## **Saturday Night At The Beastro:**

*Saturday Night at the Beastro* Jane Breskin Zalben, Steven Zalben, 2004-07-27 Dinner is served at the Beastro and it's like no meal seen before. Fang smacking delicacies grace the tables with sloths, slugs and crunchy bugs wiggling on platters. And for dessert there's nothing like batwing pudding to delight the palate, all washed down with a glass of skunk juice. For this rowdy gathering of hungry monsters the Beastro is well prepared to satisfy the strangest of appetites. Jane Breskin Zalben and Steven Zalben's unique verse and eclectic artwork created with original photography, digital manipulation, hand painting and detailed collage combine to make this one of the most stunningly stylish and unusually elegant affairs ever. **A to Zoo**

Rebecca L. Thomas, 2018-06-21 Whether used for thematic story times, program and curriculum planning, readers advisory or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive, as opposed to formal catalog subject terms, to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles. **DIY Programming and Book Displays** Amanda Catherine Struckmeyer, Svetha Hetzler, 2010-09-13 This manual guides librarians in creating simple, affordable, ready-to-use activities for children, tweens, teens and families, with enough material for a full year of programs. Do-it-yourself programming is an emerging model in which the librarian does the preparation, then lets patrons take over. **DIY Programming and Book Displays: How to Stretch Your Programming without Stretching Your Budget** and Staff makes it easy for librarians to institute such programs in their own facilities. Organized around 12 thematic chapters, the book explains how to set up and maintain a do-it-yourself station and offers instructions for a variety of year activities. Reproducible materials and booklists are included as well. Librarians may use the activities as starting points for generating their own ideas, or they may simply photocopy materials in the book for ready-to-use monthly DIY programming. Once set up, the DIY station is available to patrons anytime they are in the library. Best of all, because DIY programs do not rely on staff space or special materials, they allow libraries to make the most of their resources without sacrificing patron service.
