Loyalties A Sons Memoir:

Loyalties Carl Bernstein, Margery Bernstein, 1991-02-01 *Woodward and Bernstein* Alicia C. Shepard, 2008-05-02 Based on new interviews and never before seen archival materials Woodward and Bernstein takes a fresh thought provoking look at this unlikely journalistic duo Thrown together by fate or luck Woodward and Bernstein changed the face of journalism and the American presidency For the first time Shepard separates myth from reality as she traces the lives of the iconic journalists before and after Watergate *Wicked Times* Aaron Kramer, 2004 This is the collected work of a major versatile American poet passionately engaged with everything from the Holocaust and the Spanish Civil War to his love for New York City and his wife The editors argue that his long poem sequence *Denmark Vesey* stands as the most ambitious poem about African American history ever written by a white American *Wicked Times* includes previously unpublished poems and the first detailed account of Kramer's life along with photos and extensive explanatory notes *Red Diapers* Judy Kaplan, Linn Shapiro, 1998 *Red Diapers* is the first anthology of autobiographical writings by the children of American communists These memoirs short stories and poems reflect the joys and perils of growing up in a subculture defined by its opposition to some of society's most deeply held values How red diaper babies have come to terms with their political inheritance is the theme of this compelling anthology Some contributors have fond memories of family activism others recall the past with ambivalence or even pain The authors range in age from their twenties to their eighties Some such as Watergate reporter Carl Bernstein and sixties activist Bettina Aptheker are widely known themselves some are the children of well known American leftists including Jeff Lawson son of blacklisted screenwriter John Howard Lawson and Robert Meeropol son of Ethel and Julius Rosenberg In disparate voices the contributors elaborate on how their parents attempted to pass on to them the torch of radical politics *Second String Red* Albert Vetere Lannon, 1999-01-01 In this fascinating biography Albert Lannon son of Al Lannon offers a scholarly look at his father's life and development as an American Communist Beginning with Al Lannon's days as a teenage runaway and following his career in the Party the author utilizes primary and secondary sources to document this extraordinary life in depth Concluding the book with his own perspectives on his father's life Lannon presents a unique and personal view of this important figure in American labor history *Second String Red* will be of great interest to scholars of American trade unionism and communism *Inside Ocean Hill Brownsville* Charles S. Isaacs, 2014-05-09 The story of an Ocean Hill Brownsville teacher who crossed picket lines during the racially charged New York City teachers strike of 1968 In 1968 the conflict that erupted over community control of the New York City public schools was centered in the black and Puerto Rican community of Ocean Hill Brownsville It triggered what remains the longest teachers strike in US history That clash between the city's communities of color and the white predominantly Jewish teachers union paralyzed the nation's largest school system undermined the city's economy and heightened racial tensions ultimately transforming the national conversation about race relations At age twenty two when the strike was imminent Charles S Isaacs abandoned his

full scholarship to a prestigious law school to teach mathematics in Ocean Hill Brownsville. Despite his Jewish background and pro union leanings, Isaacs crossed picket lines manned by teachers who looked like him and took the side of parents and children who did not. He now tells the story of this conflict not only from inside the experimental community controlled Ocean Hill Brownsville district, its focal point, but from within ground zero itself, Junior High School 271, which became the nation's most famous or infamous public school. Isaacs brings to life the innovative teaching practices that community control made possible and the relationships that developed in the district among its white teachers and its black and Puerto Rican parents, teachers and community activists. Inside Ocean Hill Brownsville is one of the finest accounts of this turbulent time in America's educational history. As a firsthand analysis of a teacher embroiled in the Ocean Hill Brownsville community fight for educational justice, it has no peer. From its vantage point, forty-five years after the conflict, we finally have a corrective to a plethora of secondhand analyses that have been written over the years. It is a candid picture that I recommend highly.

Maurice R. Berube, coeditor of *Confrontation at Ocean Hill Brownsville*. Inside Ocean Hill Brownsville makes a vital contribution to a much needed reinterpretation of the epochal struggles over community control of the New York City public schools in the 1960s and the divisive UFT fall 1968 strikes in opposition to that community based movement. Writing from the firsthand perspective of a young Jewish math teacher at JHS 271, Isaacs brings this important story vividly to life with insight, candor and humor. He evokes the attitudes and actions of a rich array of ordinary teachers, administrators, students and parents who fought to defend the community control experiment in the face of the lies and distortions perpetrated by UFT officials and the mainstream press. A must read for anyone interested in creating successful public schools, this book helps us remember what democratic public education might look like.

Stephen Brier, The Graduate Center, City University of New York. Charles Isaacs's *Inside Ocean Hill Brownsville* is a firsthand account of the dramatic events of New York City's greatest school crisis. Isaacs debunks many of the popular myths of black militants waging assaults on teachers. Instead, he demonstrates that the episode in Ocean Hill Brownsville was a case of black and Latino parents with the support of a number of teachers at JHS 271 struggling for the education of their children and for a more democratically run educational system. These parents faced one of the most powerful unions in the city and a bureaucratic board of education that wanted to protect the status quo. There have been many books written on the 1968 teachers strike, but Isaacs's well written, detailed account is by far the best.

Clarence Taylor, author of *Knocking at Our Own Door*. Milton A. Galamison and the Struggle to Integrate New York City Schools. **The Fight for the Soul of the Democratic Party**. John Nichols, 2020-04-06. Fighting fascism at home and abroad begins with the consolidation of a progressive politics. Seventy-five years ago, Henry Wallace, then the sitting Vice President of the United States, mounted a campaign to warn about the persisting Danger of American Fascism. As fighting in the European and Japanese theaters drew to a close, Wallace warned that the country may win the war and lose the piece, that the fascist threat that the U.S. was battling abroad had a terrifying domestic variant growing rapidly in power, wealthy

corporatists and their allies in the media Wallace warned that if the New Deal project was not renewed and expanded in the post war era American fascists would use fear mongering xenophobia and racism to regain the economic and political power that they lost He championed an alternative progressive vision of a post war world an alternative to triumphalist American Century vision then rising in which the United States rejected colonialism and imperialism Wallace s political vision as well as his standing in the Democratic Party were quickly sidelined In the decades to come other progressive forces would mount similar campaigns George McGovern and Jesse Jackson more prominently As John Nichols chronicles in this book they ultimately failed a warning to would be reformers today but their successive efforts provide us with insights into the nature of the Democratic Party and a strategic script for the likes of Bernie Sanders and Alexandria Ocasio Cortez **"All**

Korstad,2003-11-20 Drawing on

scores of interviews with black and white tobacco workers in Winston Salem North Carolina Robert Korstad brings to life the

forgotten heroes of Local 22 of the Food Tobacco Agricultural and Allied Workers of America CIO These workers confronted a system of racial capitalism that consigned African Americans to the basest jobs in the industry perpetuated low wages for all southerners and shored up white supremacy Galvanized by the emergence of the CIO African Americans took the lead in a campaign that saw a strong labor movement and the reenfranchisement of the southern poor as keys to reforming the South and a reformed South as central to the survival and expansion of the New Deal In the window of opportunity opened by World War II they blurred the boundaries between home and work as they linked civil rights and labor rights in a bid for justice at work and in the public sphere But civil rights unionism foundered in the maelstrom of the Cold War Its defeat undermined later efforts by civil rights activists to raise issues of economic equality to the moral high ground occupied by the fight against legalized segregation and Korstad contends constrains the prospects for justice and democracy today

Truman Defeats Dewey Gary A. Donaldson, 2021-12-14 Fifty years ago Harry S Truman pulled off the greatest upset in U S political history With his party split on both the left and the right and facing a formidable Republican opponent in New York governor Thomas E Dewey the Missourian was thought to have little chance of remaining in the White House But politics in the postwar years were changing dramatically Truman and his advisers successfully read those changes their strategy focused on building a coalition of organized labor African Americans in large northern cities and traditional liberals and ignoring protests from the conservative South Donaldson argues that Dewey did nearly as much to lose the election as Truman did to win it Dewey entered the campaign so overconfident that he refused to confront Truman on the issues The Republicans certain of a mandate from the public after the midterm elections of 1946 prepared to disassemble the New Deal Yet they suffered from even more severe internal division than the Democrats The 1948 presidential campaign was a watershed event in the history of American politics It encompassed Truman s rousing Give em Hell Harry speeches and intriguing behind the scenes political maneuvering It was the first election after Roosevelt s death and the last before the advent of television It marked the new political prominence of African American voters and organized labor as well as the South s declining influence over the Democratic Party
