Sartre And The Sacred

**Geoffrey D. Dunn, Darius von Guttner
Sporzynski**

Sartre And The Sacred:

Sartre and the Sacred Thomas Mulvihill King, 1974 **On the Ontology of the Sacred (and the Profane)** Raymond Aaron Younis, 2020-11-17 This book examines and clarifies the nature meaning significance and vitality of the sacred and the profane in relation to some of the diverse religions of the world and the rich and multifarious traditions of the sacred in many cultures and times in the context of ontology broadly the philosophical study or investigation of being It provides incisive critical analyses and evaluations of many important contributions to our understanding of the sacred and the holy especially in relation to the world s religions religious experience religious insight or knowledge metaphysics mythology and mysticism A number of important theories and explanations are also critically analyzed and evaluated including the numinous theory of the sacred and the holy Otto the psychodynamic theory Freud the sociological theory Durkheim empirical theories Russell and Ayer the ontological question Heidegger and the hierophantic theory Eliade among others The book concludes with a number of reflections on the ontology of the sacred and the profane in relation to philosophy and science that will open up new pathways of thinking reflection and investigation in the 21st century The Sacred and the Political Elisabetta Brighi, Antonio Cerella, 2016-07-28 What is the relationship between the sacred and the political transcendence and immanence religion and violence And how has this complex relation affected the history of Western political reason In this volume an international group of scholars explore these questions in light of mimetic theory as formulated by Ren Girard 1923 2015 one of the most original thinkers of our time From Aristotle and his idea of tragedy passing through Machiavelli and political modernity up to contemporary biopolitics this work provides an indispensable guide to those who want to assess the thorny interconnections of sacrality and politics in Western political thought and follow an unexplored yet critical path from ancient Greece to our post secular condition While looking at the past this volume also seeks to illuminate the future relevance of the sacred secular divide in the so called age of globalization The Religious Philosophy of Roger Scruton James Bryson, 2016-01-28 In his most recent work the contemporary philosopher Roger Scruton has turned his attention to religion Although a religious sensibility ties together his astonishingly prodigious and dynamic output as a philosopher poet and composer his recent exploration of religious and theological themes from a philosophical point of view has excited a fresh response from scholars This collection of writings addresses Scruton s challenging and subtle philosophy of religion for the first time The volume includes contributions from those who specialize in the philosophy of religion the history of thought and culture aesthetics and church history The collection is introduced by Mark Dooley author of two books on Scruton and includes a response to the writings from Scruton himself in which he develops his idea of the sacred and the erotic and defends the integrity of his work as an attempt to give a sense of the Lebenswelt or lifeworld how humans experience the world He argues that religion emerges from that experience and transforms us from beings bound by causal necessity into persons who acknowledge freedom obligation and right A unique and fascinating collection of writings that sheds light on

this hitherto unexplored aspect of Roger Scruton's philosophy

Versions of Deconversion John D. Barbour, 1994 In *Versions of Deconversion* John Barbour examines the work of a broad selection of authors in order to discover the reasons for their loss of faith and to analyze the ways in which they have interpreted that loss. For some the experience of deconversion led to another religious faith; some turned to atheism or agnosticism; and others used deconversion as a metaphor or analogy to interpret an experience of personal transformation. The loss of faith is closely related to such vital ethical and theological concerns as the role of conscience, the assessment of religious communities, the dialectical relationship between faith and doubt, and the struggle to reconcile faith with intellectual and moral integrity. This book shows the persistence and the vitality of the theme of deconversion in autobiography and it demonstrates how the literary form and structure of autobiography are shaped by ethical critique and religious reflection. *Versions of Deconversion* should appeal at once to scholars in the fields of religious studies and theology, who are concerned with narrative texts, to literary critics and specialists on autobiography, and to a wider audience interested in the ethical and religious significance of autobiography.

Spiritual Traditions and the Virtues Mark R. Wynn, 2020-06-30 *Spiritual Traditions and the Virtues* develops a philosophical appreciation of the spiritual life. The book shows how a certain conception of spiritual good, one that is rooted in Thomas Aquinas's account of infused moral virtue, can generate a distinctive vision of human life and the possibilities for spiritual fulfilment. Wynn examines the character of the goods to which spiritual traditions are directed, the structure of such traditions, including the connection between their practical and creedal commitments, the relationship between the various vocabularies that are used to describe from the insider's perspective progress in the spiritual life, the significance of tradition as an epistemic category, and the question of what it takes for a spiritual tradition to be handed on from one person to another. In his account of the virtues Aquinas shows how our relations to the everyday world can be folded into our relationship to the divine or sacred reality, otherwise conceived. In this sense he offers a vision of how it is possible to live between heaven and earth. *Spiritual Traditions and the Virtues* considers how that vision can be extended across the central domains of human thought and experience, and how it can deepen and diversify our understanding of what it is for a human life to be lived well.

Journal of the Australian Early Medieval Association Geoffrey D. Dunn, Darius von Guttner, Sporzynski, 2018-11-01 The journal welcomes papers on historical, literary, archaeological, cultural, and artistic themes, particularly interdisciplinary papers, and those that make an innovative and significant contribution to the understanding of the early medieval world and stimulate further discussion. For submission details, please see the association website www.aema.net.au. Submissions then may be sent to journal.aema.net.au.

Fanaticism Alberto Toscano, 2017-08-29 A genealogy of fanaticism, unearthing its long history before it became a tool in the Clash of Civilizations. It is commonplace to hear fanaticism described as a deviant or extreme variant of an already irrational set of religious beliefs, an assertion that helps to demonize convictions outside political orthodoxy. Alberto Toscano's compelling and erudite counter-history explodes this accepted convention by exploring the

critical role fanaticism played in the formation of modern politics and the liberal state Showing how fanaticism results from a failure to formulate an adequate emancipatory politics this illuminating history sheds new light on an idea that continues to dominate debates about faith and secularism This expanded edition includes new material that revisits the idea of fanaticism as it operates at the limits of the liberal political imaginary highlighting its relation to fraternal violence political purity and the refusal of compromise as well as its centrality to times of social crisis and international conflict **Encyclopedia of Religion** ,2005 *Jean-Paul Sartre's Anarchist Philosophy* William L. Remley,2018-02-22 The influence of anarchists such as Proudhon and Bakunin is apparent in Jean Paul Sartre's political writings from his early works of the 1920s to *Critique of Dialectical Reason* his largest political piece Yet scholarly debate overwhelmingly concludes that his political philosophy is a Marxist one In this landmark study William L Remley sheds new light on the crucial role of anarchism in Sartre's writing arguing that it fundamentally underpins the body of his political work Sartre's political philosophy has been infrequently studied and neglected in recent years Introducing newly translated material from his early oeuvre as well as providing a fresh perspective on his colossal *Critique of Dialectical Reason* this book is a timely reinvigoration of this topic It is only in understanding Sartre's anarchism that one can appreciate the full meaning not only of the *Critique* but of Sartre's entire political philosophy This book sets forth an entirely new approach to Sartre's political philosophy by arguing that it espouses a far more radical anarchist position than has been previously attributed to it In doing so Jean Paul Sartre's *Anarchist Philosophy* not only fills an important gap in Sartre scholarship but also initiates a much needed revision of twentieth century thought from an anarchist perspective *The French Revolution in Theory* Sophie Wahnich,2022-03-04 It is time to reexamine the French Revolution as a political resource The historiography has so far ignored the question of popular sovereignty and emancipation instead the Revolution has been vilified as a matrix of totalitarianisms by the liberals and as an ethnocentric phenomenon by postcolonial studies This book examines why More so than historians it is philosophers that have played the leading role in the portrayal of this major event in French political history The philosophical quarrels of the 1960s placed the French Revolution at the heart of their debates The most well documented among these is the conflict between Jean Paul Sartre and Claude Lévi Strauss and subsequently Michel Foucault Do we need an ethics of the history of the French Revolution Rancière Derrida Balibar Lefort Robin and Loraux can help answer this question in an epistemological approach to history These successive explorations allow us to move away from a myth of identity and to rediscover a real Revolution capable of offering Enlightenment and political utility and interrogating what democracy and emancipation mean for us today **Yale French Studies, Number 135-136** Lauren Du Graf,Julia Elsky,Clémentine Fauré,2020-01-07 Focused on existentialism this issue explores current writers thinkers and texts affiliated with the movement In 1948 Yale French Studies devoted its inaugural issue to existentialism This anniversary issue responds seventy years later In recent years new critical and theoretical approaches have reconfigured existentialism and refreshed perspectives on the philosophical literary

and stylistic movement This special issue restores the writers thinkers and texts of the movement to their subversive strength In so doing it illustrates existentialism s present relevance revealing how the concerns of the past urgently bristle into our own times

Sartre and Psychoanalysis Betty Cannon,1991 Betty Cannon is the first to explore the implications of Sartrean philosophy for the Freudian psychoanalytic tradition Drawing upon Sartre s work as well as her own experiences as a practicing therapist she shows that Sartre was a fellow traveler who appreciated Freud s psychoanalytic achievements but rebelled against the determinism of his metatheory The mind Sartre argued cannot be reduced to a collection of drives and structures nor is it enslaved to its past as Freud s work suggested Sartre advocated an existentialist psychoanalysis based on human freedom and the self s ability to reshape its own meaning and value Through the Sartrean approach Cannon offers a resolution to the crisis in psychoanalytic metatheory created by the current emphasis on relational needs By comparing Sartre with Freud and influential post Freudians like Melanie Klein Otto Kernber Margaret Mahler D W Winnicott Heinz Kohut Harry Stack Sullivan and Jacques Lacan she demonstrates why the Sartrean model transcends the limitations of traditional Freudian metatheory In the process she adds a new dimension to our understanding of Sartre and his place in twentieth century philosophy

Philosophy's Violent Sacred Duane Armitage,2021-04-01 Continental and postmodern thinking has misidentified the source of violence as originating from Western metaphysics It has further failed to acknowledge the Judeo Christian source of its ethic the ethic of concern for victims In this volume Duane Armitage attempts a critique of continental philosophy and postmodernism through the lens of Ren Girard s mimetic theory This critique is directed primarily at the philosophies of Nietzsche and Heidegger both among the foremost representatives of continental and postmodern thought Armitage argues that Girard s engagement with Heidegger and Nietzsche radically alters many of the axioms of current postmodern continental philosophy in particular the overcoming of metaphysics on the theoretical level and continental philosophy s tacit commitments to neo Marxism on the practical level Detailed attention to the implications of Girard s philosophical thought results in a paradigm shift that deals perhaps a deadly blow to continental and postmodern thinking Armitage further argues that Girard s thinking solves the very problems that continental and postmodern thinking sought but failed to solve namely the problems of violence and victimization particularly within the context of the aftermath of the Second World War Ultimately this volume shows that at the heart of postmodern thinking lies an entanglement with the violent sacred

Democratic Ideal and the Shoah, The , Meaning and Myth in the Study of Lives Stuart L. Charmé,2015-09-30 This book explores major theoretical issues in the study of an individual life through its focus on Jean Paul Sartre Sartre s quest for an existential psychoanalysis led him to develop what he called true novels in the landmark studies of Flaubert and others In clarifying Sartre s philosophical ideas in relation to the analysis of the self Stuart L. Charmé examines the attraction repulsion of Freudian concepts and explores parallels to Erikson s ego psychology Certain mythic qualities in religious biography and autobiography are seen as central to Sartre who presents lives including his own as

normative models The book concludes by making a provocative link between the modern preoccupation with self analysis in biography and autobiography and a fundamental religious need that was once fulfilled by primitive myth **The Event of the Good** Christopher Buckman,Melissa Bradley,Jack Marsh,James McLachlan,2025-07-01 Centers on the ethics of Emmanuel Levinas aiming to understand this important thinker on his own terms To read Levinas in a Levinasian way means to understand this important thinker on his own terms thinking ethics as first philosophy without reducing his role to that of a contributor to some other discourse such as phenomenology deconstruction or religious traditions other than his own This volume offers a variety of interventions into how the priority of the ethical as formulated by Emmanuel Levinas and seconded by Richard A Cohen one of his preeminent interpreters reorients philosophy to its own questioning indeed to its very sense of itself as meaningful In the decades since Levinas first emerged as a profound and critical voice many have used his thought to illuminate a broad range of philosophical questions Often this has occurred in ways that have deemphasized or altered what is arguably Levinas s most radical gesture reframing philosophy indeed reframing the meaning of meaning via an ethical turn To this end the essays in this volume drawing especially on Cohen s reading of Levinas offer insights into how appropriations and assessments of his philosophy might become more in line with the urgency and full meaning of his notion of the ethical Whether discussing ethics aesthetics politics or Jewish thought when taken together they enhance our comprehension of ethics and Levinas s philosophy of responsibility *Trinity and Temporality* John Joseph O'Donnell,1983

Sartre's French Contemporaries and Enduring Influences William Leon McBride,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company **The Consequences of Alcoholism** Marc Galanter,2006-04-11 From the President of the Research Society on Alcoholism On behalf of the Research Society on Alcoholism I am pleased to introduce this 14th volume of Recent Developments in Alcoholism about the consequences of alcoholism Current concepts are presented in well organized sections that focus on the medical neuropsychiatric economic and biobehavioral consequences of alcoholism This volume contains up to date discussions of these issues The editors and associate editors should be congratulated for bringing together such important information This volume will be a valuable resource for investigators and therapists alike Ivan Diamond M D Ph D President Research Society on Alcoholism From the President of the American Society of Addiction Medicine On behalf of the American Society of Addiction Medicine I am pleased to announce that our society once again will cosponsor Recent Developments in Alcoholism This volume addresses the issues of age gender socioeconomy and behaviors as they relate to alcohol research and the disease of alcoholism The medical consequences of alcoholism are ably edited by Dr Charles L ber while the neuropsychiatric consequences of alcoholism are addressed by Drs Gottheil This volume is rounded out with the in depth discussion of the economic consequences of alcoholism edited by Dr Fuller and an inter tional perspective on the behavioral consequences of alcoholism edited by Dr Paredes

The book delves into Sartre And The Sacred. Sartre And The Sacred is a crucial topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Sartre And The Sacred, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Sartre And The Sacred
- Chapter 2: Essential Elements of Sartre And The Sacred
- Chapter 3: Sartre And The Sacred in Everyday Life
- Chapter 4: Sartre And The Sacred in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Sartre And The Sacred. The first chapter will explore what Sartre And The Sacred is, why Sartre And The Sacred is vital, and how to effectively learn about Sartre And The Sacred.
3. In chapter 2, the author will delve into the foundational concepts of Sartre And The Sacred. This chapter will elucidate the essential principles that must be understood to grasp Sartre And The Sacred in its entirety.
4. In chapter 3, the author will examine the practical applications of Sartre And The Sacred in daily life. The third chapter will showcase real-world examples of how Sartre And The Sacred can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Sartre And The Sacred in specific contexts. This chapter will explore how Sartre And The Sacred is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Sartre And The Sacred. The final chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Sartre And The Sacred.

Sartre And The Sacred Introduction

In today's digital age, the availability of Sartre And The Sacred books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Sartre And The Sacred books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Sartre And The Sacred books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Sartre And The Sacred versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Sartre And The Sacred books and manuals for download are incredibly

convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Sartre And The Sacred books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Sartre And The Sacred books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Sartre And The Sacred books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Sartre And The Sacred books and manuals for download and embark on your journey of knowledge?

FAQs About Sartre And The Sacred Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading

preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
