Sara's Father:

Sara's Father Jennifer Mikels, 2012-07-16 Sara's Father Once skinny Erin Delaney and popular Sam Stone shared teenage high jinks loads of laughter and a breathless tentative passion But their futures had lain far afield wrenching Erin away wedding Sam to Erin's sister And what might have been never was Now an endless decade later Erin again plunged deep into Sam's unforgettable gaze over the head of a feisty motherless tot who called Sam Daddy Irrepressible little Sara stole Erin's heart yet made her ache with secret sorrow Now with Sara's every hungry smile and Sam's tormenting touches the past haunted Erin taunted her with what might never be The Mysterious Disappearance of The Sara Ann Drac Von Stoller, It was one of the happiest days of Sara Ann's life it was spring break and her father bought a new boat He wanted to surprise his daughter and take her on her first trip on a boat in the ocean Sara lost her mother a few years ago to cancer and her father took it hard and knew in his heart no other woman could ever fill that hole in his heart so he just focused on his only daughter Sara Ann and made sure she never did without and always put her first because Sara was very close to her mother and he had not always been around because of working so many hours at his job and decided to do the best he could to raise her in a loving home so she could grow up and be the best person she could like her mother Sara's father bought the boat so he could spend more time with his daughter and let her see the beauty of the ocean even though it was short lived Sara's father blindfolded his daughter and took her to his barn where he hid the boat from Sara for a surprise When Sara entered the barn her father took off the blindfold and Sara said It's beautiful father Then her father said I've got another surprise and he took her by the hand around the other side of the boat and said You can open your eyes now Sara cried tears of joy and said That's my name Her father chimed in and said I named the boat after you because when you were born it was the happiest day of your mom and I lives Sara gave her dad a hug and thanked him Her father said Why don't we take it for a spin Sara said That would be so cool I can only be gone for an hour because I promised my friends I would go with them on our spring break Her father replied That's fine I know you're excited about going on this trip and there will always be more trips on the boat in the days to come Remember I was young once too and I could not wait to go on spring break with my friends so no big deal Sara's father hooked up the boat to his truck and the two drove happily to the dock and set sail in the ocean on a clear beautiful sunny day Even though Sara's father read the stories about the Bermuda Triangle he just thought they were all explainable and not mysterious disappearances as were written about in many books *The Sarabande of Sara's Band* Larysa Denysenko, 2018-01-01 Sarabande is a novel presented mostly through the rapid fire interactions of the characters in one on one situations or in small groups Most of the novel revolves around the male protagonist the journalist Pavlo Dudnyk who takes his schoolhood friend Sara Polonsky as his second wife Sara who blossomed from an inconspicuous overweight adolescent into a vivacious woman used to mock him in school with the nickname Underbutt for his bony derriere that always needed padding on the classroom chairs When Pavlo marries Sara he doesn't realize at first that he's also

married into her extended family Sara's band of Polonskys with their myriad quirks and manifestations of peculiar behavior

systems theory and developmental psychology the authors present a new framework for the study and education of children who are at risk This framework the Contextual Systems Model creates a dialogue between the child and schooling through which meaning goals and experiences are shared and accepted Sara Coleridge J. Barbeau,2014-06-18 Known as the daughter of Samuel Taylor Coleridge Sara Coleridge s manuscripts letters and other writings reveal an original thinker in dialogue with major literary and cultural figures of nineteenth century England Here her writings on beauty education and faith uncover aspects of Romantic and Victorian literature philosophy and theology Sara's Story and the Impact of Alzheimer's Gene F. Ostrom, Gene Ostrom,2008-06 Sara would choose to be remembered for the person she was a whole person having lived a full productive life She was far more than one who succumbed to Alzheimer s disease Her story is of one who overcame obstacles by virtue of her inherent gifts She made her mark as a faithful wife mother and exemplary educator In her chosen field of speech therapy she was trained by pioneering professionals who found in her the perfect disciple Sara touched the lives directly and indirectly of many thousands of children in a vital way That way was through helping children and youth to build their speech and language skills She constantly emphasized the pragmatics of communication communication that was practical effective and facilitative of positive interpersonal relationships She had health problems to contend with and she did so with courage In later life she was able to deal with Alzheimer s in a dignified way She had the aid of others in doing so Particularly she had her husband who stood by her demonstrating the power of love The story of this love is told dramatically through her husband s journal written during the crucial years of their battle with this tragic disease *Displaced Memories* M. Edurne Portela,2009 *Displaced Memories* analyzes the representation of traumatic memories political imprisonment torture survival and exile in the literary works of Alicia Kozameh Alicia Partnoy and Nora Strejilevich survivors of Argentina s Dirty War 1976 1983 Beginning with an examination of the history of Argentina s last dictatorship the conditions that led the authors to exile and the contexts in which the texts were published Portela provides the theoretical tools for the understanding of narratives of trauma and displacement caused by political violence The author proposes a theory that critiques post structuralist paradigms of trauma which present trauma as an unclaimed experience impossible to apprehend as she argues for an analysis of the symbolic uses of language presenting trauma as a claimed experience that can be brought into representation and therefore create the conditions of possibility for working through **Disciplining Girls** Joe Sutliff Sanders,2011-12 At the heart of some of the most beloved children s novels is a passionate discussion about discipline love and the changing role of girls in the twentieth century Joe Sutliff Sanders traces this debate as it began in the sentimental tales of the mid nineteenth century and continued in the classic orphan girl novels of Louisa May Alcott Frances Hodgson Burnett L M Montgomery and other writers still popular today Domestic novels published between 1850 and 1880 argued that a discipline that emphasized love was the most effective and moral form These were the first best sellers in American fiction and by reimagining discipline as a technique of the heart

rather than of the whip they ensured their protagonists a secure if limited claim on power This same ideal was adapted by women authors in the early twentieth century who transformed the sentimental motifs of domestic novels into the orphan girl story made popular in such novels as *Anne of Green Gables* and *Pollyanna* Through close readings of nine of the most influential orphan girl novels Sanders provides a seamless historical narrative of American children's literature and gender from 1850 until 1923 He follows his insightful literary analysis with chapters on sympathy and motherhood two themes central to both American and children's literature and concludes with a discussion of contemporary ideas about discipline abuse and gender *Disciplining Girls* writes an important chapter in the history of American women's and children's literature enriching previous work about the history of discipline in America

Coining for Capital Jyotsna Kapur, 2005 This book is a welcome addition to the literature on children and the media and a most stimulating application of social theory to questions of the child in contemporary film and consumer culture Ellen Seiter author of *The Internet Playground* Children's Access Entertainment and Mis Education Since the 1980s a peculiar paradox has evolved in American film Hollywood's children have grown up and the adults are looking and behaving more and more like children In popular films such as *Harry Potter* *Toy Story* *Pocahontas* *Home Alone* and *Jumanji* it is the children who are clever savvy and self sufficient while the adults are often portrayed as bumbling and ineffective Is this transformation of children into little adults an invention of Hollywood or a product of changing cultural definitions more broadly In *Coining for Capital* Jyostna Kapur explores the evolution of the concept of childhood from its portrayal in the eighteenth century as a pure innocent and idyllic state the opposite of adulthood to its expression today as a mere variation of adulthood complete with characteristics of sophistication temptation and corruption Kapur argues that this change in definition is not a media effect but rather a structural feature of a deeply consumer driven society Providing a new and timely perspective on the current widespread alarm over the loss of childhood *Coining for Capital* concludes that our present moment is in fact one of hope and despair As children are fortunately shedding false definitions of proscribed innocence both in film and in life they must now also learn to navigate a deeply inequitable antagonistic and consumer driven society of which they are both a part and a target

Once Upon a Toy Kathy Merlock Jackson, Mark I. West, 2025-06-20 In the magical realm of children's play toys and stories have a rich and complex relationship In this collection contributors analyze the many types of interplay between children's toys and narrative Many of these essays explore how this relationship is portrayed in novels films and television programs Others discuss how this relationship is shaped by broader historical and cultural narratives Still other essays discuss how children create their own stories while playing with toys Taken together the essays speak to the myriad ways that toys are represented in popular narratives and provide insights into the meanings that toys hold for children adults and society

Africa's Hidden Histories Karin Barber, 2006 *Africa's Hidden Histories* takes a private and personal look into the world of everyday Africans as they put pen to paper As it explores the innovative intense and sociable interest in reading and writing the text opens new

avenues for understanding a rich and hidden history of Africa's creative expression *Fulfillment* Alec MacGillis, 2021-03-16
A New York Times Book Review Editors Choice A grounded and expansive examination of the American economic divide It takes a skillful journalist to weave data and anecdotes together so effectively Carolyn Kellogg Los Angeles Times An award winning journalist investigates Amazon's impact on the wealth and poverty of towns and cities across the United States In 1937 the famed writer and activist Upton Sinclair published a novel bearing the subtitle A Story of Ford America He blasted the callousness of a company worth a billion dollars that underpaid its workers while forcing them to engage in repetitive and sometimes dangerous assembly line labor Eighty three years later the market capitalization of Amazon.com has exceeded one trillion dollars while the value of the Ford Motor Company hovers around thirty billion We have it seems entered the age of one click America and as the coronavirus makes Americans more dependent on online shopping its sway will only intensify Alec MacGillis's *Fulfillment* is not another inside account or exposé of our most conspicuously dominant company Rather it is a literary investigation of the America that falls within that company's growing shadow As MacGillis shows Amazon's sprawling network of delivery hubs data centers and corporate campuses epitomizes a land where winner and loser cities and regions are drifting steadily apart the civic fabric is unraveling and work has become increasingly rudimentary and isolated Ranging across the country MacGillis tells the stories of those who've thrived and struggled to thrive in this rapidly changing environment In Seattle high paid workers in new office towers displace a historic black neighborhood In suburban Virginia homeowners try to protect their neighborhood from the environmental impact of a new data center Meanwhile in El Paso small office supply firms seek to weather Amazon's takeover of government procurement and in Baltimore a warehouse supplants a fabled steel plant *Fulfillment* also shows how Amazon has become a force in Washington D.C. ushering readers through a revolving door for lobbyists and government contractors and into CEO Jeff Bezos's lavish Kalorama mansion With empathy and breadth MacGillis demonstrates the hidden human costs of the other inequality not the growing gap between rich and poor but the gap between the country's winning and losing regions The result is an intimate account of contemporary capitalism its drive to innovate its dark pitiless magic its remaking of America with every click **31**

Refugees' Roles in Resolving Displacement and Building Peace Megan Bradley, James Milner, Blair Peruniak, 2019-06-01. How are refugee crises solved? This has become an urgent question as global displacement rates continue to climb and refugee situations now persist for years if not decades. The resolution of displacement and the conflicts that force refugees from their homes is often explained as a top-down process led and controlled by governments and international organizations. This book takes a different approach. Through contributions from scholars working in politics, anthropology, law, sociology, and philosophy, and a wide range of case studies, it explores the diverse ways in which refugees themselves interpret, create, and pursue solutions to their plight. It investigates the empirical and normative significance of refugees' engagement as agents in these processes and their implications for research, policy, and practice. This book speaks both to academic debates and to the broader community of peacebuilding, humanitarian, and human rights scholars concerned with the nature and dynamics of agency in contentious political contexts and identifies insights that can inform policy and practice.

The Matchmaker's Gift Lynda Cohen Loigman, 2022-09-20. Named a Best Book of Fall 2022 by Parade, BuzzFeed, New York Post, GMA.com, People. Loigman's latest is a gem. A scrappy Jewish teenager newly arrived in 1920s New York struggles to follow her calling as a matchmaker; seventy years later, her cynical divorce attorney granddaughter realizes she has very inconveniently inherited the family gift for matching soulmates. Both funny and moving, *The Matchmaker's Gift* made me smile from start to finish. Kate Quinn, New York Times bestselling author of *The Rose Code*. Is finding true love a calling or a curse? Even as a child in 1910, Sara Glikman knows her gift: she is a maker of matches and a seeker of soulmates. But among the pushcart-crowded streets of New York's Lower East Side, Sara's vocation is dominated by devout older men, men who see a talented female matchmaker as a dangerous threat to their traditions and livelihood. After making matches in secret for more than a decade, Sara must fight to take her rightful place among her peers and to demand the recognition she deserves. Two generations later, Sara's granddaughter Abby is a successful Manhattan divorce attorney representing the city's wealthiest clients. When her beloved Grandma Sara dies, Abby inherits her collection of handwritten journals recording the details of Sara's matches. But among the faded volumes, Abby finds more questions than answers: Why did Abby's grandmother leave this library to her, and what did she hope Abby would discover within its pages? Why does the work Abby once found so compelling suddenly feel inconsequential and flawed? Is Abby willing to sacrifice the career she's worked so hard for in order to keep her grandmother's mysterious promise to a stranger? And is there really such a thing as love at first sight?
