Portable Romantic An Indispensable Pocket Guide To Creating Loving Relationships:

The Portable Romantic Gregory J. P. Godek, 1994 A great gift for friends and lovers The Portable Romantic is a practical minicourse in love Fans of America's 1 Romantic will welcome his 501 new and clever ideas while newcomers will be delighted to discover Godek's world of romance The Publishers Weekly, 1994 *Subject Guide to Books in Print*, 1991 **Whitaker's Books in Print**, 1998 **Paperbound Books in Print 1995** Reed Reference Publishing, Reference Reed, 1995-12 Creating Compassionate Kids: Essential Conversations to Have with Young Children Shauna Tominey, 2019-01-08 Selected as a Favorite Book for Parents in 2019 by Greater Good Young children can surprise us with tough questions Tominey's essential guide teaches us how to answer them and foster compassion along the way If you had to choose one word to describe the world you want children to grow up in what would it be Safe Understanding Resilient Compassionate As parents and caregivers of young children we know what we want for our children but not always how to get there Many children today are stressed by academic demands anxious about relationships at school confused by messages they hear in the media and overwhelmed by challenges at home Young children look to the adults in their lives for everything Sometimes we're prepared sometimes we're not In this book Shauna Tominey guides parents and caregivers through how to have conversations with young children about a range of topics from what makes us who we are e.g. race gender to tackling challenges e.g. peer pressure divorce stress to showing compassion e.g. making friends recognizing privilege being a helper Talking through these topics in an age appropriate manner rather than telling children they are too young to understand helps children recognize how they feel and how they fit in with the world around them This book provides sample conversations discussion prompts storybook recommendations and family activities Dr Tominey's research based strategies and practical advice creates dialogues that teach self-esteem resilience and empathy the building blocks for a more compassionate world **Creating Optimal Relationships** Kathryn Elliott, James Elliott, 2015-10-30 Recent relationship science research finds that intense satisfying romantic love is a real phenomenon occurring in couples Creating Optimal Relationships Use of the Voltage Concept with Couples provides the field of marriage and family therapy with the first model for assisting couples to sustain bliss for a lifetime The voltage concept based on over forty years of clinical research uses a skills based approach from Atheric Relationship Therapy By providing psychodynamic skills for facilitating each partner's psychological growth the psychological infrastructure is then achieved for supporting optimal relating skills The voltage concept presents a useful dichotomy of closeness levels to which partners aspire Couples who want a more surface relationship fit a Low Voltage Relationship model marked by less emotional intensity With such couples minimal skills can be taught to reduce any conflict that brought them to therapy High Voltage couples desire great emotional depth and receive skills to help them achieve it Perhaps even more valuable the voltage vocabulary equips clinicians and partners in understanding a common source of couple conflict that is the voltage mismatch The book offers options for treatment when a

voltage discrepancy exists in the couple *The Handbook of Communication Ethics* George Cheney, Steve May, Debashish Munshi, 2011-01-18 This Handbook bridges explicit treatments of ethical issues in communication and implicit considerations of ethics presenting in one volume analyses and applications that draw upon recognized ethical theories and those which engage important questions of power equality and justice It is intended for scholars in communication and will serve as a reference text in advanced courses addressing communication and ethics **Women, Reading, and the Cultural Politics of Early Modern England** Edith Snook, 2017-07-05 A study of the representation of reading in early modern Englishwomen's writing this book exists at the intersection of textual criticism and cultural history It looks at depictions of reading in women's printed devotional works maternal advice books poetry and fiction as well as manuscripts for evidence of ways in which women conceived of reading in sixteenth and early seventeenth century England Among the authors and texts considered are Katherine Parr Lamentation of a Sinner Anne Askew The Examinations of Anne Askew Dorothy Leigh The Mothers Blessing Elizabeth Grymston Miscelanea Meditations Memoratives Aemelia Lanyer Salve Deus Rex Judaeorum and Mary Wroth The First Part of the Countess of Montgomery's Urania Attentive to contiguities between representations of reading in print and reading practices found in manuscript culture this book also examines a commonplace book belonging to Anne Cornwallis Folger Folger MS V a 89 and a Passion poem presented by Elizabeth Middleton to Sarah Edmondson Bod MS Don e 17 Edith Snook here makes an original contribution to the ongoing scholarly project of historicizing reading by foregrounding female writers of the early modern period She explores how women's representations of reading negotiate the dynamic relationship between the public and private spheres and investigates how women might have been affected by changing ideas about literacy as well as how they sought to effect change in devotional and literary reading practices Finally because the activity of reading is a site of cultural conflict over gender social and educational status and the religious or national affiliation of readers Snook brings to light how these women when they write about reading are engaged in structuring the cultural politics of early modern England **Handbook of Marriage and the Family** Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add It is therefore limited to two relevant but not intrinsically related points vis a vis research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook In the late 1930s Willard Waller noted Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it Everything that concerned the life of men and women and their children was shrouded from the light Today much of that has been changed Gone is the concealment of the way in which life begins gone the irrational sanctity of the home The aura of sentiment which once protected the family from discussion clings to it no more

We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting. We are engaged in the process of reconstructing our family institutions through criticism and discussion. 1938 pp 3-4 The Advocate ,2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine.
