Saving The Best Of Texas A Partnership Approach To Conservation:

Saving the Best of Texas Richard C. Bartlett, 2010-06-28 With a deep belief in partnerships for conservation Richard C Bartlett Chairman of The Nature Conservancy of Texas explores the past and ongoing efforts of individuals and groups private public federal and state to save the best of Texas natural landscapes and the myriad species of plants and animals they support Drawing on some 100 000 miles of backroads travel Bartlett vividly describes many of the areas that through a commitment to partnerships have already been preserved in their natural state Fine color photographs by Leroy Williamson provide a striking visual counterpoint to the text These words and images give well deserved credit to the people responsible for saving some of the best of Texas They also highlight the need to continue to join together to preserve our natural environment so that the beauty and diversity we enjoy today will be available for future generations It is the author s hope that Saving the Best of Texas will be a catalyst in that process

Saving the Best of Texas Richard C. Bartlett, 1995 This book about the conservation of Texas diverse and beautiful land will be enjoyed not just by Texas conservationists but by anyone interested in natural landscapes and the various efforts to protect them Far from a radical or extreme environmentalist Bartlett speaks rationally and eloquently about countless landscapes and the specific ecosystems which inhabit them The book also offers stunning glossy photographs which make it that much more delightful Books of the Southwest With a deep belief in partnerships for conservation Richard C Bartlett Chairman of The Nature Conservancy of Texas explores the past and ongoing efforts of individuals and groups private public federal and state to save the best of Texas natural landscapes and the myriad species of plants and animals they support Drawing on some 100 000 miles of backroads travel Bartlett vividly describes many of the areas that through a commitment to partnerships have already been preserved in their natural state Fine color photographs by Leroy Williamson provide a striking visual counterpoint to the text These words and images give well deserved credit to the people responsible for saving some of the best of Texas They also highlight the need to continue to join together to preserve our natural environment so that the beauty and diversity we enjoy today will be available for future generations It is the author s hope that Saving the Best of Texas will be a catalyst in that p

Texas Library Journal , 1995 The Texas Landscape Project David A. Todd, Jonathan Ogren, 2016-06-05 The Texas Landscape Project explores conservation and ecology in Texas by presenting a highly visual and deeply researched view of the widespread changes that have affected the state as its population and economy have boomed and as Texans have worked ever harder to safeguard its bountiful but limited natural resources Covering the entire state from Pineywoods bottomlands and Panhandle playas to Hill Country springs and Big Bend canyons the project examines a host of familiar and not so familiar environmental issues A companion volume to The Texas Legacy Project this book tracks specific environmental changes that have occurred in Texas using more than 300 color maps expertly crafted by cartographer Jonathan Ogren and over 100 photographs that coalesce to fashion a broad portrait of the modern Texas landscape The rich data compiled by

author David Todd are presented in clearly written yet marvelously detailed text that gives historical context and contemporary statistics for environmental trends connected to the land water air energy and built world of the second largest and second most populated state in the nation An engaging read for any environmentalist or conscientious citizen The Texas Landscape Project provides a true sense of the grand scope of the Lone Star State and the high stakes of protecting it To learn more about The Meadows Center for Water and the Environment sponsors of this book s series please click here
