Haynes,2012-03-12 A history of artisan production in colonial and post independence India and its role in the country s society and economics **Reading Cultural Representations of the Double Diaspora** Maya Parmar,2019-08-08 Reading Cultural Representations of the Double Diaspora Britain East Africa Gujarat is the first detailed study of the cultural life and representations of the prolific twice displaced Gujarati East African diaspora in contemporary Britain An exceptional community of people this diaspora is disproportionately successful and influential in resettlement both in East Africa and Britain Often showcased as an example of migrant achievement their accomplishments are paradoxically underpinned by legacies of trauma and deracination The diaspora despite its economic success and considerable upward social mobility in Britain has until now been overlooked within critical literary and postcolonial studies for a number of reasons This book attends to that gap Parmar uniquely investigates what it is to be not just from India but too Africa how identity forms within as the study coins the double diaspora Parmar focuses on cultural representation post twice migration via an interdisciplinary methodology offering new contributions to debates within diaspora studies In doing so the book examines a range of cultures produced amongst or about the diaspora including literary representations culinary dance and sartorial practices as well as visual materials *The Lives of Others* Neel Mukherjee,2025-04-25 Shortlisted for the Man Booker Prize this dazzling Entertainment Weekly saga of epic scope is both a family and a political drama The aging patriarch and matriarch of the Ghosh family preside over their large household made up of their five adult children and their respective children unaware that beneath the barely ruffled surface of their lives the sands are shifting Each set of family members occupies a floor of the home in accordance to their standing within the family Poisonous rivalries between sisters in law destructive secrets and the implosion of the family business threaten to unravel bonds of kinship as social unrest brews in greater Indian society This is a moment of turbulence of inevitable and unstoppable change the chasm between the generations and between those who have and those who have not has never been wider The eldest grandchild Supratik compelled by his idealism becomes dangerously involved in extremist political activism an action that further catalyzes the decay of the Ghosh home Ambitious rich and compassionate *The Lives of Others* anatomizes the soul of a nation as it unfolds a family history at the same time as it questions the nature of political action and the limits of empathy It is a novel of

unflinching power and emotional force Fashion and Cultural Studies Susan B. Kaiser, Denise N. Green, 2021-11-04
 Bridging theory and practice this accessible text considers fashion from both cultural studies and fashion studies perspectives and addresses the growing interaction between the two fields Kaiser and Green use a wide range of cross cultural case studies to explore how race ethnicity class gender and other identities intersect and are produced through embodied fashion Drawing on intersectionality in feminist theory and cultural studies Fashion and Cultural Studies is essential reading for students and scholars This revised edition includes updated case studies and two new chapters The first new chapter explores religion spirituality and faith in relation to style fashion and dress The second offers a critique of beauty and considers dressed embodiment inclusive of diverse sizes shapes and disabilities Throughout the text Kaiser and Green use a range of examples to interrogate the complex entanglements of production regulation distribution consumption and subject formation within and through fashion Creative Destruction Tyler Cowen, 2009-01-10 A Frenchman rents a Hollywood movie A Thai schoolgirl mimics Madonna Saddam Hussein chooses Frank Sinatra's My Way as the theme song for his fifty fourth birthday It is a commonplace that globalization is subverting local culture But is it helping as much as it hurts In this strikingly original treatment of a fiercely debated issue Tyler Cowen makes a bold new case for a more sympathetic understanding of cross cultural trade Creative Destruction brings not stale suppositions but an economist's eye to bear on an age old question Are market exchange and aesthetic quality friends or foes On the whole argues Cowen in clear and vigorous prose they are friends Cultural destruction breeds not artistic demise but diversity Through an array of colorful examples from the areas where globalization's critics have been most vocal Cowen asks what happens when cultures collide through trade whether technology destroys native arts why and whether Hollywood movies rule the world whether globalized culture is dumbing down societies everywhere and if national cultures matter at all Scrutinizing such manifestations of indigenous culture as the steel band ensembles of Trinidad Indian handweaving and music from Zaire Cowen finds that they are more vibrant than ever thanks largely to cross cultural trade For all the pressures that market forces exert on individual cultures diversity typically increases within society even when cultures become more like each other Trade enhances the range of individual choice yielding forms of expression within cultures that flower as never before While some see cultural decline as a half empty glass Cowen sees it as a glass half full with the stirrings of cultural brilliance Not all readers will agree but all will want a say in the debate this exceptional book will stir **Aphrodite's Tortoise** Lloyd Llewellyn-Jones, 2003-12-31 Greek women routinely wore the veil That is the unexpected finding of this meticulous study one with interesting implications for the origins of Western civilisation The Greeks popularly and rightly credited with the invention of civic openness are revealed as also part of a more Eastern tradition of seclusion Llewellyn Jones work proceeds from literary and notably from iconographic evidence In sculpture and vase painting it demonstrates the presence of the veil often covering the head but also more unobtrusively folded back onto the shoulders This discreet fashion not only gave a privileged view of the face to

the ancient art consumer but also incidentally allowed the veil to escape the notice of traditional modern scholarship From Greek literary sources the author shows that full veiling of the head and face was commonplace He analyses the elaborate Greek vocabulary for veiling and explores what the veil meant to achieve He shows that the veil was a conscious extension of the house and was often referred to as tegidion literally a little roof Veiling was thus an ingenious compromise it allowed women to circulate in public while maintaining the ideal of a house bound existence Alert to the different types of veil used the author uses Greek and more modern evidence mostly from the Arab world to show how women could exploit and subvert the veil as a means of eloquent sometimes emotional communication First published in 2003 and reissued as a paperback in 2010 Llewellyn Jones book has established itself as a central and inspiring text for the study of ancient women **Pop Culture in Asia and Oceania** Jeremy A. Murray, Kathleen Nadeau, 2016-08-15 This ready reference is a comprehensive guide to pop culture in Asia and Oceania including topics such as top Korean singers Thailand's sports heroes and Japanese fashion This entertaining introduction to Asian pop culture covers the global superstars music idols blockbuster films and current trends from the eclectic to the underground of East Asia and South Asia including China Japan Korea India the Philippines Thailand Vietnam and Pakistan as well as Oceania The rich content features an exploration of the politics and personalities of Bollywood a look at how baseball became a huge phenomenon in Taiwan and Japan the ways in which censorship affects social media use in these regions and the influence of the United States on the movies music and Internet in Asia Topics include contemporary literature movies television and radio the Internet sports video games and fashion Brief overviews of each topic precede entries featuring key musicians songs published works actors and actresses popular websites top athletes video games and clothing fads and designers The book also contains top ten lists a chronology of pop culture events and a bibliography Sidebars throughout the text provide additional anecdotal information *История текстильного искусства и костюма.
