way For a long time I gazed as the memories flooded back so real and fresh that I realised such unique experiences should not be allowed to simply fade away as the place in which they were created was fading away they must be preserved And so All the incidents in this narrative actually happened although obviously not precisely as depicted This book has not been written to extol the wonderful products which poured from the Binns Road production lines for over fifty years that has been done many times but rather it is to bring to the reader the experiences good and bad happy and sometimes traumatic of a young apprentice growing up in the legendary factory that was Meccano Except for the author most of the names have been changed to protect the innocent and the not so innocent
