Sappho History:

The Sappho History M. Reynolds, 2003-05-23 In *The Sappho History* Margaret Reynolds traces the story of the reception of Sappho's poetry and her afterlife in literature and art from the mid eighteenth century to the twentieth century For women writers in the Romantic period she symbolized possibility for the young Tennyson she was a private ancestor helping him make his own name as a poet Richly illustrated throughout *The Sappho History* provides a new view of Western culture from the Romantic period to the Modern

Searching for Sappho: The Lost Songs and World of the First Woman Poet Philip Freeman, 2016-02-15 An exploration of the fascinating poetry life and world of Sappho including a complete translation of all her poems For more than twenty five centuries all that the world knew of the poems of Sappho the first woman writer in literary history were a few brief quotations preserved by ancient male authors Yet those meager remains showed such power and genius that they captured the imagination of readers through the ages But within the last century dozens of new pieces of her poetry have been found written on crumbling papyrus or carved on broken pottery buried in the sands of Egypt As recently as 2014 yet another discovery of a missing poem created a media stir around the world The poems of Sappho reveal a remarkable woman who lived on the Greek island of Lesbos during the vibrant age of the birth of western science art and philosophy Sappho was the daughter of an aristocratic family a wife a devoted mother a lover of women and one of the greatest writers of her own or any age Nonetheless although most people have heard of Sappho the story of her lost poems and the lives of the ancient women they celebrate has never been told for a general audience *Searching for Sappho* is the exciting tale of the rediscovery of Sappho's poetry and of the woman and world they reveal

Victorian Sappho Yopie Prins, 2020-12-08 What is Sappho except a name Although the Greek archaic lyrics attributed to Sappho of Lesbos survive only in fragments she has been invoked for many centuries as the

original woman poet singing at the origins of a Western lyric tradition Victorian Sappho traces the emergence of this idealized feminine figure through reconstructions of the Sapphic fragments in late nineteenth century England Yopie Prins argues that the Victorian period is a critical turning point in the history of Sappho's reception what we now call Sappho is in many ways an artifact of Victorian poetics Prins reads the Sapphic fragments in Greek alongside various English translations and imitations considering a wide range of Victorian poets male and female famous and forgotten who signed their poetry in the name of Sappho By declining the name in each chapter the book presents a theoretical argument about the Sapphic signature as well as a historical account of its implications in Victorian England Prins explores the relations between classical philology and Victorian poetics the tropes of lesbian writing the aesthetics of meter and nineteenth century personifications of the Poetess as current scholarship on Sappho and her afterlife Offering a history and theory of lyric as a gendered literary form the book is an exciting and original contribution to Victorian studies classical studies comparative literature and women's studies

Exploring the Contributions of Women in the History of Philosophy, Science, and Literature, Throughout Time Chelsea C. Harry, George N. Vlahakis, 2023-09-30 This book explores contributions by some of the most influential women in the history of philosophy science and literature Ranging from Sappho and Sophie Germain to Stebbing and Evelyn Fox Keller this work ultimately demonstrates the impact these non canonical sometimes unknown or hidden sources had or may have had on the recognized male leaders in their fields from Aristotle to Pascal Kant Whitehead and Russell Chapters reflect philosophical pluralism both analytic and continental themes and cover figures reaching across the entire history of ideas in the West from pre historic times to the twentieth century Anyone interested in coming to know or in preparing to teach women in the history of philosophy science and literature will appreciate this collection and its myriad insights into the still unrecognized voices of non canonical sources across these disciplines

Sappho Is Burning Page duBois, 1995-12 She is a woman but also an aristocrat a Greek but one turned toward Asia a poet who writes as a philosopher before philosophy a writer who speaks of sexuality that can be identified neither with Michel Foucault's account of Greek sexuality nor with many versions of contemporary lesbian sexuality She is named the tenth muse yet the nine books of her poetry survive only in fragments She disorients troubles undoes many certitudes in the history of poetry the history of philosophy the history of sexuality

Beyond the Gibson Girl Martha H. Patterson, 2010-10-01 Challenging monolithic images of the New Woman as white well educated and politically progressive this study focuses on important regional ethnic and sociopolitical differences in the use of the New Woman trope at the turn of the twentieth century Using Charles Dana Gibson's Gibson Girls as a point of departure Martha H Patterson explores how writers such as Pauline Hopkins Margaret Murray Washington Sui Sin Far Mary Johnston Edith Wharton Ellen Glasgow and Willa Cather challenged and redeployed the New Woman image in light of other new conceptions the New Negro Woman the New Ethics the New South and the New China As she appears in these writers works the New Woman both promises and threatens to effect sociopolitical change as a consumer an instigator of

evolutionary and economic development and for writers of color an icon of successful assimilation into dominant Anglo American culture Examining a diverse array of cultural products Patterson shows how the seemingly celebratory term of the New Woman becomes a trope not only of progressive reform consumer power transgressive femininity modern energy and modern cure but also of racial and ethnic taxonomies social Darwinist struggle imperialist ambition assimilationist pressures and modern decay Re-Reading Sappho Ellen Greene,1996 The essays in this volume review the seemingly endless permutations wrought on Sappho through centuries of readings and re writings **A History of Greek Literature** Frank Byron Jevons,1886 **Misreading Anita Brookner** Peta Mayer,2020 Anita Brookner was known for writing boring books about lonely single women Misreading Anita Brookner unlocks the mysteries of the Brookner heroine by creating entirely new ways to read six Brookner novels Drawing on diverse intertextual sources Peta Mayer illustrates how Brookner s solitary twentieth century women can also be seen as variations of queer nineteenth century male artist archetypes A history of Greek literature ... to the death of Demosthenes Frank Byron Jevons,1889 Dictionary of World Biography Frank Northen Magill,Alison Aves,2003-01-23 Containing 250 entries each volume of theDictionary of World Biographycontains examines the lives of the individuals who shaped their times and left their mark on world history Much more than a Who s Who each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements and conclude with a fully annotated bibliography The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history Any student in the field will want to have one of these as a handy reference companion **Moved by Love** Mary D. Sheriff,2008-10-30 In eighteenth century France the ability to lose oneself in a character or scene marked both great artists and ideal spectators Yet it was thought this same passionate enthusiasm if taken to unreasonable extremes could also lead to sexual deviance mental illness even death Women and artists were seen as especially susceptible to these negative consequences of creative enthusiasm and women artists doubly so Mary D Sheriff uses these very different visions of enthusiasm to explore the complex interrelationships among creativity sexuality the body and the mind in eighteenth century France Drawing on evidence from the visual arts literature philosophy and medicine she portrays the deviance ascribed to both inspired men and women But while various mythologies worked to normalize deviance in male artists women had no justification for their deviance For instance the mythical sculptor Pygmalion was cured of an abnormal love for his statue through the making of art He became a model for creative artists living happily with his statue come to life No happy endings though were imagined for such inspired women writers as Sappho and Heloise who burned with erotomania their art could not quench Even so Sheriff demonstrates the perceived connections among sexuality creativity and disease also opened artistic opportunities for creative women took full advantage of them Brilliantly reassessing the links between sexuality and creativity artistic genius and madness passion and reason

Moved by Love will profoundly reshape our view of eighteenth century French culture Identifying Marks Jennifer Putzi,2012-06-01 What we know of the marked body in nineteenth century American literature and culture often begins with The Scarlet Letter s Hester Prynne and ends with Moby Dick s Queequeg This study looks at the presence of marked men and women in a more challenging array of canonical and lesser known works including exploration narratives romances and frontier novels Jennifer Putzi shows how tattoos scars and brands can function both as stigma and as emblem of healing and survival thus blurring the borderline between the biological and social the corporeal and spiritual Examining such texts as Typee Uncle Tom s Cabin Captivity of the Oatman Girls The Morgesons Iola Leroy and Contending Forces Putzi relates the representation of the marked body to significant events beliefs or cultural shifts including tattooing and captivity romantic love the patriarchal family and abolition and slavery Her particular focus is on both men and women of color as well as white women in other words bodies that did not signify personhood in the nineteenth century and thus by their very nature were grotesque Complicating the discourse on agency power and identity these texts reveal a surprisingly complex array of representations of and responses to the marked body some that are a product of essentialist thinking about race and gender identities and some that complicate critique or even rebel against conventional thought *Elizabeth Barrett Browning: Selected Poems* Elizabeth Barrett Browning,2009-07-30 One of the leading poets of the nineteenth century Elizabeth Barrett Browning had a profound influence on her contemporaries and on writers that followed her This edition provides a rich and varied selection of Barrett Browning s poetry including relatively neglected material from her early career and works never before included in editions of her poetry The edition is comprehensively annotated and includes a critical introduction detailed headnotes for each poem also provide the reader with a deep understanding of the historical biographical and literary contexts in which the poems were written The extensive appendices include reviews and criticism and material on factory reform and slavery as well as religion and the Italian Question Black Nationalism in the New World Robert Carr,2002-10-18 Provides new insight into the development of black nationalism by examining the intersection of African American and West Indian nationalist literatures
