Save Yourself Six Pathways To Achievement In The Age Of Change:

Decisions Without Mistakes Kim Ward, 2003-01-06 I've been in management leadership supervision and directorship whatever everyone is calling it this week all of my adult life As I'm sure so have many of you Whether we were appointed anointed or the last person standing makes no difference the responsibilities of the job are the same we're expected to be successful with our team Our life as soon as we receive the responsibility can become a barrage of meetings telephone calls e-mails paperwork reports customer complaints issues concerns and downright problems Isn't management leadership supposed to be a promotion and honor Wow This book is a very small distillation of some common sense principles attitudes strategies and techniques that thousands have worked with me to develop during my career as a trainer and consultant I've witnessed researched and experienced the ever-changing work environment and the outcome is a management leadership process that is proven to work in today's interesting and challenging business setting This book is a part of that process The content in these pages can help any manager leader develop better business relationships build more powerful teams achieve higher goals reduce stress in themselves and others but most importantly make *Decisions Without Mistakes* Save Yourself! Robert Dean Gilbreath, 1991 Here's how to survive and thrive in the face of downsizing repeated reorganizations mergers and acquisitions and other career threatening catastrophes A funny irreverent and bluntly skeptical look at old rules and conventions *Escape from Management Hell* Robert Gilbreath, 1993-05 Twelve executives heading home after a high level leadership retreat in Aspen and dozing en route to Denver crash and find themselves in a loathsome foul smelling inferno Despair envelops them as they realize where they are And why And what it will take to escape There they are confronted by Satan's chief operating officer who lectures them You know budgets and prices and costs says the COO You know chains of command and spans of control and sales You know how to put a positive spin on a disastrous project how to doll up an annual report But you are here because you lack management wisdom Your shortsightedness your greed your well intentioned management styles just don't cut it anymore The only way they'll get out he tells them is to impart to the devil meaningful entertaining perhaps even amusing stories Stories that demonstrate the folly and futility of their own business practices Knowing that if one falls they all burn in Hell the twelve executives have two weeks to compose their tales and then in turn present them to Satan With Satan you will learn the mystery of a lost Aztec civilization witness Rome's most hilarious and deadly chariot race unravel the secret of a mass suicide experience civilization's greatest culture change and its aftermath and kneel with a penitent captain of industry as he confronts the horrors of his soul As each executive comes face to face with his or her own management sins you'll find answers to today's most pressing business issues including quality diversity empowerment decision making innovation risk taking and consensus building Managers and employees at every level can use these executives insights to transform the hell of modern management into a haven of creativity courage and lasting change *United We Stand* Thomas L.
