**American Tricksters** William J. Jackson, 2014-12-18 Tricksters are known by their deeds. Obviously not all the examples in *American Tricksters* are full-blown mythological tricksters like Coyote, Raven, or the Two Brothers found in Native American stories, or superhuman figures like the larger-than-life Davy Crockett of nineteenth-century tales. Newer expressions of trickiness do share some qualities with the Trickster archetype seen in myths: Rock stars who break taboos and get away with it; heroes who overcome monstrous circumstances; crafty folk who find a way to survive and thrive when the odds are against them; men making spectacles of themselves by feeding their astounding appetites in public. All have some trickster qualities. Each person, every living creature who ever faced an obstacle and needed to get around it has found the built-in trickster impulse. Impasses turn the trickster gene on or stimulate the trick performing imagination that's life. To explore the ways and means of trickster maneuvers can alert us to pitfalls, help us appreciate tricks that are entertaining and aid us in fending off ploys which drain our resources and ruin our lives. Knowing more about the Trickster archetype in our psyches helps us be more self-aware.

**Navy and Army Illustrated**, 1901 *The Billboard*, 1928 *The Moving Picture World*, 1914 *Joy Ride: Show People and Their Shows* John Lahr, 2015-09-21 Lahr creates a book worthy of its title. It is a living celebration of theater itself. Caryn James, *New York Times Book Review*. Since 1992 John Lahr has written for *The New Yorker* where, for twenty-one years, he was the senior drama critic, the longest stint in that post in the magazine's history. *Joy Ride* is a collection of his profiles and reviews that throws open the stage door, taking us behind the scenes, both on and off Broadway, to introduce such creators of contemporary drama as August Wilson, Arthur Miller, Stephen Sondheim, Tony Kushner, Wallace Shawn, and Mike Nichols. The result is a delightful, literate, and essential crash course in contemporary theater.

**New York Magazine**, 1985-02-25 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

**Secret Sharers: Melville, Conrad and Narratives of the Real** Paweł Jędrzejko, Milton M. Reigelman, Zuzanna Szatanik, 2011-01-01 The present book explores a variety of fundamental questions that all of us secretly share. Its twenty-one chapters, written by some of the world's leading Melville and Conrad scholars, indicate possible directions of comparativist insight into the continuity and transformations of western existentialist thought between the 19th and 20th centuries. The existential philosophy of participation, so mistrustful of analytical

categories is epitomized by the lives and oeuvres of Melville and Conrad. Born in the immediacy of experience, this philosophy finds its expression in uncertain tropes and faith-based actions rather than muffle the horror vacui with words; it plunges head first into liminality where logos dissolves into a positive nothing. Unlike analytical philosophers, both Melville and Conrad refrain from talking about reality; they expose those who would listen to a first-hand experience of participation in an interpretive act. Employing literary tropes to denude the essence of the human condition, they allow their readers to transgress the limitations of language. Mistrustful of language, they accept the necessity of discourse, which to make sense must be actively reshaped, endlessly questioned, and constantly revised. And if uncertainty is the only certainty available to us, our lowly human condition also necessitates compassion, an existential cure against the liquid, capricious reality we are afforded.
