Tirschel,2005-04 The cop busted through the door and I dove out the window and into the cold night air It was 4am mid December and all I was wearing was my underwear A thin swirl of snow circled the ground three floors below With his gun in one hand the cop grabbed my leg as soon as I was out the window He held me in place and I stood perpendicular to the outside wall of the building I tried to kick off the wall with the foot that was free but I kicked the cops hand instead and he dropped his gun and loosened his grip on my leg I pulled free and flew away and as I floated in the air time played a cruel trick on me It let me fall so slow that I had plenty of time to think how bad it was going to hurt when I landed I calmly wondered if I would be alive once I hit the ground I was comforted by the thought that if I wasn't I would have made good my escape The cops would certainly have me then but at least I would be free It felt good sailing through that black void expecting what was to come Because in that period of time I was free I was as free as a bird in captivity
