These two volumes provide a comprehensive documentation of the creative processes which underlie Santiago Calatrava's diverse and prolific architectural output featuring his personal thoughts unique documents and analyses The first volume presents Calatrava's doctoral thesis which combines the varying disciplines of engineering mathematics and architecture In the second volume three of Calatrava's key sketch books are presented capturing the essence of his more experimental biomorphic surreal metaphorical and analogical thinking In this publication the editors examine the hypothesis that both analytical and analogical tendencies are evident in Calatrava's creative work The volumes provide a unique glimpse into the mind of this architect where opposites seem to form a rare synthesis and give rise to works of the highest quality

Santiago Calatrava Santiago Calatrava,2004 No architect is hotter than Spaniard Santiago Calatrava whose soaring inspirational work grabbed international attention at the Athens Olympic Games This sketchbook presents 30 projects over Calatrava's entire career including his extraordinary bridges through his watercolor drawings building models and photos of the finished projects Includes a CD documenting 30 more projects including sculpture and furniture Santiago Calatrava Santiago Calatrava,Mirko Zardini,Paolo Rosselli,1996 The works of the Catalan Santiago Calatrava defy classification Sculpture architecture engineering all are combined in his unique structures In fact Calatrava is known worldwide for his synthesis of the disciplines This volume reproduces his secret sketchbook written and illustrated in January and February 1995 which provides insights into his work and into the nature of the relationships between art architecture and engineering The sketchbook is a retrospective exploration of the analogies within and connections between Calatrava's buildings and projects A wealth of material on the elements on human anatomy on natural and physical forces on works of art traces Calatrava's oeuvre unencumbered by time place or function Explanatory notes link the images on each page to particular projects among the more than twenty five included are Calatrava's spectacular bridges those for the Barcelona Olympics and Seville World Expo movable structures like the 1993 sculpture for New York's Museum of Modern Art railway stations roof coverings and telecommunications towers **Santiago Calatrava** Santiago Calatrava,Cristina Carrillo de

Albornoz,2018-11-20 Illustrated by the architect and in his own words this memoir features drawings never seen outside Santiago Calatrava's studio Santiago Calatrava is an intimate insight into one of the world's most celebrated architects Calatrava first made a name for himself in the late 1980s with delicately designed structures in Zurich that seem to grow out of the earth He went on to create a series of highly innovative iconic bridges across Europe and in recent years has drawn attention for such large scale projects as the City of Arts and Sciences in his birth town of Valencia Spain and the World Transportation Hub at Ground Zero in New York Written in the first person and accompanied by a wealth of sketches never seen outside Calatrava's studio this book reveals the breadth of his influences and how they have combined with his

background in engineering and architecture to inspire his signature buildings Moving beyond a documentation of Calatrava's architectural output this book offers a rare opportunity for readers to explore the creative process of one of the world's great architects In this heartfelt memoir of an architect of singular conviction Calatrava's inspirations lessons and achievements will touch every reader whether aspiring architect or lover of art and nature
