Garraty,Mark C. Carnes,2005-05-12 American National Biography is the first new comprehensive biographical dictionary focused on American history to be published in seventy years Produced under the auspices of the American Council of Learned Societies the ANB contains over 17 500 profiles on historical figures written by an expert in the field and completed with a bibliography The scope of the work is enormous from the earliest recorded European explorations to the very recent past **American Noir Film** M. Keith Booker,2024-11-19 A deep dive into classic noir films and how filmmakers today are refreshing and updating the genre for new generations Publishers Weekly praises the book noting Cinephiles will be enthralled and Library Journal says it's a well written introduction to noir films and how the genre has continued to thrive as times changed Booklist calls it a riveting history of the film noir genre in a starred review saying This is one of the best best written most insightful analyses of film noir and it demands to be read by fans of film history In *American Noir Film* M Keith Booker introduces readers to the cult favorite genre of film noir and discusses the ongoing power and popularity of the genre's key elements and themes in modern films often considered neo noir well into the twenty first century Booker covers a wide range of noir favorites from the early classics *The Maltese Falcon* and *The Big Sleep* to late twentieth century neo noir such as *Chinatown* and ultimately newer iterations of the genre as seen in such films as *Inherent Vice* *Promising Young Woman* and *Uncut Gems* *American Noir Film* contains three separate parts each exploring crucial categories of noir the detective film the lost man film and femme fatale films Within each section Booker discusses the essential classic noir films that embody these themes as well as neo noir films that invite viewers to analyze how the traditional components of noir have evolved with filmmaking Finally each section concludes with twenty first century films that evoke noir elements while refreshing the genre and enhancing viewers appreciation of the originals that inspired them what Booker terms revisionary noir Whether new to noir films students of the genre or long time fans readers will be sure to learn what makes this genre so special discover why filmmakers keep coming back to it and find a new favorite movie to add to their shelves *Detours and Lost Highways* Foster Hirsch,1999 *Detours and Lost Highways* begins with the Orson Welles film *Touch of Evil* 1958 which featured Welles both behind and in front of the camera That movie is often cited as the end of the line noir's rococo tombstone the film after which noir could no longer be made or at least could no longer be made in the same way It is my belief Hirsch writes that neo noir does exist and that noir is entitled to full generic status Over the past forty years since noir's often claimed expiration it has flourished under various labels Among the movies he discusses as

evidence Chinatown 1974 Body Heat 1981 John Woo's Hong Kong blood ballets e.g. The Killer 1989 and the pulpy oeuvre of Quentin Tarantino Washington Post Book World **On Kubrick** James Naremore, 2019-07-25 On Kubrick provides an illuminating critical account of the films of Stanley Kubrick from his earliest feature Fear and Desire 1953 to the posthumously produced A.I. Artificial Intelligence Steven Spielberg 2001 The book offers provocative analysis of each of Kubrick's films together with new information about their production histories and cultural contexts Its ultimate aim is to provide a concise yet thorough discussion that will be useful as both an academic text and a trade publication James Naremore argues that in several respects Kubrick was one of the cinema's last modernists his taste and sensibility were shaped by the artistic culture of New York in the 1950s he became a celebrated auteur who forged a distinctive style he used art cinema conventions in commercial productions he challenged censorship regulations and throughout his career he was preoccupied with one of the central themes of modernist art the conflict between rationality and its ever present shadow the unconscious War and science are key concerns in Kubrick's oeuvre and his work has a hyper masculine quality Yet no director has more relentlessly emphasized the absurdity of combat as in Paths of Glory 1957 and Full Metal Jacket 1987 the failure of scientific reasoning as in 2001 1968 and the fascistic impulses in masculine sexuality as in Dr Strangelove 1964 and Eyes Wide Shut 1999 The book also argues that while Kubrick was a voracious intellectual and a life long autodidact the fascination of his work has less to do with the ideas it espouses than with the emotions it evokes Often described as cool or cold Kubrick is best understood as a skillful practitioner of what might be called the aesthetics of the grotesque he employs extreme forms of caricature and black comedy to create disgusting frightening yet also laughable images of the human body creating a sense of unease that leaves viewers unsure of how to react **The Red Hot Typewriter** Hugh

Merrill, 2000-08-12 Although John D MacDonald published seventy novels and more than five hundred short stories in his lifetime he is remembered best for his Travis McGee series He introduced McGee in 1964 with The Deep Blue Goodbye With Travis McGee MacDonald changed the pattern of the hardboiled private detectives who preceded him McGee has a social conscience holds thoughtful conversations with his retired economist buddy Meyer and worries about corporate greed racism and the Florida ecology in a long series whose brand recognition for the series the author cleverly advanced by inserting a color in every title Merrill carefully builds a picture of a man who in unexpected ways epitomized the Horatio Alger sagas that comprised his strict father's secular bible From a financially struggling childhood and a succession of drab nine to five occupations MacDonald settled down to writing for a living a lifestyle that would have horrified his father He worked very hard and was rewarded with a more than decent livelihood But unlike Alger's heroes MacDonald had a lot of fun doing it

America Noir David Cochran, 2016-06-21 In America Noir David Cochran details how ten writers and filmmakers challenged the social pieties prevalent during the Cold War such as the superiority of the American democracy the benevolence of free enterprise and the sanctity of the suburban family Rod Serling's The Twilight Zone featured victims of

vast faceless bureaucratic powers Jim Thompson's noir thrillers such as *The Grifters* portrayed the ravages of capitalism on those at the bottom of the social ladder Patricia Highsmith in *The Talented Mr Ripley* placed an amoral con man in an international setting implicitly questioning America's fitness as leader of the free world Charles Willeford's pulp novels such as *Wild Wives* and *Woman Chaser* depicted the family as a hotbed of violence and chaos These artists pioneered a detached ironic sensibility that radically juxtaposed cultural references and blurred the distinctions between high and low art Their refusal to surrender to the pressures for political conformity and their unflinching portrayal of the underside of American life paved the way for the emergence of a 1960s counterculture that forever changed the way America views itself *Film Noir*

Anna-Teresa Tymieniecka, 2006-08-27 Striking toward peace and harmony the human being is ceaselessly torn apart in personal social national life by wars feuds inequities and intimate personal conflicts for which there seems to be no respite Does the human condition in interaction with others imply a constant adversity Or is this conflict owing to an interior or external factor of evil governing our attitudes and conduct toward the other person To what criteria should I refer for appreciation judgment direction concerning my attitudes and my actions as they bear on the well being of others At the roots of these questions lies human experience which ought to be appropriately clarified before entering into speculative abstractions of the ethical theories and precepts Literature which in its very gist dwells upon disentangling in multiple perspective the

Mystery Classics on Film Ron Miller, 2017-02-20 Watching the screen version of a classic mystery novel can be disappointing By necessity or artistic license or possibly just ego changes are often made by the filmmakers many of them ineffective or even detrimental This book focuses on the screen adaptations of 65 famous mysteries and examines how the filmmakers either succeeded or failed in the telling of the story Interviews with several famous mystery writers are included with their comments on how filmmakers treated their work

The Post-Utopian Imagination M. Keith Booker, 2002-01-30 In America the long 1950s were marked by an intense skepticism toward utopian alternatives to the existing capitalist order This skepticism was closely related to the climate of the Cold War in which the demonization of socialism contributed to a dismissal of all alternatives to capitalism This book studies how American novels and films of the long 1950s reflect the loss of the utopian imagination and mirror the growing concern that capitalism brought routinization alienation and other dehumanizing consequences The volume relates the decline of the utopian vision to the rise of late capitalism with its expanding globalization and consumerism and to the beginnings of postmodernism In addition to well known literary novels such as Nabokov's *Lolita* Booker explores a large body of leftist fiction popular novels and the films of Alfred Hitchcock and Walt Disney The book argues that while the canonical novels of the period employ a utopian aesthetic that aesthetic tends to be very weak and is not reinforced by content The leftist novels on the other hand employ a realist aesthetic but are utopian in their exploration of alternatives to capitalism The study concludes that the utopian energies in cultural productions of the long 1950s are very weak and that these works tend to dismiss utopian thinking as naïve or even sinister The weak utopianism in these works tends to be reflected in characteristics associated with postmodernism
