are and the tradition embedded in their trade This book is a celebration of the handmade at a time when it s being embraced by a new generation of DIY and local focused consumers who are averse to the mass produced Award winning photographer Tadd Myers is four years into a cross country journey to capture images of the American craftsman engaged in his work At a time when the public is growing disenchanted by the disposable items that litter the American landscape the workers in Tadd s portraits are still using human eyes to guide human hands the objects they make carry the souls of their makers His beautifully rendered photographs and profiles celebrate the thriving American culture of true craftsmanship which is alive and well in all parts of the country from the Steinway factory in Queens NY to hatmakers in Tennessee from a carousel works shop in Ohio to guitar makers in Texas from hatmakers in Chicago to boatbuilders in Vermont In the connected realm of photo rich social media platforms such as Pinterest and Etsy and in reaction to the mammoth corporations that create and sell us our wares we re seeing a boom of Americans of all ages re evaluating the values that actually inspire them Away from these conglomerates the American craftsman keeps a different more personal kind of work alive work that is uniquely inspirational and genuine
