Dillingham, 2008 This study treats comprehensively the sixteen short works of fiction that Herman Melville wrote between 1853 and 1856 most of which were published in Harper's and Putnam's magazines Concentrating on the writer's two basic motivations for writing as he did in these stories Dillingham argues that Melville created a surface of almost inane congeniality in many of the works an illusion of vapidty that camouflages a profundity often missed by his readers He sought to to hide disturbing themes because the magazines for which he was writing would almost certainly have rejected his attempts to be more direct Dillingham's method is not however confined to a reading of the texts Melville's stories contain so many allusions to the contemporary scene that they constitute in themselves a cultural study An important contribution of Melville's Short Fiction is its discussion of these allusions Finally Dillingham examines the relationship between the short fiction and Melville's own life Much of the writer's frustration and struggle is concealed in these early works Melville's friendship with Hawthorne for example an intense and yet in some ways disappointing relationship for both men is explored as an important influence on several of the stories **Understanding Hunter S. Thompson** Kevin J. Hayes, 2025-05-08 An insightful guide to the life and literary career of gonzo journalist Hunter S Thompson Hunter S Thompson 1937 2005 pushed the boundaries of storytelling While the writer is most recognized for the genre bending work *Fear and Loathing in Las Vegas* 1972 in *Understanding Hunter S Thompson* Kevin J Hayes provides a broad and nuanced analysis of Thompson's multifaceted career and unique literary voice Following a biographical introduction Hayes examines the different roles Thompson played throughout his literary career providing a view of his work unlike any previously published biographical or critical study The ensuing chapters examine Thompson's work in his capacities as a foreign correspondent literary critic New Journalist gonzo journalist campaign writer anthologist letter writer and novelist Hayes draws on previously unrecorded articles correspondence and interviews to inform his insightful analysis Written in an engaging and propulsive style

Sweeney, 2024-08-26      **Invisible Subjects** Heidi Kim, 2016-03-04 Invisible Subjects broadens the archive of Asian American studies using advances in Asian American history and historiography to reinterpret the politics of the major figures of post World War II American literature and criticism Taking its theoretical inspiration from the work of Ralph Ellison and his focus on the invisibility of a racial minority in mainstream history Heidi Kim argues that the work of American studies and literature in this era to explain and contain the troubling Asian figure reflects both the swift amnesia that covers the Pacific theater of WWII and the importance of the Asian to immigration debates and civil rights From the Melville Revival through the myth and symbol school as well as the fiction of John Steinbeck and William Faulkner the postwar literary scene exhibits the ambiguity of Asian forms in the 1950s within the binaries of foreigner native and black

white as well as the constructs of gender and the nuclear family It contrasts with the tortured redefinitions of race and nationality that appear in immigration acts and court cases particularly those about segregation and interracial marriage The Melville Revival critics discussion of a mythic and yet realistic diabolical Asian the role of a Chinese housekeeper in preserving the pioneer family in Steinbeck s *East of Eden* and the extent to which the history of the Mississippi Chinese sheds light on Faulkner s stagnant societies all work to subsume a troubling presence Detailing the archaeology and genealogy of Asian American Studies *Invisible Subjects* offers an original important and vital contribution to both our understanding of American literary history and the general study of race and ethnicity in American cultural history

**Hugging the Shore** John Updike, 2013-01-15 WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD Writing criticism is to writing fiction and poetry as hugging the shore is to sailing in the open sea writes John Updike in his Foreword to this collection of literary considerations But the sailor doth protest too much This collection begins somewhere near deep water with a flotilla of short fiction humor pieces and personal essays and even the least of the reviews here those that come about and draw even closer to the land with another nine point quotation are distinguished by a novelist s style insight and accuracy not just surface sparkle Indeed as James Atlas commented the most substantial critical articles on Melville Hawthorne and Whitman go out as far as Updike s fiction They are the sort of ambitious scholarly reappraisal not seen in this country since the death of Edmund Wilson With *Hugging the Shore* Michiko Kakutani wrote Updike established himself as a major and enduring critical voice indeed as the pre eminent critic of his generation *Landscape and Ideology in American Renaissance Literature* Robert E. Abrams, 2004 In this provocative and original study Robert E Abrams argues that in mid nineteenth century American writing new concepts of space and landscape emerge Abrams explores the underlying frailty of a sense of place in American literature of this period Sense of place Abrams proposes is culturally constructed It is perceived through the lens of maps ideas of nature styles of painting and other cultural frameworks that can contradict one another or change dramatically over time Abrams contends that mid century American writers ranging from Henry D Thoreau to Margaret Fuller are especially sensitive to instability of sense of place across the span of American history and that they are ultimately haunted by an underlying placelessness Many books have explored the variety of aesthetic conventions and ideas that have influenced the American imagination of landscape but this study introduces the idea of placeless into the discussion and suggests that it has far reaching consequences *Writers of the American Renaissance* Denise Knight, 2003-12-30 The American literary canon has undergone revision and expansion in recent years and our notions of the 19th century renaissance have been reevaluated Mainstream anthologies have been revised to reflect the expanding literary canon yet resources for readers have remained widely scattered This book expands earlier definitions of the 19th century American Renaissance as represented by canonical writers such as Emerson and Poe covering writers who published popular fiction and dominated the literary marketplace of the day Included is generous coverage of women writers and writers of color The

volume provides alphabetically arranged entries for more than 70 writers of the period including Louisa May Alcott Emily Dickinson Frederick Douglass Margaret Fuller Nathaniel Hawthorne Herman Melville Harriet Beecher Stowe Henry David Thoreau Walt Whitman and many more Each entry was written by an expert contributor and includes a brief biography a discussion of major works and themes a survey of the writer's critical reception and primary and secondary bibliographies
