Thrillers and the 1930s Brian Diemert,1996 In Graham Greene s Thrillers and the 1930s Brian Diemert examines the first and most prolific phase of Graham Greene s career demonstrating the close relationship between Greene s fiction and the political economic social and literary contexts of the period Situating Greene alongside other young writers who responded to the worsening political climate of the 1930s by promoting social and political reform Diemert argues that Greene believed literature could not be divorced from its social and political milieu and saw popular forms of writing as the best way to inform a wide audience Diemert traces Greene s adaptation of nineteenth century romance thrillers and classical detective stories into modern political thrillers as a means of presenting serious concerns in an engaging fashion He argues that Greene s popular thrillers were in part a reaction to the high modernism of writers such as James Joyce Gertrude Stein and Virginia Woolf whose esoteric experiments with language were disengaged from immediate social concerns and inaccessible to a large segment of the reading public The Portable Henry James Henry James,2003-12-30 Henry James wrote with an imperial elegance of style whether his subjects were American innocents or European sophisticates incandescent women or their vigorous suitors His omniscient eye took in the surfaces of cities the nuances of speech dress and manner and above all the microscopic interactions hesitations betrayals and self betrayals that are the true substance of relationships The entirely new Portable Henry James provides an unparalleled range of this great body of work seven major tales including Daisy Miller The Turn of the Screw The Beast in the Jungle and The Jolly Corner a sampling of revisions James made to some of his most famous work travel writing literary criticism correspondences autobiography descriptions of the major novels and parodies by famous contemporaries including T S Eliot Ezra Pound Virginia Woolf and Graham Greene For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators The Portable Margaret Fuller
