Existentialist

Background William Leon McBride, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare s A Comedy of Errors Miola s edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play s debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on The Comedy of Errors that is published in obscure and difficulty accessible journals newspapers and other sources This collection brings together these essays for the first time

Sartre's Existential Psychoanalysis Mary Edwards, 2022-10-20 Western philosophical orthodoxy places many aspects of other people s lives outside the scope of our knowledge Demonstrating an alternative to this view however this book argues that Jean Paul Sartre s application of his unique psychoanalytic method to Gustave Flaubert is the culmination of his project to show that it is possible to know everything there is to know about another person It examines how Sartre aims to revolutionize our way of thinking about others by presenting his existential psychoanalysis as the means to knowledge of both ourselves and others By so doing it highlights how his determination to solve the longstanding philosophical conundrum about other minds drives him not only to incorporate insights from Descartes Hegel Husserl Freud Marx and Beauvoir into

his philosophy but also to supplement and enhance his philosophy through the development and application of a new form of psychoanalysis Sartre's Existential Psychoanalysis integrates for the first time Sartre's psychoanalysis into his overarching philosophical project By offering a critical interrogation of the role his psychoanalytical studies played in the development of his existentialism Mary Edwards uncovers the overlooked philosophical significance of his existential psychoanalysis and brings it into a new and productive dialogue with current research in the fields of philosophy psychology and psychotherapy

The Provocation of Levinas Robert Bernasconi, David Wood, 2002-11 This book brings together the most interesting and far reaching responses to the work of Levinas in three key areas contemporary feminism psychotherapy and Levinas's relation to other philosophers , **L'ATHEISME D' UN CHRETIEN Par DANIEL PATTE** , *Intimate Revolt* Julia Kristeva, 2025-01-14 Julia Kristeva herself a product of the famous May 1968 Paris student uprising has long been fascinated by the concepts of rebellion and revolution But is it still possible to build and nurture a culture of revolt in today's world In this book Kristeva examines the manner in which three of the most unsettling modern writers Louis Aragon Jean Paul Sartre and Roland Barthes affirmed their personal rebellions She then ponders the future of rebellion maintaining not only that political revolt is mired in compromise but also that an essential component of European culture a culture of doubt and criticism is losing its moral and aesthetic force *Choices and Conflicts* Hans van Stralen, 2005 This book approaches literary existentialism 1935-1960 from a philosophical point of view and provides a semantic frame through which the primary works of this movement can be interpreted Readings of Sartre Sato Camus Bl De Beauvoir Nooteboom and others emphasize the place and themes specific to each writer within literary existentialism as a whole One of the most original features of this study is its focus on the central notion of engagement after 1960 Having highlighted its waning in postmodernism van Stralen then demonstrates the vigorous resurgence of this pivotal concept in postcolonial discourses

Kierkegaard and Existentialism Jon Bartley Stewart, 2011 The existentialist movement was largely responsible for the major advance in Kierkegaard's international reception that took place in the twentieth century In Kierkegaard's writings one can find a rich array of concepts such as anxiety despair freedom sin the crowd and sickness that all came to be standard motifs in existentialist literature The articles feature figures from French German Spanish and Russian traditions of existentialism They examine the rich and varied use of Kierkegaard by these later thinkers and importantly they critically analyze his purported role in this famous intellectual movement The Language of the Self Jacques Lacan, 1981 Lacan's commentaries on Freud had revolutionary implications for philosophy and literary criticism He held that if the unconscious exists it functions linguistically rather than symbolically Includes a study that explains his work and relates it to the context of contemporary thought Modern French Drama 1940-1980 David Bradby, 1984-09-06 In the years since 1940 French theatre has been transformed both institutionally and artistically This book compares all the major traditions and tendencies at work in French theatre since the outbreak of the Second World War not only in Paris but also in the Centres Dramatiques

and Maisons de la Culture Previous books have stopped short at the end of the fifties when the influence of Artaud was strong and the Absurd Theatre had become the new orthodoxy David Bradby reassesses Beckett Ionesco Adamov and Genet and challenges the notion that the sixties and seventies were a period of decline in French theatre The book proceeds chronologically offering a critical survey of the principal directors actors and companies as well as of the playwrights who are its major concern Important productions are illustrated with black and white photographs The political background is explained and all quotations are in English Modern French Drama 1940-1990 David Bradby, 1991-05-16 An updated account and comparison of the major traditions and tendencies in the French theatre from 1940 1990 **La règle du jeu** N°27 Collectif, 2005-01-05 Sommaire n 27 de la REGLE DU JEU janvier 2005 Un numéro cette fois majoritairement littéraire Un dossier Sartre et son siècle réunira les communications du colloque tenu récemment à l'université américaine John Hopkins par les plus éminents sartrien français et américains dont Rybalka Hollier BHL Les trois Sartre plus un inédit de Benny Lévy qui fut le dernier secrétaire de Sartre La Chronologie de la naissance Second dossier Sept jeunes romanciers publiés chez POL L o Scheer l Olivier Maurice Nadeau Christophe Fiat Manuel Joseph H l na Villovitch Laure Limongi Emmanuelle Pireyre Jérôme Mauche Jean Charles Massera donnent leur vision de la post littérature et de leurs influences Dix Lettres d'Exil de Dominique de Roux vingt ans après sa mort critiquant sa femme et sa matresse depuis la Suisse et le Portugal où il est question d'amour de politique et de littérature Deux textes en vis vis Pascal Bruckner Sur l'insomnie Jim Harrison Métaphysique du Jet lag Jean Paul Doll Pkin Chose urbaine Entretien avec Jacques Henric la vérité multiple de la vie et du roman Lila Azam Zanganeh Mussolini d'Hitler Jean Paul Enthoven Les dernières femmes 3 Louise de Vilморin **On Hegel** George L.
