Love's Time Betty McLain, 2022-01-10 When Angelica fell and hit her head the year was 1995 Now it is 2015 but to her it only seems like one day Awake in a strange hospital room she tells her story to young doctor Alex who doesn't know what to believe Can Alex and Angelica discover why and how she was brought to his time Is there a way to send her home or does love have other plans Betty's note each book in the Love's Magic series is a standalone romance novel and can be enjoyed even if you haven't read other books in the series *Spiritual Warfare* Eagle Feather, 2018-04-03 Surrounded by street wars and gang violence Joshua Lone Wolf dwells in a foul and brutal existence Haunted by a tragic past of senseless violence he fights valiantly against the forces of darkness in order to maintain his sanity But the voices of the dead taunt him at every

turn In an epic battle of love and hate journey with this young thug as he climbs the ranks of the drug trade copes with the betrayal of a friend and struggles with the definition of love **Love's Obsession** Betty McLain,2021-12-06 The mirror showed a girl her true love That s what everyone said Girls rushed to check their reflection hoping to see if the stories were true Not Doris She had no interest in finding her true love How was Doris supposed to trust in love Derrick said he loved her but when she did not return his feelings his so called love turned into an obsession that took the lives of her mother and step father Mark Black Feather was pleasantly surprised to see the magic mirror reveal the face of his true love He never expected she d be unhappy to see him or that her life would be in danger from a madman Can true love grow surrounded by tragedy and danger or will one man s obsession end their love before it can truly begin Betty s note each book in the Love s Magic series is a standalone romance novel and can be enjoyed even if you haven t read other books in the series Hatreds We Love Stephen J. Ducat,2024-06-25 An in depth psychological anthropological neuroscientific and historical look at MAGA Republicans and the American Far Right Fueled by conspiracy thinking and a growing indifference to facts some Americans especially on the Right are increasingly seeing their fellow citizens as threats that must be eliminated We are witnessing an epidemic of domestic terrorism with a rapidly accumulating body count This may be the most serious challenge to the integrity of the United States since the Confederate insurrectionists launched their assault on Fort Sumpter in 1861 While an in depth psychological reading of political events Hatreds We Love The Psychology of Political Tribalism in Post Truth America is grounded in the scholarship and insights of social psychologists anthropologists historians psychoanalysts neuroscientists and the many intrepid journalists increasingly threatened by authoritarians who have good reasons to fear truthful reporting And of course author Stephen J Ducat draws on his own experiences visions and values A major topic addressed in the book is the malignant mindset animating MAGA neo fascism s zealous partisans Donald Trump s fortunes may fade in the coming months and years but Trumpism will likely remain ascendant Of course xenophobic bigotry violent aversion to democracy political cults of personality and indifference to facts are global phenomena and not limited to the United States But America plays a prominent role even abroad In December 2022 it was revealed that a right wing coup attempt in Germany was to some extent modeled on America s own post election insurrection which was planned and executed by the paramilitary wing of the MAGA movement That German episode was not the first time that the actions of American anti democratic and white supremacist groups became the template for similar efforts worldwide In the 1930s German fascists looked to America as a blueprint for implementing race based tribalism Hitler so admired Jim Crow laws in the United States especially concerning citizenship and anti miscegenation laws that he sent a team of legal scholars to study their statutory framework for addressing the problem of racial pollution While the Nazis initially found a lot to love and incorporate into the Nuremberg Laws they ironically rejected much of the American model as too harsh Many pundits have decried the extremism of Trumpian lynch mob politics On the contrary Hatreds We Love argues that it is contiguous with the

long history of American conservatism going back at least to the antebellum South From this perspective the worldview and actions of the GOP s MAGA faction are the logical outcomes of the consistently expressed right wing ethos of domination xenophobia and the freedom to harm Although there is much handwringing about the toxic synergy of authoritarian political forces white identity politics and the embrace of post factuality there is insufficient understanding of the links between them Chief among those links is tribal psychology Nearly every political pundit decries political tribalism Yet public discussion rarely addresses more than its most disturbing symptoms Hatreds We Love speaks to the causes and underlying dynamics of what is now one of the greatest threats to the viability of what remains of American democracy and global democratic governance more broadly
