1st-level divination

Casting Time: 1 action

Range: Self

Components: V, M (mercury-based paint and a blank canvas worth 10 gp)

Duration: Instantaneous

Classes: Artificer, Bard, Wizard

You utter an arcane word, capturing a moment in time from your perspective within a blank canvas you've touched within the last 8 hours that is on the same plane of existence as you that is used as the material component. The canvas is instantly painted over with enchanted pigments, perfectly depicting everything you were seeing the moment you cast the spell.

A creature that uses its action to examine the painting can determine that it is magically created with a successful Intelligence (Investigation) check against your spell save DC.

At Higher Levels: If you cast this spell using a spell slot of 2nd level or higher, invisible creatures and objects appear in the painting. If you use a spell slot of 3rd level or higher, any illusion or magical darkness is dispelled in the painting, and any shapechangers or other creatures transformed by magic are revealed in their native forms in the painting.
