## **Saving Face My Victory Over Skin Cancer:**

**On Saving Face** Michael Keevak, 2022-06-20 In *On Saving Face* Michael Keevak traces the Western reception of the Chinese concept of face during the past two hundred years arguing that it has always been linked to nineteenth century colonialism. Lose face and save face have become so normalized in modern European languages that most users do not even realize that they are of Chinese origin. Face is an extremely complex and varied notion in all East Asian cultures. It involves proper behavior and the avoidance of conflict encompassing every aspect of one's place in society as well as one's relationships with other people. One can give face, get face, fight for face, tear up face and a host of other expressions. But when it began to become known to the Western trading community in China beginning in the middle of the nineteenth century it was distorted and reduced to two phrases only: lose face and save face, both of which were used to suggest distinctly Western ideas of humiliation, embarrassment, honor and reputation. The Chinese were judged as a race obsessed with the fear of losing their face and they constantly resorted to vain attempts to save it in the face of Western correction. Lose face may be an authentic Chinese expression but save face is different. Save face was actually a Western invention. To save or to lose face, the giving of face or the humiliating absence of such a noble gesture have since the nineteenth century been regarded as archetypal features of the puzzling cultural universe that China represented in the eyes of the West. This book is the fruit of many years of meticulous research by Michael Keevak, conclusively argued and importantly enjoyably written. A must for any reader with an interest in Chinese culture. Lars Laamann, SOAS University of London. Revising assumptions that saving face is a term of exclusively Chinese origin, Keevak traces deftly how the expression emerged rather in a shuttle movement between East and West in European colonialist efforts to pinpoint and essentialize Chineseness. This lucidly written book brings us to new understanding of an old term. Emily Sun, Barnard College, Columbia University.

Since I wrote it while things were happening on its pages I poured my heart in. It are my weaknesses and my strengths. Is a book that provokes many emotions to cry to laugh to reflect. handled the battle It is a book that conveys the love of God and the love of family and friends who accompanied me throughout my process A book inspired by the Holy Spirit I could not have written it without His help It is my desire that every person who reads it receives hope peace love and faith to face any difficult circumstances and experience God's embrace
