Satire In Narrative Petronius Swift Gibbon Melville And Pynchon:

Satire in Narrative Frank Palmeri, 2012-02-01 Virtually all theories of satire define it as a criticism of contemporary society. Some argue that satire criticizes the present in favor of a standard of values that has been superseded and thus that satire is generally backward looking and conservative. While this is often true of poetic satire, in this study Frank Palmeri asserts that narrative satire performs a different function: that it parodies both the established view of the world and that of its opponents, offering its own distinctive critical perspective. This theory of satire builds on the idea of dialogical parody in the work of Russian theorist Mikhail Bakhtin while revising Bakhtin's estimate of carnival. In Palmeri's view, the carnivalesque offers only an inverted mirror image of authoritative discourse, while parodic narrative satire suggests an alternative to both the official world and its inverted opposite. Palmeri applies this theory of narrative satire to five works of world literature, each of which has generated sharp controversy about the genre to which it rightly belongs: Petronius' *Satyricon*, Jonathan Swift's *A Tale of a Tub*, Edward Gibbon's *Decline and Fall of the Roman Empire*, Herman Melville's *The Confidence Man*, and Thomas Pynchon's *The Crying of Lot 49*. He analyzes the features that link these works and shows how the changing pairs of alternatives that are parodied in these satires reflect changes in the terms of social and cultural oppositions. *Satire in Narrative* will appeal to comparatists, specialists in eighteenth century and American literature, and others interested in theories of genre and the relations between literary forms and social history. **Satire in Narrative** Frank Palmeri, 1990

Narrative satire was one of the dominant literary forms of the 18th century but it came to be displaced by novelistic and

historical forms of narrative Palmeri English U of Miami argues that these new forms defined themselves in opposition to satire but also by appropriating elements of satir

Satire Dustin Griffin, 2021-03-17 Here is the ideal introduction to satire for the student and for the experienced scholar an occasion to reconsider the uses problems and pleasures of satire in light of contemporary theory Satire is a staple of the literary classroom Dustin Griffin moves away from the prevailing moral didactic approach established thirty some years ago to a more open view and reintegrates the Menippean tradition with the tradition of formal verse satire Exploring texts from Aristophanes to the moderns with special emphasis on the eighteenth century Griffin uses a dozen figures Horace Juvenal Persius Lucian More Rabelais Donne Dryden Pope Swift Blake and Byron as primary examples Because satire often operates as a mode or procedure rather than as a genre Griffin offers not a comprehensive theory but a set of critical perspectives Some of his topics are traditional in satire criticism the role of satire as moralist the nature of satiric rhetoric the impact of satire on the political order Others are new the problems of satire and closure the pleasure it affords readers and writers and the socioeconomic status of the satirist Griffin concludes that satire is problematic open ended essayistic and ambiguous in its relationship to history uncertain in its political effect resistant to formal closure more inclined to ask questions than provide answers and ambivalent about the pleasures it offers

Ancient Narrative Volume 4, *The Practice of Satire in England, 1658-1770* Ashley Marshall, 2013-06-28 An exhaustive study of satire in the long eighteenth century Outstanding Academic Title Choice In The Practice of Satire in England 1658 1770 Ashley Marshall explores how satire was conceived and understood by writers and readers of the period Her account is based on a reading of some 3 000 works ranging from one page squibs to novels The objective is not to recuperate particular minor works but to recover the satiric milieu to resituate the masterpieces amid the hundreds of other works alongside which they were originally written and read The long eighteenth century is generally hailed as the great age of satire and as such it has received much critical attention However scholars have focused almost exclusively on a small number of canonical works such as Gulliver s Travels and The Dunciad and have not looked for continuity over time Marshall revises the standard account of eighteenth century satire revealing it to be messy confused and discontinuous exhibiting radical and rapid changes over time The true history of satire in its great age is not a history at all Rather it is a collection of episodic little histories

Unauthorized Versions José Lanters, 2000 Certain moments in history especially periods of cultural turmoil and political change appear to be conducive to the writing of Menippean satire Unauthorized Versions is the first integral study of Menippean satires written in Ireland in the three decades following the declaration of the Irish Free

State in 1922 The book discusses works by Darrell Figgis Eimar O Duffy Austin Clarke Flann O'Brien and Mervyn Wall in the context of political and social developments particularly relating to economic policy the role of the Church and censorship Mikhail Bakhtin defines Menippean satire as an unresolved dialogue between actual and or implied voices designed to test a truth or philosophical idea The Irish satirists of the first half of the twentieth century use medieval Ireland as a setting for addressing contemporary concerns or borrow characters from medieval Irish texts that they place in a modern context Each satire thus creates a series of dialogues between the past and present between characters who represent opposing values and ideologies and between the older texts and their modern reworkings Unauthorized Versions reveals the double bind at the core of every Menippean satire Each writer discussed in the book expresses an awareness of the paradox of an author writing in the vacuum created by official censorship seeking to engage his audience in the dethroning of the very authorities by whom he is deprived of his audience By revealing his own ambiguous position the satirist knowingly subverts his own authority along with that of his opponents This study will appeal to students and scholars interested in Irish literature genre studies the reception of the Middle Ages and the relationship between literature and history Jos Lanters associate professor of classics at the University of Oklahoma will begin her position as associate professor of English at the University of Wisconsin Milwaukee in Fall 2000 She is author of Missed Understandings A Study of Stage Adaptations of the Works of James Joyce and coeditor of Troubled Histories Troubled Fictions Twentieth Century Anglo Irish Prose Irish satire in the twentieth century has awaited a critic as intelligent and well informed as Jose Lanters whose Unauthorized Versions nicely complements Vivian Mercier's pioneering efforts For several of the works she discusses Lanters here provides the only substantial criticism they have received to date Her approach combines sensitivity to form and expression with a constant attentiveness to historical context while her study is anchored in a lucid and suggestive use of Bakhtin Every library with an interest in Irish writing will want this book R Brandon Kershner Alumni Professor of English University of Florida Lanters well argued volume will be a valuable resource for the study of modern Irish prose at the upper division undergraduate level and above Choice Works discussed in Unauthorized Versions Darrell Figgis The Return of the Hero Eimar O Duffy King Goshawk and the Birds The Spacious Adventures of the Man in the Street Asses in Clover Austin Clarke The Bright Temptation The Singing Men at Cashel The Sun Dances at Easter Flann O'Brien At Swim Two Birds The Third Policeman Mervyn Wall The Unfortunate Fursey The Return of Fursey

Animals and Other People Heather Keenleyside, 2016-11-21

In *Animals and Other People* Heather Keenleyside argues for the central role of literary modes of knowledge in apprehending animal life Keenleyside focuses on writers who populate their poetry novels and children's stories with conspicuously figurative animals experiment with conventional genres like the beast fable and write the lives of mice as well as men From such writers including James Thomson Daniel Defoe Jonathan Swift Laurence Sterne Anna Letitia Barbauld and others she recovers a key insight about the representation of living beings when we think and write about animals we are never in the

territory of strictly literal description relying solely on the evidence of our senses Indeed any description of animals involves personification of a sort if we understand personification not as a rhetorical ornament but as a fundamental part of our descriptive and conceptual repertoire essential for distinguishing living beings from things Throughout the book animals are characterized by a distinctive mode of agency and generality they are at once moving and being moved at once individual beings and generic or species figures every cat is also The Cat Animals thus become figures with which to think about key philosophical questions about the nature of human agency and of social and political community They also come into view as potential participants in that community as one sort of people among others Demonstrating the centrality of animals to an eighteenth century literary and philosophical tradition *Animals and Other People* also argues for the importance of this tradition to current discussions of what life is and how we might live together

The Literature of Satire Charles A. Knight, 2004-02-12 The Literature of Satire is an accessible but sophisticated and wide ranging study of satire from the classics to the present in plays novels and the press as well as in verse In it Charles Knight analyses the rhetorical problems created by satire s complex relations to its community and examines how it exploits the genres it borrows He argues that satire derives from an awareness of the differences between appearance ideas and discourse Knight provides illuminating readings of such satirists familiar and unfamiliar as Horace Lucian Jonson Moli re Swift Pope Byron Flaubert Ostrovsky Kundera and Rushdie This broad ranging examination sheds light on the nature and functions of satire as a mode of writing as well as on theoretical approaches to it It will be of interest to scholars interested in literary theory as well as those specifically interested in satire

Thomas Pynchon's Animal Tales Keita Hatooka, 2022-08-29 Throughout his works Thomas Pynchon uses various animal characters to narrate fables that are vital to postmodernism and ecocriticism Thomas Pynchon s *Animal Tales Fables for Ecocriticism* examines case studies of animal representation in Pynchon s texts such as alligators in the sewer in *V* the alligator purse in *Bleeding Edge* dolphins in the Miami Seaquarium in *The Crying of Lot 49* dodoes pigs and octopuses in *Gravity's Rainbow* Bigfoot and Godzilla in *Vineland* and Inherent Vice and preternatural dogs and mythical worms in *Mason Dixon* and *Against the Day* Through this exploration Keita Hatooka illuminates how radically and imaginatively the legendary novelist depicts his empathy for nonhuman beings Furthermore by conducting a comparative study of Pynchon s narratives and his contemporary documentarians and thinkers Thomas Pynchon s *Animal Tales* leads readers to draw great lessons from the fables which stimulate our ecocritical thought for tomorrow

The Ends of Satire Daniel Bowles, 2015-02-24 How are we to think of satire if it has ceased to exist as a discrete genre This study proposes a novel solution understanding the satiric in the postwar era as a set of writing practices figures of inversion myth making and citation By showing how writers and theorists alike deploy these devices in new contexts this book reexamines the link between German postwar writing and the history of satire and between literature and theory

Beyond Cognitive Metaphor Theory Monika Fludernik, 2012-03-29 In this innovative collection an international group of scholars come together to discuss

literary metaphors and cognitive metaphor theory The volume's goals are three fold The first aim of the book is to present some recent approaches to metaphor which have no immediate connection with cognitive metaphor theory and have developed independently of it While the cognitive approach has become the leading paradigm in the English speaking world elsewhere in Europe rhetorical semantic and logical models have remained in use and continue to be elaborated These models have so far had little international exposure Their inclusion in this study is meant to provide a balance to the cognitive paradigm and to open up a possible discussion of the advantages and disadvantages of cognitive metaphor theory for the analysis of literary texts The second aim of the collection is to illustrate a range of successful applications of the new cognitive models to literary texts And the third aim of the study is to provide an assessment of cognitive metaphor theory from a literary point of view

Conrad's Narratives of Difference Lissa Schneider-Rebozo, 2013-12-16 In Joseph Conrad's tales representations of women and of feminine generic forms like the romance are often present in fugitive ways Conrad's use of allegorical feminine imagery fleet or deferred introductions of female characters and hybrid generic structures that combine features of masculine tales of adventure and intrigue and feminine dramas of love or domesticity are among the subjects of this literary study Many of Conrad's critics have argued that Conrad's fictions are aesthetically flawed by the inclusion of women and love plots thus Thomas Moser has questioned why Conrad did not cut them out altogether Yet a thematics of gender suffuses Conrad's narrative strategies Even in tales that contain no significant female characters or obvious love plots Conrad introduces elusive feminine presences in relationships between men as well as in men's relationships to their ship the sea a shore breeze or even in the gendered embrace of death This book investigates an identifiably feminine point of view which is present in fugitive ways throughout Conrad's canon Conrad's narrative strategies are articulated through a language of sexual difference that provides the vocabulary and grammar for tales examining European class racial and gender paradigms to provide acute and at times equivocal investigations of femininity and difference

The Cambridge Companion to Thomas Pynchon Inger H. Dalsgaard, Luc Herman, Brian McHale, 2012 This essential Companion to Thomas Pynchon provides all the necessary tools to unlock the challenging fiction of this postmodern master

Postcolonial Satire Amy L. Friedman, 2019-10-16 Postcolonial Satire Indian Fiction and the Reimagining of Menippean Satire positions postcolonial South Asian satiric fiction at the intersection of the cutting edge territory of political resistance writing and the ancient tradition of Menippean satire Postcolonial Satire disrupts the relationship between postcolonial literature and magic realism by discussing the work of writers such as G V Desani Aubrey Menen Salman Rushdie and Irwin Allan Sealy as one movement into the entirely subversive realm of satire Indian fiction as well as the fiction of other colonized cultures can be re construed through the lens of satire as openly critical of a broad spectrum of political and cultural issues Employing the strengths of postcolonial theory and criticism Postcolonial Satire expands upon the postcolonial works of these authors by analyzing them as satire rather than magical realism with satirical elements

Keith Booker, 1995-10-01 This work applies Mikhail Bakhtin's theory of literary discourse and the concept of carnivalisation to the work of Flann O'Brien The author emphasizes the political and social implications of the writings arguing that O'Brien maintained a reflexive focus on language throughout his career
