Henri Dutilleux Caroline Potter, 2017-07-05 Henri Dutilleux born 1916 is one of France's leading composers though until recently his music received more attention in the United States than in Europe. A fiercely independent composer who pursues his own musical path regardless of fashion, he has never courted the public eye yet in this book he is revealed as a composer very much engaged with the work of other artists from all spheres. Caroline Potter's fascinating survey examines the relation of some of these artists to Dutilleux's music. In literature the notions of memory and time found in the writings of Baudelaire and Proust have had profound effects on his compositional development whilst the visual arts have informed his aesthetic ideas and their expression in both his music and even in his meticulously produced scores. Always a perfectionist Dutilleux now rejects those earlier works which are not representative of his mature style. By analysing these early pieces Dr Potter traces the evolution of his musical style and she investigates his compositional process and use of particular referential devices in later works. Whilst his music is unequivocally of our time Dutilleux has never lost the ability to communicate with a wide ranging audience. Drawing on interviews with the composer this study provides penetrating insights into this complex composer's musical world.

L'Art moderne, 1895 **Visions of Eternity** Michael R Bundy, 2017-06-20 *Visions of Eternity* is the companion volume to *Prophets without Honour* Matador 2011 which explored the forgotten melodies of Charles Marie Widor, Louis Vierne and Charles Tournemire. The present work continues that study but with regard to the largely unknown choral works and operas by these same composers it also expands upon the mores of Parisian Musical society 1870-1939 and discusses in greater detail than before the prevalent influences and restrictions which might have had a bearing on a young composer. Widor's printed and unpublished works are discussed as are those of his pupil Louis Vierne alongside a more detailed and possibly provocative discussion of the latter's life and loves and their relevance to that composer's compositions. His completely unknown cantate lyrique *Praxino* is also revealed. The greater part of *Visions of Eternity* is given over to a discussion of the influences that affected another of Widor's pupils Charles Tournemire in both temporal and theological terms. His individual musical language discussing both his use of traditional Latin and Indian chants, quixotic character and amours are also investigated. This is a book of great musical relevance for it deals with composers and issues which greatly influenced later French musicians particularly Maurice Duruflé, Jean Yves Daniel Lesur, Jean Langlais and Olivier Messiaen; these in turn passed their knowledge to more contemporary composers. Whilst this book has been researched in great depth its content is delivered with a light, occasionally humorous touch. This is not a dry academic work but one for both the cognoscenti and enthusiast alike.

Dictionnaire des ventes d'art faites en France et à l'étranger pendant les XVIII et XIXe siècles Hippolyte Mireur, 1910 **André Jolivet: Music, Art and Literature** Caroline Rae, 2018-10-29 This first book in English on the French composer André Jolivet 1905-1974 investigates his music, life and influence. A pupil of Varèse and colleague of Messiaen in *La Jeune France*, Jolivet is a major figure in French music of the twentieth century. His music combines innovative language with spirituality summarised in his self-declared axiom to restore music's ancient original

meaning when it was the magic and incantatory expression of the sacred in human communities The book s contextual introduction is followed by contributions edited by Caroline Rae from leading international scholars including the composer s daughter Christine Jolivet Erlih These assess Jolivet s output and activities from the 1920s through to his last works exploring creative process aesthetic his relationship with the exotic and influences from literature They also examine for the first time the significance of Jolivet s involvement with the visual arts and his activities as conductor teacher and critic A chronology of Jolivet s life and works with details of first performances provides valuable overview and reference This fascinating and comprehensive volume is an indispensable source for research into French music and culture of the twentieth century
