job hunting from Lynn Grabhorn's philosophy of the astonishing power of feelings introduced to more than half a million readers. Laura George applies the powerful Law of Attraction to the life experiences of both losing and getting a job. George captures the style and substance of *Excuse Me* and helps you identify the qualities you want in a job and then shows you how to flip the negative feelings you may be carrying. As a human resources manager, she also knows that these powerful positive feelings can land seekers the job of their dreams. By exploring the power of feelings on your job search, this new job seeker's guide is unlike any other. George shows you the job market through the employer's eyes and offers insider information on resumes and cover letters, internet job boards, and online applications, interview and salary negotiation strategies, and much more. An Uncommon Reader Helen Smith, 2025-08-22. One of The Sunday Times UK Books of the Year. Garnett's life will not need to be written again. Andrew Morton, Times Literary Supplement. A penetrating biography of the most important English language editor of the early twentieth century. During the course of a career spanning half a century, Edward Garnett, editor, critic, and reader for hire, would become one of the most influential men in twentieth-century English literature. Known for his incisive criticism and unwavering conviction in matters of taste, Garnett was responsible for identifying and nurturing the talents of a generation of the greatest writers in the English language, from Joseph Conrad to John Galsworthy, Henry Green to Edward Thomas, T. E. Lawrence to D. H. Lawrence. In *An Uncommon Reader*, Helen Smith brings to life Garnett's intimate and at times stormy relationships with those writers. I have always suffered a little from a sense of injustice at your hands, Galsworthy complained in a letter. All turned to Garnett for advice and guidance at critical moments in their careers, and their letters and diaries, in which Garnett often features as a feared but deeply admired protagonist, tell us not only about their creative processes but also about their hopes and fears. Beyond his connections to some of the greatest minds in literary history, we also come to know Edward as the husband of Constance Garnett, the prolific translator responsible for introducing Tolstoy, Dostoevsky, and Chekhov to an English language readership, and as the father of David Bunney Garnett, who would make a name for himself as a writer and publisher. Mr. Edward Garnett occupies a unique position in the literary history of our age. E. M. Forster wrote, "He has done more than any living writer to discover and encourage the genius of other writers, and he has done it without any desire for personal prestige." An absorbing and masterfully researched portrait of a man who was a defining influence on the modern literary landscape. *An Uncommon Reader* asks us to consider the multifaceted meaning of literary genius.

Gwen Stefani and No Doubt: Simple Kind of Life Jeff Apter, 2009-12-09. The eclectic Orange County band No Doubt was formed in 1986 by Eric

Stefani and John Spence who soon recruited Eric's younger sister Gwen as co-vocalist. With the addition of Tony Kanal on Bass they launched a 20-year career that would fuse ska, grunge, alt rock and shades of several other musical genres into a unique mix. The 1987 suicide of John Spence resulted in the battlefield promotion of Gwen to lead vocalist, a shift that would prove a launch pad for her future solo career and media celebrity status. Through it all, No Doubt went from strength to strength and in 1995, following the departure of Eric Stefani, finally found mainstream success when their third album, *Tragic Kingdom*, enjoyed over 15 million sales worldwide. Since then, this ska-loving band from Southern California has flourished. Despite a frequently changing line-up and the potential distraction of Gwen's parallel solo career, No Doubt have stayed true to their mission to be musical and visual innovators. **The Saturday Evening Post**, 1994
