examination of Vision 2030 an ambitious economic plan by the KSA to reinvent and diversify its economy from a heavy dependence on hydrocarbon to knowledge based resources Research Innovation and Entrepreneurship in Saudi Arabia Vision 2030 discusses how this initiative will assist the government in achieving its envisioned goals by creating a culture of research innovation and entrepreneurship It studies the current state of the field as well as new policies and reforms in Saudi Arabia which encompass education systems ICT infrastructure and a vibrant innovation landscape that includes academia the public and private sectors and civil society The authors present a number of real life case studies as a model of inspiration for cross sector development The book provides a source of inspiration for other nations in studying the KSA s determined and ambitious plans as a country in a transitioning journey from a natural resources based economy towards a knowledge based country with considerable diversification in all sectors This book is a useful reference for students researchers and policy and decision makers in understanding Saudi innovation and the economic diversification ecosystem Kings and Camels Grant C Butler,2022-07-01 First published in 1960 Kings and Camels is a straightforward account of how an American went to work in Saudi Arabia and came home to the US to realize how little the average American appreciated the strategic importance of Saudi Arabia and more crucially still how little he understood the people in the area Grant Butler presents his material in the form of an informal account of his personal experiences in the Middle East both while he lived there working for the Arabian American Oil Company ARAMCO and as a successful lecturer and writer who has returned to the area often The book goes behind the scenes in the Arab world and into private audience with the legendary Ibn Saud It explains Islam the religion of the Arabs and it introduces the reader to the desert Bedouin and the Arab of the cities Kings and Camels focuses on human interest and on the Americans who lived and worked in Saudi Arabia Above all the book s emphasis is on the cultivation of understanding between the American and Arab peoples **Mohammed Bin Salman** David Ottaway,2021 Sheds light on the conundrums at the heart of any attempt to understand Saudi Arabia and the man who is poised to rule the country for decades to come On Saudi Arabia Karen Elliott House,2012-09-18 From the Pulitzer Prize winning reporter who has spent the last thirty years writing about Saudi Arabia as diplomatic correspondent foreign editor and then publisher of The Wall Street Journal an important and timely book that explores all facets of life in this shrouded Kingdom its tribal past its complicated present its precarious future Through observation anecdote extensive interviews and analysis Karen Elliot House navigates the maze in which Saudi citizens find themselves trapped and reveals the mysterious nation that is the world s largest exporter of oil critical to global stability and a source of Islamic terrorists In her probing and sharp eyed portrait we see Saudi Arabia one of the last absolute monarchies in the world considered to be the final bulwark against revolution in the region as threatened by multiple fissures and forces its levers of power controlled by a handful of elderly Al Saud princes with an average age of 77 years and an extended family of some 7 000 princes Yet at least 60 percent of the increasingly restive population they rule is under the age of 20 The author writes that oil rich Saudi Arabia has become a rundown

welfare state The public pays no taxes gets free education and health care and receives subsidized water electricity and energy a gallon of gasoline is cheaper in the Kingdom than a bottle of water with its petrodollars buying less and less loyalty House makes clear that the royal family also uses Islam's requirement of obedience to Allah and by extension to earthly rulers to perpetuate Al Saud rule Behind the Saudi facade of order and obedience today's Saudi youth frustrated by social conformity are reaching out to one another and to a wider world beyond their cloistered country Some 50 percent of Saudi youth is on the Internet 5.1 million Saudis are on Facebook To write this book the author interviewed most of the key members of the very private royal family She writes about King Abdullah's modest efforts to relax some of the kingdom's most oppressive social restrictions women are now allowed to acquire photo ID cards finally giving them an identity independent from their male guardians and are newly able to register their own businesses but are still forbidden to drive and are barred from most jobs With extraordinary access to Saudis from key religious leaders and dissident imams to women at university and impoverished widows from government officials and political dissidents to young successful Saudis and those who chose the path of terrorism House argues that most Saudis do not want democracy but seek change nevertheless they want a government that provides basic services without subjecting citizens to the indignity of begging princes for handouts a government less corrupt and more transparent in how it spends hundreds of billions of annual oil revenue a kingdom ruled by law not royal whim In House's assessment of Saudi Arabia's future she compares the country today to the Soviet Union before Mikhail Gorbachev arrived with reform policies that proved too little too late after decades of stagnation under one aged and infirm Soviet leader after another She discusses what the next generation of royal princes might bring and the choices the kingdom faces continued economic and social stultification with growing risk of instability or an opening of society to individual initiative and enterprise with the risk that this too undermines the Al Saud hold on power A riveting book informed authoritative illuminating about a country that could well be on the brink and an in depth examination of what all this portends for Saudi Arabia's future and for our own
