*Somewhere Beyond the Body* T. P. Bird, 2021-10-13 God designed us to experience human life in a material physical body using our five senses He called it good However we are also creatures who experience the non material non physical gifts of soul and spirit Beyond the brain lies the human mind with its ability to think even abstractly we can reason and are moral beings We experience a myriad of emotions while living within relationships with God ourselves others and the world we live in The Lord also calls this aspect of humanity good *Somewhere Beyond the Body* attempts to not only explore the non material nature of soul and spirit but challenges at times the current secular notion that humans are just physical beings with higher brain power than other creatures We even see how the art and craft of poetry reflects this side of our nature
