Satir Model

Virginia Satir

Satir Model:

The Satir Model Virginia Satir, 1991 This book represents the evolution of Satir's ideas over the last twenty years. In clear plain terms it details her theoretical position, her strategy in therapy, and how she tailored her interventions to address people's particular issues.

Marriage and Family Therapy Linda Metcalf, 2011-06-23 This practical textbook helps students in marriage and family programmes as well as practicing marriage and family therapists understand and apply a variety of the most popular family therapy models.

Experiential Unity Theory and Model Alyson Quinn, 2012-06-07 Experiential Unity Theory and Model was devised to address the current concerns dominating the field of group therapy and individual counseling. It is vital that any healing modality address the root of the distress being presented. More and more clients are disconnected from their souls, and that is the principal cause of the levels of depression, anxiety, stress, eating disorders, anger, and other symptoms that are evident at disturbing levels in society today. Treatments from a cognitive behavioral perspective have a tendency to intellectualize clients' experiences and therefore may present barriers to the necessary soul-based healing. The Experiential Unity Theory and Model is integrative; it includes the mind, body, spirit, and emotions in its treatment and therefore is able to provide a healing milieu whereby clients can address the core of their problems and heal fully.

Family Therapy Janice M. Rasheed, Mikal Nazir Rasheed, Mikal N. Rasheed, James A. Marley, 2011 This text offers a straightforward comprehensive overview of both traditional and evolving theoretical models of family therapy and intervention techniques as well as a discussion of clinical issues unique to family therapy practice. Aiming to prepare students to develop beginning proficiency in family therapy, the authors outline major family therapy models in detail, including a step-by-step description of concepts, theories, skills, and techniques, as well as a history of each model and its conceptual and theoretical underpinnings. The text also provides extensive case illustrations of family interviews that identify the specific stages, clinical issues, concepts, theories, and techniques associated with each model. This core text is designed for graduate-level courses such as Family Therapy, Marriage and Family Therapy, Marriage and Family Counseling, Family Systems Theory, and Family Counseling in departments of social work, psychology, nursing, education, or human services.

Foundational Concepts and Models of Family Therapy Yulia Watters, Darren Adamson, 2023-08-08 This textbook aims to introduce students to the foundational concepts of the marriage and family therapy field, providing a comprehensive overview of a range of models and their practical application. Designed specifically for distance learning, Yulia Watters and Darren Adamson bring together a collection of experienced marriage and family therapists to teach the absolute essentials of marriage and family therapy without peripheral or incidental information. Iterative in its presentation, the book introduces important systems concepts, provides a compelling history of family therapy, presents detailed exploration of classical and postmodern approaches to therapy, and covers clinical application and treatment planning. It uniquely follows the course structure of the first institution to receive Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE) accreditation for both master
