failure to starve out the Confederates eventually led them to launch a direct assault on Port Hudson This attack was unsuccessful and was followed by an equally disastrous siege Consequently Port Hudson did not surrender until after the capitulation of Vicksburg in 1863 Hewitt also discusses a unique outcome of this period of the war the increased enlistment of black soldiers in northern units According to the author the newspaper coverage of the charge by black troops at Port Hudson proved to be vital in convincing the northern masses to accept the enlistment of nearly 180 000 black soldiers in the army before the end of the war Port Hudson will generate renewed interest in and discussion of an important period in Civil War history among scholars and Civil War buffs alike

Lawrence L. Hewitt, 1994 *Port Hudson* Lawrence Lee Hewitt, 2024-01-12 In 1978 Lawrence Lee Hewitt became the first manager of the Port Hudson State Historic Site There he began collecting photographs related to the Civil War battle Carefully analyzing a vast and remarkable photographic record of Port Hudson Hewitt has now brought his four decades of research and collecting together in this book The quantity diversity and in some cases uniqueness of these photos help widen our perspective not only on Port Hudson and the Civil War's impact on its people and environment but also on the history of photography Together the six cameramen claimed many firsts including the first ever photograph of soldiers engaged in battle first exterior shots at night and first composition print The collection arranged chronologically allows readers to follow the changes in the landscape during and after the siege The sheer range of subjects represented is impressive A cotton gin a grist mill and a Methodist church all showing signs of damage caught the eyes of photographers At the request of a Union soldier's mother there was a photograph taken of his burial site There is even the only known photograph of a Confederate army surrendering Biographies of the photographers and the captions in this volume also brim with fresh information about

both the photographs and the campaign attesting to the author's meticulous scholarship and skilled analysis. Though Port Hudson may never receive the level of attention of Gettysburg or Vicksburg, this well conceived collection of photographs will make those with a serious interest in the conflict or photography not only reexamine Port Hudson but also the importance of the Civil War's photographic record.

A Wisconsin Yankee in Confederate Bayou Country Halbert Eleazer

Paine, 2009-05 General Halbert Eleazer Paine, commanding officer of the 4th Wisconsin Regiment of Volunteers, took part in most of the significant military actions in the lower Mississippi Valley during the Civil War. Nearly forty years after the conflict's end, Paine, a former schoolteacher and attorney who would become a three-term congressman, penned recollections of his wartime exploits, including his involvement in the Vicksburg campaign, the operations that resulted in the capture of New Orleans, the Battle of Baton Rouge, the Bayou Teche offensive, and the siege of Port Hudson. Now available for the first time, *A Wisconsin Yankee in Confederate Bayou Country* provides Paine's reflections and offers his excellent eyewitness account of the complexities of war. Paine describes in detail the antiguerrilla operations he coordinated in southern Louisiana and Mississippi and his role in the defense of Washington, D.C., where he commanded a portion of the line during Confederate General Jubal Early's 1864 movement against the city. His experiences shed light on the daily struggle of the common soldier and on the political and legal debates that dominated the times. In one striking episode, he describes his arrest for refusing to return to their masters, fugitive slaves who entered his lines. He discusses the occupation of New Orleans and the relations between Federal soldiers and local slaves and provides definitive commentary on dramatic incidents such as the burning of Baton Rouge and the destruction of the ironclad ram *C.S.S. Arkansas*. A departure from most accounts by Union army veterans, Paine's story includes less celebration of the grand cause and greater analysis of the motives for his actions and their inherent contradictions. He sympathized with the many contrabands he encountered; for example, yet he callously dismissed a reliable servant for suggesting that the rebels fought well. Despite expressing kind feelings toward certain southern families, Paine all but condoned his troops' excessive looting of local homes and businesses, which he viewed as acceptable retribution for those who resisted Federal authority. After the war, Paine also served as commissioner of patents, championing innovations such as the introduction of typewriters into the Federal bureaucracy. With a useful introduction and annotations by noted historian Samuel C. Hyde Jr., *A Wisconsin Yankee in Confederate Bayou Country* reveals many of the subtle advantages enjoyed by the troops in blue as well as the attitudes that led to behavior that left a violent legacy for generations.

Lt. Spalding in Civil War Louisiana Michael D. Pierson, 2016-11-02 In July 1862, Union Lieutenant Stephen Spalding wrote a long letter from his post in Algiers, Louisiana, to his former college roommate. Equally fascinating and unsettling for modern readers, the comic cynicism of the young soldier's correspondence offers an unusually candid and intimate account of military life and social change on the southern front. A captivating primary source, Spalding's letter is reproduced here for the first time, along with contextual analysis and biographical detail by Michael D. Pierson. Lt. Spalding in

Widows by the Thousand M. Jane Johansson, 2007-01-01 This collection of letters written between Theophilus and Harriet Perry during the Civil War provides an intimate firsthand account of the effect of the war on one young couple Perry was an officer with the 28th Texas Cavalry a unit that campaigned in Arkansas and Louisiana as part of the division known as Walker's Greyhounds His letters describe his service in a highly literate style that is unusual for Confederate accounts He documents a number of important events including his experiences as a detached officer in Arkansas in the winter of 1862-63 the attempt to relieve the siege of Vicksburg mutiny in his regiment and the Red River campaign just before he was killed in the battle of Pleasant Hill Harriet's writings allow the reader to witness the everyday life of an upper class woman enduring home front deprivations facing the hardships and fears of childbearing and childrearing alone and coping with other challenges resulting from her husband's absence

Vicksburg Donald L. Miller, 2020-10-20 Winner of the Civil War Round Table of New York's Fletcher Pratt Literary Award Winner of the Austin Civil War Round Table's Daniel M Marilyn W Laney Book Prize Winner of an Army Historical Foundation Distinguished Writing Award A superb account The Wall Street Journal of the longest and most decisive military campaign of the Civil War in Vicksburg Mississippi which opened the Mississippi River split the Confederacy freed tens of thousands of slaves and made Ulysses S Grant the most important general of the war Vicksburg Mississippi was the last stronghold of the Confederacy on the Mississippi River It prevented the Union from using the river for shipping between the Union controlled Midwest and New Orleans and the Gulf of Mexico The Union navy tried to take Vicksburg which sat on a high bluff overlooking the river

but couldn't do it. It took Grant's army and Admiral David Porter's navy to successfully invade Mississippi and lay siege to Vicksburg, forcing the city to surrender. In this elegant, enlightening, well-researched and well-told Publishers Weekly work, Donald L. Miller tells the full story of this year-long campaign to win the city with probing intelligence and irresistible passion. Booklist: He brings to life all the drama, characters, and significance of Vicksburg, a historic moment that rivals any war story in history. In the course of the campaign, tens of thousands of slaves fled to the Union lines, where more than twenty thousand became soldiers, while others seized the plantations they had been forced to work on, destroying the economy of a large part of Mississippi and creating a social revolution. With Vicksburg, Miller has produced a model work that ties together military and social history. Civil War Times: Vicksburg solidified Grant's reputation as the Union's most capable general. Today no general would ever be permitted to fail as often as Grant did, but ultimately he succeeded in what he himself called the most important battle of the war, the one that all but sealed the fate of the Confederacy. Steamboats on Louisiana's Bayous Carl A. Brasseaux, Keith P. Fontenot, 2004-11-01 In an extraordinary feat of research and intrepid historical navigation, Carl A. Brasseaux and Keith P. Fontenot serve as guides through the labyrinthian and often harrowing world of Louisiana bayou steamboat journeys of the mid to late nineteenth century. The bayou country's steamboat saga mirrors in microcosm the tale of America's most colorful and most highly romanticized transportation era. But Brasseaux and Fontenot brace readers with a boldly revisionist picture of the opulent Mississippi River floating palaces stripped down, utilitarian freight haulers belching smoke from twin stacks churning through shallow swamps and narrow tributary streams, and encountering such hazards as shoals, sawyers, stumps, highwater, and dry bed seasons, and the remains of vessels claimed by those treacheries. For decades, steamboats transported goods, passengers, and mail between New Orleans and south Louisiana's vibrant interior agricultural region, bearing testimony to the resourcefulness, ingenuity, and tenacity of crews in conquering the challenges posed by a forbidding environment. Brasseaux and Fontenot marshaled a monumental array of information, including sources long buried in courthouses, private collections, and the records of the Army Corps of Engineers. They offer data on some five hundred steamboats, keelboats, and barges known to have operated in the bayou country. This book is the first major study of a fascinating slice of the steamboat industry, showcasing a trade critically important to New Orleans's prosperity but largely forgotten in southern historiography until now. Encompassing economic, social, transportation, and environmental history, it captures the period just before the iron horse emerged as America's undisputed master of inland conveyance. **Faces of the Civil War** Ronald S. Coddington, 2021-04-27 Archival images and biographical sketches of Union soldiers tell the stories of their lives during and after the Civil War. Before leaving to fight in the Civil War, many Union and Confederate soldiers posed for a carte de visite or visiting card to give to their families, friends, or sweethearts. Invented in 1854 by a French photographer, the carte de visite was a small photographic print, roughly the size of a modern trading card. The format arrived in America on the eve of the Civil War, fueling intense demand for the keepsakes. Many cards of Civil War soldiers survive.

today but the experiences and often the names of the individuals portrayed have been lost to time A passionate collector of Civil War era photography Ron Coddington researched the history behind these anonymous faces in military records pension files and other public and personal documents In *Faces of the Civil War* Coddington presents 77 cartes de visite of Union soldiers from his collection and tells the stories of their lives during and after the war These soldiers came from all walks of life All were volunteers Their personal stories reveal a tremendous diversity in their experience of war many served with distinction some were captured some never saw combat while others saw little else The lives of survivors were even more disparate While some made successful transitions back to civilian life others suffered permanent physical and mental disabilities which too often wrecked their families and careers In compelling words and haunting pictures *Faces of the Civil War* offers a unique perspective on the most dramatic and wrenching period in American history *Holly Springs* Brandon H. Beck, 2011-11-09 Midway between Memphis and New Orleans along the Mississippi River Vicksburg was essential to both Confederate and Union campaigns With both sides bent on claiming the city Vicksburg and the fate of the nation lay in the balance General Ulysses S Grant began his campaign on the city in November 1862 but he was forced to abandon the operation in December when the fiery General Earl Van Dorn made a daring raid on Grant's main supply depot at Holly Springs Mississippi With the help of the CSS Arkansas Van Dorn's single day raid on Grant's supply base saved Vicksburg from Grant's forces for an entire year Historian Brandon H Beck recounts the tactics leaders and legends involved in this exciting if overlooked chapter of Civil War history *Lincoln's Trident* Robert M.
