and Federico Fellini but Zetterling had a distinct style alternately radical and reactionary that straddled the gendered divide between high art and mass culture Tackling themes of sexuality isolation and creativity her documentaries short and feature films and television works are visually striking Her oeuvre provoked controversy and scandal through her sensational representations of reproduction and motherhood Mariah Larsson provides a lively and authoritative take on Zetterling s legacy and complicated position within film and women s history A Cinema of Obsession provides necessary perspective on how the breadth of an artist s collected works keeps gatekeepers from recognizing their achievements and questions why we still distinguish between national and global visual cultures and the big and small screens in the MeToo era Catalog of Copyright Entries ,1920 **The American-Scandinavian Review** ,1927
