Sat See You At The Top:

See You at the Finish Line Zac Hammett, 2025-09-02 Heartthrob George wants to prove he's smart enough to graduate. Nerdy Lucas wants to finally ask his crush out. They strike a deal to get what they want but they may accidentally splash into a row race together in this queer sports rom com. George and Lucas can't stand each other which makes it very awkward being on the same Cambridge University rowing team. The uber charming all-American George got accepted at Cambridge for his sporting prowess not his subpar grades. Economics whizz and sarcasm expert Lucas meanwhile works hard for everything he's got which sadly does not include a boyfriend. When the news leaks that George receives academic preferential treatment, Cambridge couldn't lose their star athlete after all. He's told he must actually study this year to pass his exams. That's when he zeroes in on Lucas for help. Lucas agrees but on one condition: George will teach Lucas his lothario ways so he can finally seduce his long-time crush, Amir. But soon they're in way over their heads seducing and cheating their way to what they want. As they face rivals within their own squad and cutthroat competitors at Oxford, they find themselves unexpectedly becoming closer. What happens when your worst enemy may just be who you needed all along. *Say You Will* Eric Walters, 2015-05-19 A funny heartfelt novel about one high school boy's quest for a prom date perfectly timed for the surge in realistic YA. Sam is not exactly what you'd call a regular guy while his IQ is stratospheric; his social skills don't quite rank as high, and his dating history well, there's no history to speak of yet. But Sam has set out to finally fit in. He's resolved to get some answers wrong in class to stop getting perfect marks on his assignments, to get to know some people other than Ian and Brooke, his two closest okay-only friends, and find himself a prom date. And the prom is on everyone's mind. Sam's school has become swept up by promposals in other words, very elaborate, very public scenes in which someone is asked to the prom. Sam thinks he might have found the inspiration he needs to ask the girl dreams out for a perfect night at the prom as well as the unforgettable way to do it. **The Red Chill** Sandman, 2009-12-31 The book is based on a little Maine town that never has anything happen. One day a child is found dead and pulled apart; the locals fear a wild dog or something larger did it. The local cops and his friends hunt down this animal and almost a few times became the hunted. The book is made to keep you guessing right till the end and will get you thinking in many different ways. The main character, Dannie, falls in love with a man and she has dreams that are bugging her until she finds they are a calling from God to save the little town and its people. Lots of thrills and chills will make you sad, happy, angry. The book was fun to write and even made me want to read it more than once. *Trriorities* Rich Hatfield, 2010-11-08 Ask yourself: is there a better way to live? **TRIORITIES** challenges you to make the effort to mentally step out of the game for a moment and to consider your life where it has brought you your priorities and where it will probably take you if you stay the course. **TRIORITIES** will help you to consider if there might be a better way to live. **TRIORITIES** is about a life of focus, a life of balance, and a life that you endeavor to live well and enjoy along the way. Are you running from one task to the next but not enjoying any of it? Are you climbing ladders only to find the view
