Jose Ortega y Gasset,2002-01-01 Appearing in English for the first time this book comprises two of Ortega s most important works Qu es conocimiento and the essay Ideas y creencias This is Ortega s attempt to systematically present the foundations of his metaphysics of human life and on that basis to provide a radical philosophical account of knowledge In so doing he criticizes idealism and overcomes it Accordingly this book goes well beyond a treatise on epistemology in fact as understood in modern philosophy this discipline and its questions are shown to be derivative and in that sense they are transcended here by Ortega s systematic effort Written during the time of his maturity these works are representative of his fruitful and radical period Both Qu es conocimiento and Ideas y creencias are equally decisive not only for the understanding and radical completion of Ortega s work but also for their relevance to the work of continental philosophers during the same period and for years to come e g Husserl Jaspers Heidegger Sartre and others The Living Church ,1955 **Joy** Osho,2004-03-18 The Insights for a New Way of Living series aims to shine light on beliefs and attitudes that prevent individuals from being their true selves With an artful mix of compassion and humor Osho encourages his audience to confront what they would most like to avoid which in turns provides the key to true insight and power In Joy The Happiness That Comes From Within the seventh book in this series Osho posits that to be joyful is the basic nature of life Joy is the spiritual dimension of happiness in which one begins to understand one s intrinsic value and place in the universe Accepting joy is a decision to go with the flow to be grateful to be alive and for all the challenges and opportunities in life rather than setting conditions or demands for happiness Joy is a wondrous investigation into the source and importance of joyfulness in our lives *Spirit Growth Volume 1* Rodger Gibbs,2006-10 Through poetry prayer and its answers sermon notes Bible study and quiet time in communion with God Gibbs describes his life in Christ Christian Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,1910 *Emotions and Understanding* Y. our next new adventure This is not a book of divine informative revelation These words do not come from heaven These writings knowledge arose in the Heart through Universal Intuition and were written from Oneself to oneself without the interference of the author s personal thoughts ego What you call I is your identity Bonding yourself with your identity creates the I am ego personality This identity of yours is not actually you it is an illusory state of what you are not In Reality you are not your ego identity The external world and its social parameters play a big role in forming this ego identity You do not own anything no name no form or any image that you can call I You have not constructed or created these You do not own anything you think you can control or possess When you identify yourself with these things the things that you are not or do not own you are creating a self imposed prison for yourself and living inside of it In other words you create your ego personality In this case we have to ask the following question who am I Really Are you really all that you claim to own names forms and images Are you only made up of body and mind When you identify with these beliefs and those of the collective world consciousness you get lost and break away from your true Reality When you claim ownership of these names forms and images you create your ego personality Whenever you say I am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing If you do not identify with anything if you do not claim ownership of anything the I ceases to exist Removing the I dissolving it is the ultimate freedom we seek The walls of the self imposed prison of ego personality you possessively created will fall away Here in this liberated state of being the necessity for choice or decision falls away too You act just as is needed in each moment of life as it arises in the Now Thoughts of should I have done this or that will disappear The mind is like software running on a computer The virus that corrupts the software is the ego It is this ego personality that creates erroneous beliefs and then claims ownership of them Only when this virus is removed by an antivirus program Mind reveals itself in its full capacity With this cleaning up process human minds become increasingly liberated and expansively intelligent In this Book knowledge of advanced life is being released into the public publishing domain for the first time This life can be described with concepts of Absolute Human Birth of Absolute Humanity Experiencing Non Existence and Beyond Non Existence We believe through our life experience that the only way to change our individual and collective point of view is to know NON EXISTENCE The will behind the writing and publishing of this knowledge in the Book arose in servitude      *Public Papers of the Presidents of the United States, William J.
