Portrait Index** William Coolidge Lane,Nina Eliza Browne,1906 *Heart of Mid-Lothian* Sir Walter Scott,2001-04 The Heart of Mid Lothian is precisely focused on the trials for murder of John Porteous and of Effie Deans in 1736 and 1737 It is the most complex of all Scott s narratives **A Catalogue of Engraved Portraits of Celebrated Personages** ,1900 **DICTIONARY OF NATIONAL BIOGRAPHY** ,1892 **Border By-ways & Lothian Lore** Thomas Ratcliffe Barnett,1925 **East Lothian** Thomas Scott Muir,1915 **The Heart of Mid-Lothian** Walter Scott,1868 **The Paris Exhibition, 1900** David Croal Thomson,1901 **John Donne's Poetry and Early Modern Visual Culture** Ann Hurley,2005 This study argues the thesis that John Donne s poetry already well served by the insightful close readings of earlier generations of scholars can now profit from being read in the context of early modern cultural experience specifically its visual culture It points out that the focus on visual culture allows for a non monolithic flexible reading of Donne s verse in part because it acknowledges that while the complexity of his religious identity has been well explored the complexity of his secular interest has perhaps been less thoroughly examined Since a study of early modern visual culture is deeply concerned with the vicissitudes of the image both religious and secular such a context serves to integrate what in Donne sometimes invites polarity Focused on close readings of several poems the study is in two parts On the one hand it examines the visual culture of early modern England and argues that reading Donne s poetry enhances our understanding of how that culture actually operated when looked at through the experience of a practicing poet the visual culture through which it participated adds a dimension to that verse that would otherwise be less accessible to us Ann H Hurley is Professor of English at Wagner College **Mr. Collier's Letter Racks** Dror Wahrman,2012-08-29 Three hundred years ago an unprecedented explosion in inexpensive disposable print newspapers pamphlets informational publications artistic prints ushered in a media revolution that forever changed our relationship to information One unusually perceptive man an obscure Dutch British still life painter named Edward Collier understood the full significance of these momentous changes and embedded in his work secret warnings about the inescapable slippages between author and print meaning and text viewer and canvas perception and reality Working around 1700 Collier has been neglected even forgotten precisely because his secret messages have never been noticed let alone understood Until now In Mr Collier s Letter Racks Dror Wahrman recovers the tale of an extraordinary illusionist artist who engaged in a wholly original way with a major transformation of his generation Wahrman shows how Collier developed a hidden language within his illusionist paintings

replete with minutely coded messages witty games intricate allusions and private jokes to draw attention to the potential and the pitfalls of this new information age A remarkably shrewd and prescient commentator on the changes unfolding around him not least the advent of a new kind of politics following the Glorious Revolution Collier performed a post modernist critique of modernity long before the modern age His trompe l'oeil paintings are filled with seemingly disconnected enigmatic objects letters seals texts of speeches magnifying glasses title pages and with teasingly significant details that require the viewer to lean in and peer closely Wahrman does just that taking on the role of detective cultural historian to unravel the layers of deceptions contained within Collier's extraordinary paintings Written with passionate enthusiasm and including more than 70 color illustrations Mr Collier's Letter Racks is a spell binding feat of cultural history illuminating not only the work of an eccentric genius but the media revolution of his period the birth of modern politics and the nature of art itself

Clouds Caroline Dakers, 1993-01-01 This book is essentially a study of British aristocratic and artistic patronage of the arts in the under explored period after 1850 approached through an intensive look at a single house Clouds known as the house of the age It was built by the glamorous and unconventionally gifted Percy and Madeline Wyndham and designed by Philip Webb one of Britain's greatest architects It became one of the centres of artistic and political life in late Victorian and Edwardian Britain and set the style for a whole generation of country house living Dakers recreates the atmosphere and the lives lived in the house the personalities of its three generations of Wyndham owners and the succession of distinguished guests drawn to it Henry James Rossetti Burne Jones Kipling Whistler and Lord Alfred Douglas amongst many others She tracks the decline in the tradition of aristocratic patronage through a decline in the fortunes of Clouds itself by the 1930s the palace of art was a vast white elephant and the house was sold to an institution its treasures dispersed and its structure dynamited into a more usable space
