The Components of the Rabbinic Documents: Song of songs Rabbah (2 v.) Jacob Neusner,1997

The Song of Songs Richard Alfred Norris (Jr.),Jr. Norris, Richard A.,2003-11-18 The Song of Songs traditionally attributed to Solomon is a collection of lyrics that celebrate in earthly terms the love of a bridegroom and a bride Throughout the course of early Christian history the Song of Songs was widely read as an allegory of the love of Christ both for the church and for its individual members In reading the Song this way Christians were following in the steps of Jewish exegetes who saw the Song as celebrating the love of God for Israel In The Song of Songs the inaugural volume of The Church s Bible Richard A Norris Jr uses commentaries and sermons from the church s first millennium to illustrate the original Christian understanding of Solomon s beautiful poem In recent times the Song of Songs has been more a focus of literary than of religious interest but Norris s work shows that for early Christians this text was counted with the Psalms and the Gospels among those Scriptures that touched most deeply on the believer s relation to God All in all Norris s Song of Songs is a masterful work that aptly acquaints contemporary readers with the church s traditional way of discerning in this text a guide to the character of Christian belief and life This volume and the entire Church s Bible series will be welcomed by preachers teachers students and general readers alike
