J. R. M.)*

In 1900 eighteen year old Pablo Picasso journeyed from Barcelona to Paris the glittering capital of the art world For the next several years he endured poverty and neglect before emerging as the leader of a bohemian band of painters sculptors and poets Here he met his first true love and enjoyed his first taste of fame Decades later Picasso would look back on these years as the happiest of his long life Recognition came first from the avant garde then from daring collectors like Leo and Gertrude Stein In 1907 Picasso began the vast disturbing masterpiece known as *Les Femmes d'Alger (O. J. R. M.)* Inspired by the painting of Paul Cézanne and the inventions of African and tribal sculpture Picasso created a work that captured the disorienting experience of modernity itself The painting proved so shocking that even his friends assumed he'd gone mad but over the months and years it exerted an ever greater fascination on the most advanced painters and sculptors ultimately laying the foundation for the most innovative century in the history of art In *Picasso and the Painting That Shocked the World* Miles J Unger combines the personal story of Picasso's early years in Paris his friendships his romances his great ambition his fears with the larger story of modernism and the avant garde The Christian Science Monitor This is the story of an artistic genius with a singular creative gift It is riveting This engrossing book chronicles with precision and enthusiasm a painting with lasting impact in today's art world Publishers Weekly starred review all of it played out against the backdrop of the world's most captivating city

**Matisse and Picasso** Yve-Alain Bois, Kimbell Art Museum, 1998 As Joachim Pissarro points out in the foreword of this volume Matisse and Picasso's dense plot and rich narrative make this work read more like a suspense novel than a traditional art history treatise Bois's thoroughly researched historical demonstration is supported by striking visual juxtapositions of works by the two artists brought together here for the first time making this long awaited study a major contribution to the history of twentieth century art

Picasso Leo Steinberg, 2022-06-24 The fourth volume in the *Essays* by Leo Steinberg series focusing on the artist Pablo Picasso Leo Steinberg was one of the most original art historians of the twentieth century known for taking interpretive risks that challenged the profession by overturning reigning orthodoxies In essays and lectures ranging from old masters to modern art he combined scholarly erudition with eloquent prose that illuminated his subject and a credo that privileged the visual evidence of the image over the literature written about it His writings sometimes provocative and controversial remain vital and influential reading Steinberg's perceptions evolved from long hard looking at his objects of study Almost everything he wrote included passages of formal analysis but always put into the service of interpretation This volume brings together Steinberg's essays on Pablo Picasso many of which have been studied and debated for decades such as *The Philosophical Brothel* as well as unpublished lectures including *The Intelligence of Picasso* a wide ranging look at Picasso's enduring ambition to stretch the agenda of representation from childhood drawings to his last self portrait An introduction by art historian Richard Shiff contextualizes these works and illuminates Steinberg's lifelong dedication to refining the expository interpretive and rhetorical features of his writing *Picasso* is the fourth volume in a series that presents Steinberg's writings selected and edited by his longtime associate Sheila Schwartz

Picasso: A Biography Patrick O'Brian, 1994-03-17 The best biography of Picasso Kenneth Clark Patrick O'Brian's outstanding biography of Picasso is here available in paperback for the first time It is the most comprehensive yet written and the only biography fully to appreciate the distinctly Mediterranean origins of Picasso's character and art

Everything about Picasso except his physical stature was on an enormous scale No painter of the first rank has been so awe inspiringly productive No painter of any rank has made so much money A few painters have rivaled his life span of ninety years but none has attracted so avid so insatiable a public interest Patrick O Brian knew Picasso sufficiently well to have a strong sense of his personality The man that emerges from this scholarly passionate and brilliantly written biography is one of many contradictions hard and tender mean and generous affectionate and cold private despite the relish of his fame In his later years he professed communism yet in O Brian s view retained to the end of his life a residual Catholic outlook Not that such matters were allowed to interfere with his vigorous sensuality Sex and money eating and drinking friends and quarrels comedies and tragedies suicides and wars tumble one another in the vast chaos of his experience he was a man almost as lonely as the sun but one who glowed with much the same fierce burning life It is with that impression of its subject that this book leaves its readers
