Jerman,2020-05-25 This is a comprehensive history of the world s midwinter gift givers showcasing the extreme diversity in their depictions as well as the many traits and functions these characters share It tracks the evolution of these figures from the tribal priests who presided over winter solstice celebrations thousands of years before the birth of Christ to Christian notables like St Martin and St Nicholas to a variety of secular figures who emerged throughout Europe following the Protestant Reformation Finally it

explains how the popularity of a poem about a miniature sleigh and eight tiny reindeer helped consolidate the diverse European gift givers into an enduring tradition in which American children awake early on Christmas morning to see what Santa brought. Although the names, appearance, attire, and gift giving practices of the world's winter solstice gift givers differ greatly, they are all recognizable as Santa, the personification of the Christmas and Midwinter festivals.
