Husband, Jonathan F. Husband, 2009-07-30 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series *The Burn Palace* Stephen Dobyns, 2014-01-28 One of the best of the best You can't ask for more than this book gives I loved it Stephen King An exquisitely unexpected delightfully believable exploration of what normal looks like when it goes through the evil looking glass Oprah.com The sleepy community of Brewster Rhode Island is just like any other small American town It's a place where most of its inhabitants will die blocks from where they were born where gossip spreads like wildfire and the big weekend entertainment is the inevitable fight at the local bar But recently something out of the ordinary perhaps even supernatural has been stirring While packs of coyotes gather and a baby is stolen and replaced with a snake a series of inexplicably violent acts confounds Detective Woody Potter and inspires terror in the locals A Richard Russo small town tableau crossed with a Stephen King thriller *The Burn Palace* is a darkly funny twisted portrait of chaos and paranoia that keeps readers guessing until the final pages Boy in the Water Stephen Dobyns, 2015-08-04 Another bucolic fall in northern New Hampshire and the semester is under way at Bishop's Hill Academy But this year the start of school has been less than tranquil The new headmaster Jim Hawthorne has liberal ideas that the staff find far from welcome eloquent as he is on the subject of honor rumor has it he's taken this job to

escape his past And Hawthorne isn't the only uneasy newcomer There's Jessica Weaver a stripper at fifteen and Frank LeBrun a replacement cook who's a bit too quick with a dirty joke All three have secrets to conceal memories to suppress Serene on the surface the ivy clad tree lined campus gives few clues to the school's history of special privileges petty corruptions and hidden allegiances And as winter closes in students teachers and staff get an education in savagery and murder With his uncanny awareness of the intricacies of human nature the acclaimed author of *The Church of Dead Girls* once again probes the daily life of an ordinary community to reveal the depths of good and evil **The Wrestler's Cruel Study** Stephen Dobyns, 2025-04-25 Wrestling kidnapping subplots from the Brothers Grimm and a young man's search for his missing fiancée are only some of the elements of Stephen Dobyns's dazzling new novel Fun and puns mingle with daring make believe Larger than life characters play out the crucial human questions How do we live How do we handle our demons

Cracking the Hard-Boiled Detective Lewis D. Moore, 2015-01-24 The hard boiled private detective is among the most recognizable characters in popular fiction since the 1920s a tough product of a violent world in which police forces are inadequate and people with money can choose private help when facing threatening circumstances Though a relatively recent arrival the hard boiled detective has undergone steady development and assumed diverse forms This critical study analyzes the character of the hard boiled detective from literary antecedents through the early 21st century It follows change in the novels through three main periods the Early roughly 1927-1955 during which the character was defined by such writers as Carroll John Daly Dashiell Hammett and Raymond Chandler the Transitional evident by 1964 in the works of John D MacDonald and Michael Collins and continuing to around 1977 via Joseph Hansen Bill Pronzini and others and the Modern since the late 1970s during which such writers as Loren D Estleman Liza Cody Sara Paretsky Sue Grafton and many others have expanded the genre and the detective character Themes such as violence love and sexuality friendship space and place and work are examined throughout the text Instructors considering this book for use in a course may request an examination copy here **Best Words, Best Order** S. Dobyns, 2016-04-30 In this new edition of *Best Words Best Order* Stephen Dobyns further explains the mystery of the poet's work Through essays on memory and metaphor pacing and the intricacies of voice and tone and thoughtful appreciations of Chekhov Ritsos Mandelstam and Rilke Dobyns guides readers and writers through poetry's mysterious twilight communiques For this new second edition Dobyns has added two new essays one dealing with the idea of beauty in poetry and another dealing with the almost mystical way poets connect seemingly disparate elements in a single work
