Sartre As Biographer:

The Words Jean-Paul Sartre, 1981-04-12 Jean Paul Sartre's famous autobiography of his first ten years has been widely compared to Rousseau's Confessions. Written when he was fifty-nine years old, *The Words* is a masterpiece of self-analysis. Sartre, the philosopher, novelist, and playwright, brings to his own childhood the same rigor of honesty and insight he applied so brilliantly to other authors. Born into a gentle, book-loving family and raised by a widowed mother and doting grandparents, he had a childhood which might be described as one long love affair with the printed word. *The Words* explores and evaluates the whole use of books and language in human experience. **Sartre As Biographer** Douglas Collins, 1980-01-01 **Sartre's Existential Biographies** Michael Scriven, 1983-12-15 **Existentialism and Excess: The Life and Times of Jean-Paul Sartre** Gary Cox, 2016-09-08 Jean Paul Sartre is an undisputed giant of twentieth-century philosophy. His intellectual writings popularizing existentialism combined with his creative and artistic flair have made him a legend of French thought. His tumultuous personal life so inextricably bound up with his philosophical thinking is a fascinating tale of love and lust, drug abuse, high-profile fallings out, and political and cultural rebellion. This substantial and meticulously researched biography is accessible, fast-paced, often amusing, and at times deeply moving. *Existentialism and Excess* covers all the main events of Sartre's remarkable seventy-five year life from his early years as a precocious brat devouring his grandfather's library through his time as a brilliant student in Paris, his wilderness years as a provincial teacher, writer, experimenting with mescaline, his World War II adventures as a POW and member of the resistance, his post-war politicization, his immense amphetamine-fueled feats of writing productivity, his harem of women, his many travels, and his final decline into blindness and old age. Along the way, there are countless intriguing anecdotes, some amusing, some tragic, some controversial, his loathing of crustaceans, and his belief that he was being pursued by a giant lobster, his escape from a POW camp, the bombing of his apartment, his influence on the May 1968 uprising, and his many love affairs. Cox deftly moves from these episodes to discussing his intellectual development, his famous feuds with Aron, Camus, and Merleau-Ponty, his encounters with other giant figures of his day, Roosevelt, Hemingway, Heidegger, John Huston, Mao, Castro, Che Guevara, Khrushchev, and Tito, and above all, his long, complex, and creative relationship with Simone de Beauvoir. *Existentialism and Excess* also gives serious consideration to Sartre's ideas and many philosophical works, novels, stories, plays, and biographies, revealing their intimate connection with his personal life. Cox has written an entertaining, thought-provoking, and compulsive book, much like the man himself. **Sartre** Ronald Hayman, 1992 **Sartre** Thomas R. Flynn, 2014-12-29 Jean Paul Sartre 1905-1980 was one of the most influential thinkers of the twentieth century. Regarded as the father of existentialist philosophy, he was also a political critic, moralist, playwright, novelist, and author of biographies and short stories. Thomas R. Flynn provides the first book-length account of Sartre as a philosopher of the imaginary, mapping the intellectual development of his ideas throughout his life and building a narrative that is not only philosophical but also attentive to the political and literary dimensions of his work.

Exploring Sartre's existentialism politics ethics and ontology this book illuminates the defining ideas of Sartre's oeuvre the literary and the philosophical the imaginary and the conceptual his descriptive phenomenology and his phenomenological concept of intentionality and his conjunction of ethics and politics with an egoless consciousness It will appeal to all who are interested in Sartre's philosophy and its relation to his life **Sartre** Ronald Hayman, 1987 A biography of the philosopher and activist who was for thirty five years the most influential thinker of France and the West Sartre Thomas R. Flynn, 2019-01-03 Jean Paul Sartre 1905 1980 was one of the most influential thinkers of the twentieth century Regarded as the father of existentialist philosophy he was also a political critic moralist playwright novelist and author of biographies and short stories Thomas R Flynn provides the first book length account of Sartre as a philosopher of the imaginary mapping the intellectual development of his ideas throughout his life and building a narrative that is not only philosophical but also attentive to the political and literary dimensions of his work Exploring Sartre's existentialism politics ethics and ontology this book illuminates the defining ideas of Sartre's oeuvre the literary and the philosophical the imaginary and the conceptual his descriptive phenomenology and his phenomenological concept of intentionality and his conjunction of ethics and politics with an egoless consciousness It will appeal to all who are interested in Sartre's philosophy and its relation to his life **Writing Against** Ronald Hayman, 1986 Biografie van de Franse schrijver en filosoof Jean Paul Sartre 1905 1980 Jean-Paul Sartre John Gerassi, 1989-04-25 Countless biographers have tried to unveil the real Jean Paul Sartre without his consent or cooperation Only John Gerassi the non godson of Sartre an atheist was honored with the responsibility of being Sartre's official biographer After drafting the commission with Sartre on the back of a menu at La Coupole Gerassi recorded over one hundred hours of interviews with him between 1974 and 1979 and another hundred hours with Sartre's friends colleagues and enemies Gerassi also immersed himself in Sartre's literary philosophical and personal writings Gerassi had access to all of Sartre's files unpublished manuscripts and extensive notes for planned but undelivered lectures Simone de Beauvoir gave many of Sartre's unpublished letters to Gerassi as well Sartre trusted the integrity of Gerassi so completely that he considered Gerassi's biography to be the continuation of his own autobiography Les mots As a personal friend Gerassi writes with advantages shared by no other biographer of Sartre **Sartre, Self-formation, and Masculinities** Jean-Pierre Boulé, 2005 Published on the occasion of Sartre's Centenary this book helps to understand the man behind the work offering a psycho social analysis of Jean Paul Sartre with an emphasis on his masculinity It sets out to contextualize Sartre in terms of his psycho sexual formation and processes of self constitution in view of his childhood The main period under detailed study is 1905 1945 before Sartre became the Sartre It concentrates on his early childhood his teenage years in La Rochelle the years at the Ecole Normale and the first few years of his adulthood with specific attention on the war years An analysis of Sartre's relationships follows with Simone de Beauvoir and other women and men including love and sex before a postscript covering the period 1973 1980 This essay is not a reductive account It tells the story of Jean Paul Sartre from the inside out

so that the achievements of one of the major intellectuals of the 20th Century can be measured against his own internal struggles

Existentialism Is a Humanism Jean-Paul Sartre, 2007-07-24 A fresh translation of two seminal works of existentialism To understand Jean Paul Sartre is to understand something important about the present time Iris Murdoch Sartre matters because so many fundamental points of his analysis of the human reality are right and true and because their accuracy and veracity entail real consequences for our lives as individuals and in social groups Benedict O Donohoe Philosophy Now It was to correct common misconceptions about his thought that Jean Paul Sartre the most dominant European intellectual of the post World War II decades accepted an invitation to speak on October 29 1945 at the Club Maintenant in Paris The unstated objective of his lecture Existentialism Is a Humanism was to expound his philosophy as a form of existentialism a term much bandied about at the time Sartre asserted that existentialism was essentially a doctrine for philosophers though ironically he was about to make it accessible to a general audience The published text of his lecture quickly became one of the bibles of existentialism and made Sartre an international celebrity The idea of freedom occupies the center of Sartre's doctrine Man born into an empty godless universe is nothing to begin with He creates his essence his self his being through the choices he freely makes existence precedes essence Were it not for the contingency of his death he would never end Choosing to be this or that is to affirm the value of what we choose In choosing therefore we commit not only ourselves but all of mankind This book presents a new English translation of Sartre's 1945 lecture and his analysis of Camus's *The Stranger* along with a discussion of these works by acclaimed Sartre biographer Annie Cohen Solal This edition is a translation of the 1996 French edition which includes Arlette Elkaïm Sartre's introduction and a Q A with Sartre about his lecture

Sartre Ronald Hayman, 1992 Traces the life of the French philosopher examines his major works and assesses his influence on twentieth century thought

"What is Literature?" and Other Essays Jean-Paul Sartre, 1988 What is Literature challenges anyone who writes as if literature could be extricated from history or society But Sartre does more than indict He offers a definitive statement about the phenomenology of reading and he goes on to provide a dashing example of how to write a history of literature that takes ideology and institutions into account

Sartre's Life, Times and Vision du Monde William L. McBride, 2013-09-13 William L McBride Professor of Philosophy at Purdue University is co founder of the North American Sartre Society and the first chairperson of its executive board His most recent publications include *Social and Political Philosophy and Sartre's Political Theory* He was recently named Chevalier dans l'Ordre des Palmes Academiques by the French Government and has served as Chairperson of the Committee on International Cooperation of the American Philosophical Association and as President of the Societe Americaine de Philosophie de Langue Francaise

Witness to My Life Jean-Paul Sartre, 1992

Subjects of Desire Judith Butler, 2012-05-22 This classic work by one of the most important philosophers and critics of our time charts the genesis and trajectory of the desiring subject from Hegel's formulation in *Phenomenology of Spirit* to its appropriation by Kojve Hyppolite Sartre Lacan Deleuze and Foucault Judith

Butler plots the French reception of Hegel and the successive challenges waged against his metaphysics and view of the subject all while revealing ambiguities within his position. The result is a sophisticated reconsideration of the post-Hegelian tradition that has predominated in modern French thought and her study remains a provocative and timely intervention in contemporary debates over the unconscious, the powers of subjection and the subject.

Simone de Beauvoir and Jean-Paul Sartre Kate Fullbrook, Edward Fullbrook, 1993. A biography of de Beauvoir and Sartre drawing strongly on journals and letters written by the couple and on established sources. Tracing the dates of composition of some of their key works, it demonstrates the part that de Beauvoir played in the development of Sartre's ideas.

Sartre's French Contemporaries and Enduring Influences William L. McBride, 2013-09-13. Sartre's French Contemporaries and Enduring Influences. This final volume examines Sartre's best-known philosophical contemporaries in France: Albert Camus, Maurice Merleau-Ponty and Simone de Beauvoir in terms of both their own philosophical insights and their relationship to Sartre's thought. The articles also offer some suggestive connections between Sartre's thought and subsequent developments in European philosophy, notably structuralism, poststructuralism and postmodernism. The comparatively recent nature of much of this scholarship is solid testimony to the enduring influence of Sartrean existentialism.

Life/Situations Jean-Paul Sartre, 1977. Interviews with intellectual vigor. Sartre's preoccupations as a man and writer, autobiographical reflections and reappraisals, a tartly provocative consideration of the woman's movement with Simone de Beauvoir and on his monumental study of Flaubert.
