The World's Sixteen Crucified Saviors; Or, Christianity Before Christ Kersey Graves, 2022-05-28 In The World s Sixteen Crucified Saviors Or Christianity Before Christ Kersey Graves undertakes a provocative examination of religious history positing that the figure of Jesus Christ shares striking similarities with previous savior figures across various cultures and civilizations Through meticulous comparisons and thorough research Graves delineates the archetype of the crucified savior revealing a tapestry of mythological parallels that question the uniqueness of Christian doctrine His literary style is both analytical and narrative driven presenting a compelling case within the broader context of 19th century religious criticism and emerging secular thought Kersey Graves a 19th century author and freethinker was known for his inquiry into the intersections of religion and rationalism His background as a member of the reformist movement informed his critiques of established religious norms and illuminated his quest for a universal understanding of spirituality Graves s multifaceted exploration of historical texts and religious allegories reflects a profound desire to challenge the dogma of his time and incite intellectual discourse on faith and morality This book is highly recommended for readers interested in theology mythology and the historical evolution of religious motifs Graves provides a thought provoking inquiry that encourages critical examination and dialogue regarding the foundations of belief systems making it essential reading for scholars and laypersons who seek to delve into the complexities of faith across cultures Decolonizing Wealth Edgar Villanueva, 2018-10-16 Decolonizing Wealth is a provocative analysis of the dysfunctional colonial dynamics at play in philanthropy and finance Award winning philanthropy executive Edgar Villanueva draws from the traditions from the Native way to prescribe the medicine for restoring balance and healing our divides Though it seems counterintuitive the philanthropic industry has evolved to mirror colonial structures and reproduces hierarchy ultimately doing more harm than good After 14 years in philanthropy Edgar Villanueva has seen past the field s glamorous altruistic fa ade and into its shadows the old boy networks

the savior complexes and the internalized oppression among the house slaves and those select few people of color who gain access All these funders reflect and perpetuate the same underlying dynamics that divide Us from Them and the haves from have nots In equal measure he denounces the reproduction of systems of oppression while also advocating for an orientation towards justice to open the floodgates for a rising tide that lifts all boats In the third and final section Villanueva offers radical provocations to funders and outlines his Seven Steps for Healing With great compassion because the Native way is to bring the oppressor into the circle of healing Villanueva is able to both diagnose the fatal flaws in philanthropy and provide thoughtful solutions to these systemic imbalances Decolonizing Wealth is a timely and critical book that preaches for mutually assured liberation in which we are all inter connected **Decolonizing Wealth, Second Edition** Edgar Villanueva,2011-09-06

This second edition expands the provocative analysis of the racist colonial dynamics at play in philanthropy and finance into other sectors and offers practical advice on how anyone can be a healer The world is out of balance With increasing frequency we are presented with the inescapable truth that systemic racism and colonial structures are foundational principles to our economies The 1 trillion philanthropic industry is one example of a system that mirrors oppressive colonial behavior It s an industry whose name means the love for humankind yet it does more harm than good In Decolonizing Wealth Edgar Villanueva looks past philanthropy s glamorous altruistic facade and into its shadows white supremacy savior complexes and internalized oppression Across history and to the present day the accumulation of wealth is steeped in trauma How can we shift philanthropy toward social reconciliation and healing if the cornerstones are exploitation extraction and control Drawing from Native traditions Villanueva empowers individuals and institutions to begin to repair the damage through his Seven Steps to Healing In this second edition Villanueva adds inspiring examples of people using their resources to decolonize entertainment museums libraries land ownership and much more Everyone can be a healer and a leader in restoring balance and we need everyone to do their part As Villanueva writes All our suffering is mutual All our healing is mutual All our thriving is mutual Are you ready **The Savior** Lyndsay Lemon,2021-11-19

The Savior By Lyndsay Lemon There was a time when the planet was in harmony The clans worked together to bring prosperity through the land Magic flourished around the world bringing new life and healing to all the people The people were coming together for the greater good of their lives until a new science developed deep underground in the catacombs of the Spade Clan In a world torn apart by civil war a young girl named Jade discovers that she is destined to be evil s greatest weapon Rescued from darkness she finds herself accepted into The Saviors a ragtag clan of soldiers and magic wielders hoping to save the world But can Jade truly outrun her destiny Will she be the Key that grants the Destroyers unlimited power over the realm Or can she harness her own power and unite the clans to stop the Destroyers once and for all The Savior is a classic fantasy adventure with a strong female hero fighting to control the power within and to prove no one s destiny is written in stone
