The Adversary, His Person, Power, and Purpose William A. works the wages are not counted as grace but as debt Rom 4 4 Therefore we can deduct that grace is the reward or blessing that is given to someone when the person did not work for it It is grace that brought us from sin to righteousness from the kingdom of darkness to the Kingdom of Light The Word of God says For by grace you have been saved through faith and that not of yourselves it is the Gift of God not of works lest anyone should boast Eph 2 8 9 We were saved by the Grace of God when we believed in the Lord Jesus Christ and accepted Him into our lives The Love and Grace of God is seen in what He did for us in that He raised us up together with Christ Jesus and seated us together with Him at His Own Right Hand

DIVINE DIRECTION AND STRATEGY GODSWORD GODSWILL ONU,2015-03-10 Divine Plan and Way may not be the way we want but God is wiser than all men put together It is better to follow God s Direction and Strategy than to follow human plan suggestion and counseling Though God s Direction and Method may look foolish to man yet following what God said will bring the best results If you follow God s Direction you would be following the best way no matter how it may look like and if you operate according to His Strategy be sure that you have agreed to operate according to the most effective method no matter how foolish or ineffective it may appear THE APOSTOLIC MINISTRY GODSWORD GODSWILL ONU,

Powers of Darkness Clinton E. Arnold,2025-06-12 Satan worship Witches New Age channelers The last two decades of the twentieth century witnessed a vast upsurge in occult activity Scores of popular books have warned Christians of the dangers and urged them to do battle against these spiritual forces Few books however have developed a careful biblical theology on demons principalities and powers Clinton Arnold seeks to fill this gap providing an in depth look at Paul s letters and what they teach on the subject For perspective he examines first century Greek Roman and Jewish beliefs as well as Jesus teaching about magic sorcery and divination Arguing against many recent interpretations that have seen principalities and powers as impersonal social economic and political structures Arnold contends that the New Testament view is that such forces are organized personal beings which Jesus defeated at the cross and will bring into full subjection at his return In his
