*Saving Face and Other Stories* Norah Lofts, 2005 A collection of nine stories set in the business and professional world of a small country town Each story ends with a surprise and often a shocking one      **Saving Face** Heather Laine Talley, 2014-08-15 Winner Body and Embodiment Award presented by the American Sociological Association Imagine yourself without a face the task seems impossible The face is a core feature of our physical identity Our face is how others identify us and how we think of our self Yet human faces are also functionally essential as mechanisms for communication and as a means of eating breathing and seeing For these reasons facial disfigurement can endanger our fundamental notions of self and identity or even be life threatening at worse Precisely because it is so difficult to conceal our faces the disfigured face compromises appearance status and perhaps our very way of being in the world In *Saving Face* sociologist Heather Laine Talley examines the cultural meaning and social significance of interventions aimed at repairing faces defined as disfigured Using ethnography participant observation content analysis interviews and autoethnography Talley explores four sites in which a range of faces are repaired face transplantation facial feminization surgery the reality show *Extreme Makeover* and the international charitable organization Operation Smile Throughout she considers how efforts focused on repair sometimes intensify the stigma associated with disfigurement Drawing upon experiences volunteering at a camp for children with severe burns Talley also considers alternative interventions and everyday practices that both challenge stigma and help those seen as disfigured negotiate outsider status Talley delves into the promise and limits of facial surgery continually examining how we might understand appearance as a facet of privilege and a dimension of inequality Ultimately she argues that facial work is not simply a conglomeration of reconstructive techniques aimed at the human face but rather that appearance interventions are increasingly treated as lifesaving work Especially at a time when aesthetic technologies carrying greater risk are emerging and when discrimination based on appearance is rampant this important book challenges us to think critically about how we see the human face      **Chioniso and Other Stories** Shimmer Chinodya, 2012-03-01 In this new collection *Chioniso and other stories* we are once again reminded how Shimmer Chinodya mines his experience for nuggets Playing with his doppelganger Godfrey he looks back on life in Harare and in Zimbabwe over the last decade exploring it from a familial perspective How does a father cope with a rebellious daughter or a wife he perceives as wayward How does one mediate traditional gender roles What to do when status in the form of a car undermines the stability of a marriage How does one manage a friendship with a new farmer What moral compromises are demanded by new wealth and political cronyism And what is the effect of religion on our lives Have we become more caring and compassionate or does piety provide a mask to disguise greed and ambition and justify a contempt for the poor This collection of stories will make you laugh but it will also challenge you to reconsider what it means to be Zimbabwean in the 21st century      *Out of Bounds and Other Stories* Howard Feigelman, 2006-04 In this short story compilation author Howard Paul Feigelman takes you from the

*Malakut and Other Stories* Bahrām Ṣādiqī, Bahram Sadeqi, 2012 A man who does not recognise his own face an aristocrat who keeps his amputated limbs in jars on the shelf an infant that commits suicide a cat that is secretly writing a novel a rooster that rebels against fate those are some of the characters that make Bahram Sadeqi s stories intriguing incomparable and inimitable Sadeqi is an original story teller who depicts familiar facts and mundane realities in such a way that shocks us to the core and makes us call everything into question With a subtle irony reminiscent of Poe Kafka and Marquez he engages us in an intricate quest to explore the meaning of life death and the cosmos Considering the slight body of work Sadeqi left behind after his untimely death one cannot help but be struck by the impact his work has had on Persian literature nevertheless Sadeqi consistently transgressed established literary ideologies with an easy confidence pioneering an entirely new style of literature and presenting his own unique perspective on the human condition His presence in contemporary Persian prose fiction was like that of a lone meteorite appearing in a blinding flash instantly yet fleetingly illuminating its surroundings then abruptly fading into the darkness leaving only a completely original overwhelming and fantastic trail the remainder of something singularly magnificent that we cannot hope to ever see repeated Ever since he first published his stories in literary journals as a young writer Sadeqi s works have been widely reprinted finding vast audiences among each new generation of Iranians This collection contains some of Sadeqi s best short stories as well as *Malakut* his magnum opus a novella that took everyone by

they've still got it of entitled and misogynistic men and of the hypocrisy and double standards within Indian society. With original and unexpected angles, these tales explore the darkness that underpins the often ordinary lives of people. Thought-provoking, intense, and evocative, these stories will transport you into the heart of India where tradition and modernity collide, often with devastating results. *Holi Moly* from four friends holding each other up as they navigate life's hardships to a young girl determined to rise above her circumstances, these are stories about the indomitable human spirit. Heartwarming, uplifting, and bittersweet, the third book in the India series comprises eight stories that explore the more joyful aspects of humanity. Tales that reflect the many facets of a land and a people who, despite their circumstances, find that ultimately a life well lived is one that is replete with love and meaning. A real gem of a book, beautifully written and full of surprises. It draws you in with the wonderful scenes through various lives in India. I didn't want this book of short stories to end, left me wanting more. This collection of short stories draws you in and deserves your full attention. These stories take you through a labyrinth of damaged and flawed characters. Poornima's latest stories are still vivid with Indian culture, colors, and flavors, but after having visited the dark side of humankind, this volume tells universal tales of love, friendship, and above all, hope.

**On Saving Face**  
Michael Keevak, 2022-06-20. In *On Saving Face*, Michael Keevak traces the Western reception of the Chinese concept of face during the past two hundred years, arguing that it has always been linked to nineteenth-century colonialism. Lose face and save face have become so normalized in modern European languages that most users do not even realize that they are of Chinese origin. Face is an extremely complex and varied notion in all East Asian cultures. It involves proper behavior and the avoidance of conflict encompassing every aspect of one's place in society as well as one's relationships with other people. One can give face, get face, fight for face, tear up face, and a host of other expressions. But when it began to become known to the Western trading community in China, beginning in the middle of the nineteenth century, it was distorted and reduced to two phrases only: lose face and save face, both of which were used to suggest distinctly Western ideas of humiliation, embarrassment, honor, and reputation. The Chinese were judged as a race obsessed with the fear of losing their face, and they constantly resorted to vain attempts to save it in the face of Western correction. Lose face may be an authentic Chinese expression, but save face is different. Save face was actually a Western invention. To save or to lose face, the giving of face or the humiliating absence of such a noble gesture, have since the nineteenth century been regarded as archetypal features of the puzzling cultural universe that China represented in the eyes of the West. This book is the fruit of many years of meticulous research by Michael Keevak, conclusively argued and importantly enjoyably written. A must for any reader with an interest in Chinese culture. Lars Laamann, SOAS University of London. Revising assumptions that saving face is a term of exclusively Chinese origin, Keevak traces deftly how the expression emerged rather in a shuttle movement between East and West in European colonialist efforts to pinpoint and essentialize Chineseness. This lucidly written book brings us to new understanding of an old term. Emily Sun, Barnard College, Columbia University.

Okoro, Dike, 2016-06-13 These stories portray life as instances of change under a canopy of love avarice determination redemption and triumph They are all vignettes of life in certain realistic and ephemeral ways Okoro portrays realism and illusion as two sides of a coin which inevitably propel us into fantasy and awareness The stories have a certain speed They seem to move and confront us with certain vagaries of life We enjoy these vagaries even when they occur unexpectedly as in The Cross Bearer where we find out that the person falsely accused of impregnating a girl was finally released when the real culprit was discovered In Boma s Wedding the plight of someone unknowingly falling in love and wanting to marry her own father becomes a kind of puzzle a certain tragedy of errors so to speak The fact that in most of the stories the environment is Port Harcourt Nigeria makes it homely for Nigerian readership The reader of these short stories will also enjoy the candor the humor and the wit inherent in them particularly when the story stops to delve into a dream sequence and finally back into the actual story mode The metaphorical intention of the author agrees with the literary symbolism of each short story This is a delight Oladipo Kalejaiye PhD Head of Department Theater Art Culture Lead City University Ibadan Nigeria *Waiting for Mr. Kim and Other Stories* Carol Roh Spaulding, 2023-09-15 This collection of linked stories follows four generations of the Songs a Korean American family beginning in 1924 just prior to the Immigration Act and extending to near the end of the century Linked stories or stories that form a story cycle are a common book length form seen in Asian American literature that accommodates multiple perspectives across generations and locations Through this story cycle patterns emerge as cultural identity and individuality often in tension with one another shape choices and outcomes With these stories Carol Roh Spaulding charts shifting definitions of Americanness across time through the arc of a family narrative She also explores desire and belonging as articulated in turns by the mother father granddaughter great grandson and even a ghost child who died after a tragic accident But these linked stories center on the life experiences of Gracie Song They follow her from girlhood to young motherhood through her children s teenage years and finally to her elderly solitude when to her great astonishment she finds romance with a younger man and reconciliation with an estranged daughter both unexpected gifts of later life *My Life and Other Stories* Bob Elles, 2013-05-14 Intelligence comes from ignorance as wisdom comes from naivet and there is nothing like gathering both from people who represent a diverse swath of nations throughout the world As cultures require contact with each other in order to grow and remain viable and not succumb to atrophy man too requires contact with men of different beliefs and practices No one nation or culture or religion has a hold on logic or is immune to extremism I feel blessed that Ive had the opportunity to absorb and learn about aspects of life that Im sure I wouldnt have learned otherwise In fact my whole belief system was changed over the past forty five years through this contact I began to do some research on my family and what I learned coupled with what I had experienced in my life literally brought me to tears in gratitude and admiration and hopefully in wisdom If you like to sit down and listen to stories told by say an old friend an uncle or a person with wrinkles on his face grey in his hair and a sparkle of wisdom in his eyes coupled with a smile on his

face then you should so bother If you dont then stop right here and go pick up and read a book on vampires or loves lost or whatever turns your fancy My life has been tragic and wondrous and I have what I call life lessons that I believe you will find helpful in your life Ill even go so far as to say that given even a fraction of introspection in you your life will be significantly altered after youve read this book I know that doesnt sound humble but I also know this to be true I have learned forgot and made up many a good story Keep this in mind when you read these chapters stories compiled within this book Are they all true Mostly with only the most embarrassing events removed An old retired Air Force fighter pilot once told me I have secrets only God and I know and thats the way it will remain      **Longing and Other Stories** Jun'ichirō.

The collection of thirty four folktales of the Beba showcases a wide variety of stories that capture the richness and complexities of an agrarian society's oral literature and traditions. Revenge, greed, and deception are among the themes that frame the story lines in both new and familiar ways. In the title story, a poor man finds himself elevated to king. The condition for his continued success is that he not open the sacred door. This tale of temptation is similar to the story of Pandora's box and concludes with the question, "What would you have done?" Makuchi relates the stories her mother told her so that readers can make connections between African and North American oral narrative traditions. These tales reinforce the commonalities of our human experiences without discounting our differences.
