Saunders Lewis:

Saunders Lewis Bruce Griffiths, 1989 The Mabinogi Charles William Sullivan, 1996 *Culture in Practice* collects the academic and political writings from the 1960s through the 1990s of anthropologist Marshall Sahlins. More than a compilation, *Culture in Practice* unfolds as an intellectual autobiography. The book opens with Sahlins's early general studies of culture, economy, and human nature. It then moves to his reportage and reflections on the war in Vietnam and the antiwar movement, the event that most strongly affected his thinking about cultural specificity. Finally, it offers his more historical and globally aware works on indigenous peoples, especially those of the Pacific islands. Sahlins exposes the cultural specificity of the West, developing a critical account of the distinctive ways that we act in and understand the world. The book includes a play review of Robert Ardrey's sociobiology essays on native consumption patterns of food and clothes in America and the West, explorations of how two thousand years of Western cosmology affect our understanding of others, and ethnohistorical accounts of how cultural orders of Europeans and Pacific islanders structured the historical experiences of both. Throughout, Sahlins offers his own way of thinking about the anthropological project. To transcend critically our native categories in order to understand how other peoples have historically constructed their modes of existence, even now in the era of globalization, is the great challenge of contemporary anthropology.

The Cambridge History of Welsh Literature Geraint Evans, Helen Fulton, 2019-04-18 This book is a comprehensive single volume history of literature in the two major languages of Wales from post-Roman to post-devolution Britain.

Eutopia M. Wynn Thomas, 2021-01-15 This book is a timely Welsh antidote to Brexit. It is packed with original materials but is written in a highly accessible style by an author who recently won a Welsh Book of the Year award. It throws a wholly new light on Wales, revealing a country that has long been internationalist in cultural outlook, well prepared to look in directions other than that of England.

Wales in England, 1914-1945 Wendy Ugolini, 2024-05-10 At the beginning of the twentieth century, for many English men and women of Welsh origin, the idea of being in some part Welsh reaffirmed their own understanding of what it meant to be British. *Wales in England, 1914-1945* is the first cultural history of this English-Welsh duality, an identification with two constituent nations at once, and explores how Welshness was imagined, performed, and mobilised in England during and between the two world wars. In so doing and making use of individual English-Welsh case studies from the worlds of politics, art, literature, and soldiering, the book provides a wholly new perspective on the social, cultural, and military history of Britain at war. It shows English-Welsh duality to have been an important strand of pluralistic Britishness in wartime, and that this diasporic construction of Welshness held a wide urban appeal with significant implications for military enlistment, cultural production, and commemorative practices in England. Working at the intersection of war studies, British studies, and diaspora studies, *Wales in England* makes a significant contribution to four nations history and the history of British society at war.

David Jones and Rome Jasmine Hunter Evans, 2022-02-03 This interdisciplinary

and archival study explores the reception of ancient Rome in the artistic literary and philosophical works of David Jones 1895-1974 the Anglo Welsh Roman Catholic First World War veteran For Jones the twentieth century was a period of crisis an age of conflict disillusionment and cultural decay all of which he saw as evidence of the decline of Western civilisation Across his lifetime Jones would create a dynamic vision of ancient Rome in an attempt both to understand and to challenge this situation His reimagining of Rome was not founded on a classical education Instead it was fashioned from his lived experience extensive reading and most importantly his engagement with four areas of contemporary discourse that were themselves built upon intricate and conflicting representations of Rome British political rhetoric cyclical history the Catholic cultural revival and the Welsh nationalist movement Tracing Jones's developing approach to Rome across these contexts can provide a way into his art and thought Whether in his poetic fragments watercolours essays letters marginalia or unique painted inscriptions Jones strove to question complicate and remake Rome's relationship with modernity In this way Rome appears in Jones's works both as a symbol of transhistorical imperialism totalitarianism and the mechanisation of life and simultaneously as the cultural and religious progenitor of the West and in particular of Wales with which artists must creatively reconnect if decline was to be avoided

The Plays of Saunders Lewis Saunders Lewis, 1985 [The Fascist Party in Wales?](#) Richard Wyn Jones, 2014-05-15 For decades otherwise highly respected figures in Welsh life have repeatedly claimed that Welsh nationalists sympathised with Fascism during the dark days of the 1930s and the Second World War In this path breaking book Wales's leading political commentator assesses the truth of these charges In addition to shedding new light on the attitudes of Plaid Cymru and its leadership during the period in question this book offers an insightful and challenging interpretation of the nature Welsh political culture

Kate Roberts Katie Gramich, 2011-02-15 When the Welsh writer Kate Roberts died in 1985 at the age of 94 the Times obituary noted that she was felt by many to rank with Maupassant as one of the leading European short story writers Roberts is widely acknowledged as the major twentieth century novelist and short story writer to have written in the Welsh language being known and revered in Wales as the Queen of our Literature Much of her work has been translated into English and other languages and yet she remains today relatively little known and under appreciated in comparison for example with other female contemporaries who wrote in English such as Virginia Woolf Katherine Mansfield and Elizabeth Bowen This volume seeks to redress the balance bringing the life and work of this extraordinary novelist playwright short story writer journalist and ardent political campaigner to the attention of the wider world audience that the sheer quality of her writing deserves
