Gender, Power and Identity in the Early Modern House of Orange-Nassau Susan Broomhall,Jacqueline Van Gent,2016-08-12 How do gender and power relationships affect the expression of family House and dynastic identities The present study explores this question using a case study of the House of Orange Nassau whose extensive visual material and archival sources from both male and female members enable the authors to trace their complex attempts to express gain and maintain power in texts material culture and spaces as well as rituals acts and practices The book adopts several innovative approaches to the history of the Orange Nassau family and to familial and dynastic studies generally Firstly the authors analyse in detail a vast body of previously unexplored sources including correspondence artwork architectural horticultural and textual commissions ceremonies practices and individual

actions that have surprisingly received little attention to date individually and consider these as the collective practices of a key early modern dynastic family They investigate new avenues about the meanings and practices of family and dynasty in the early modern period extending current research that focuses on dominant men to ask how women and subordinate men understood family and dynasty in what respects such notions were shared among members and how it might have been fractured and fashioned by individual experiences Adopting a transnational approach to the Nassau family the authors explore the family s self presentation across a range of languages cultures and historiographical traditions situating their representation of themselves as an influential House within an international context and offering a new vision of power as a gendered concept **Appletons' Journal** ,1877 **Barking From the Front Porch** Gerald M. Sliva,2015-09-11 Life in the author s hometown will resonate with readers with a childhood in a small town and will delight all These are tales of home brew of tipping outhouses of chamber pots and surreptitious smoking all the hijinks of young boys in the late 1940s and 1950s Relax with the humour of these reminiscences and revel in a way of life now gone
