**George Andrew Panichas, George A.  
Panichas**

### **Modern Age The First Twenty Five Years A Selection:**

**Modern Age, the First Twenty-five Years** George Andrew Panichas, George A. Panichas, 1988 These seventy eight essays characterize the richness and diversity of conservative scholarship Modern Age was founded in 1957 by Russell Kirk with Henry Regnery and David S Collier The magazine is now published by the Intercollegiate Studies Institute George A Panichas is the current editor of Modern Age and a Professor of English at the University of Maryland

**American Labyrinth** Raymond Haberski, Jr., Andrew Hartman, 2018-12-15 American Labyrinth contains a stimulating and useful collection of essays by historians reflecting on American intellectual history As a whole the book convinces the reader that the field of intellectual history is enjoying a renaissance The book will be especially prized by intellectual historians but historians of many different persuasions will find these essays rewarding too Choice Intellectual history has never been more relevant and more important to public life in the United States In complicated and confounding times people look for the principles that drive action and the foundations that support national ideals American Labyrinth demonstrates the power of intellectual history to illuminate our public life and examine our ideological assumptions This volume of essays brings together 19 influential intellectual historians to contribute original thoughts on topics of widespread interest Raymond Haberski Jr and Andrew Hartman asked a group of nimble sharp scholars to respond to a simple question How might the resources of intellectual history help shed light on contemporary issues with historical resonance The answers all rigorous original and challenging are as eclectic in approach and temperament as the authors are different in their interests and methods Taken together the essays of American Labyrinth illustrate how intellectual historians operating in many different registers at once and ranging from the theoretical to the political can provide telling insights for understanding a public sphere fraught with conflict In order to understand why people are ready to fight over cultural symbols and political positions we must have insight into how ideas organize enliven and define our lives Ultimately as Haberski and Hartman show in this volume the best route through our contemporary American labyrinth is the path that traces our practical and lived ideas

**Russell Kirk** James E. Person, 1999-10-20 This first full length treatment of Russell Kirk s life and accomplishments blends new biographical insights and critical perspectives about the author of the ground breaking *The Conservative Mind*

*Wilhelm Röpke (1899-1966)* Patricia Commun, Stefan Kolev, 2018-02-15 This volume provides a comprehensive account of Wilhelm Röpke as a liberal political economist and social philosopher Wilhelm Röpke 1899-1966 was a key protagonist of transatlantic neoliberalism a prominent public intellectual and a gifted international networker As an original thinker he always positioned himself at the interface between political economy and social philosophy as well as between liberalism and conservatism Röpke s endeavors to combine these elements into a coherent whole as well as his embeddedness in European and American intellectual networks of liberal and conservative thinkers are a central theme throughout the book The volume includes papers by international experts from a conference in Geneva on the occasion of the 50th anniversary of Röpke s

passing The first part focuses on new biographical insights into his exile years in Istanbul and Geneva while the second part discusses his business cycle theory in the context of the Great Depression and the third part elaborates on his multifaceted social philosophy Wilhelm Röpke was among the most important thinkers within the classical liberal revival post WWII with intriguing tensions between liberalism and conservatism A highly recommended volume Peter J Boettke 2016 2018 President of the Mont Pelerin Society and Professor of Economics and Philosophy George Mason University This important collection of papers provides an in depth assessment of Wilhelm Röpke's contributions placing him in the context of his time A fine contribution Bruce J Caldwell Director of the Center for the History of Political Economy and Research Professor of Economics Duke University

**A New Birth of Freedom** Harry V. Jaffa, 2018-09-01 When it originally appeared A New Birth of Freedom represented a milestone in Lincoln studies the culmination of over a half a century of study and reflection by one of America's foremost scholars of American politics Now reissued on the centenary of Jaffa's birth with a new foreword by the esteemed Lincoln scholar Allen Guelzo this long awaited sequel to Jaffa's earlier classic Crisis of the House Divided offers a piercing examination of the political thought of Abraham Lincoln and the themes of self government equality and statesmanship on the eve of the Civil War Four decades ago Harry Jaffa offered powerful insights on the Lincoln Douglas debates in his Crisis of the House Divided In this long awaited sequel he picks up the threads of that earlier study in this stimulating new interpretation of the showdown conflict between slavery and freedom in the election of 1860 and the secession crisis that followed Every student of Lincoln needs to read and ponder this book James M McPherson Princeton University A masterful synthesis and analysis of the contending political philosophies on the eve of the Civil War A magisterial work that arrives after a lifetime of scholarship and reflection and earns our gratitude as well as our respect Kirkus Reviews The essence of Jaffa's case meticulously laid out over nearly 500 pages is that the Constitution is not as Lincoln put it a free love arrangement held together by passing fancy It is an indissoluble compact in which all men consent to be governed by majority provided their inalienable rights are preserved Bret Stephens The Wall Street Journal

**this world a journal of religion and public life**, *Educating for Liberty* Lee Edwards, 2003-10-01 In this superb history which includes portraits of many of the leading figures of the American intellectual conservative movement Edwards recounts the rich fruits of their unrelenting labors

David Hume Robert Case, 2021-09-02 David Hume 1711 1776 swam in the eighteenth century philosophic waters created and dominated by Scottish Presbyterian thought and politics Robert Case argues that this reformed environment is expressed however inchoately in much of what Hume wrote Hume's eighteenth century views on experience customs and common life provide a viable social and political framework for American contemporary life If the New Testament writer Jude marinated his theological thoughts in the midst of the prevailing Jewish culture of his day in order to arrive at the inspired narrative of his little book and if the American founding fathers can be said to establish a Christian nation however that is defined David Hume can be said to have been greatly influenced by the

Scottish political and theological pieties of John Knox 1513 1572 Samuel Rutherford 1600 1661 and their successors Into our post Christian culture David Hume s notion of the power of custom offers a non religious based society as an alternative for securing stable secure and satisfying social relationships and structures in which Christianity can flourish Robert Case s principal objective is to show how Hume s ambassadorial task of straddling the world of the academy and the world of the main street is relevant for today s American post Christian evangelical mindset

**Aristocratic Voices** Richard Avramenko, Ethan Alexander-Davey, 2024-12-15 In the 21st century political debates appear to center on fundamental conflicts between the people and elites Most of these discussions emphasize strategies to protect and empower the oppressed masses against a predatory ruling class Much of classical political thought however was written from an aristocratic point of view that is it ascribed paramount importance to the question of elite formation Assuming inequality as a permanent feature of human associations what virtues would elites need to have what institutions and traditions would cultivate the best qualities in members of the ruling class and curb their extravagances

**Aristocratic Voices Forgotten Arguments about Virtue Authority and Inequality** consists of essays by political theorists who explore these questions in the works of aristocratic thinkers both ancient and modern The volume includes analyses of aristocratic virtues interpretations of aristocratic assemblies and constitutions both historic and contemporary as well as critiques of liberal virtues and institutions

Essays on Plutarch Nicholas of Cusa Marsilius of Padua Sir Thomas Elyot John Henry Newman Wilhelm Heinrich Riehl Henry Adams Friedrich Nietzsche Irving Babbitt Oswald Spengler Julius Evola and Robert Nisbet explore ways of preserving and adapting the valuable aspects of the aristocratic ethos to the needs of modern societies

**New Perspectives on the Transnational Right** M. Durham, 2016-06-08 The links the conservative Right has sought to forge beyond the national over the last century have been too often neglected and this volume sheds new light on transnationalism the Right and the ways the two interact

**Wilhelm Röpke's Political Economy** Samuel Gregg, 2010-01-01 We are extremely grateful then to the brilliant researcher and scholar Samuel Gregg of the Acton Institute for a concise penetrating and thorough analysis of Röpke s contribution to intellectual life It breaks new ground is highly readable and adds considerably to the economic literature It should become mandatory reading for every student of political economy The purpose of Gregg s masterful book is to provide a descriptive and critical introduction to Röpke s understanding of political economy This brilliant analytical intellectual history will hopefully bring back interest in both Röpke and his Humane Economy We would all be the beneficiaries

Theodore Roosevelt Malloch The American Spectator Wilhelm Röpke s Political Economy is the story of one man s efforts to rehabilitate a Smithian approach to political economy in ways that met the economic and political challenges of the twentieth century Wilhelm Röpke is best known for his decisive intellectual contributions to the economic reforms that took post war West Germany from ruin to riches within a decade In this informative book Samuel Gregg presents Röpke as a sophisticated conomiste philosophe in the tradition of Adam Smith who was as much concerned with exploring and reforming the moral

social and intellectual foundations of the market economy as he was in examining subjects such as business cycles trade policy inflation employment and the welfare state By situating R pke s ideas in the history of modern Western economic thought Samuel Gregg illustrates that while R pke s neoliberalism departed from much nineteenth century classical liberal thought it was also profoundly anti Keynesian and contested key aspects of the post war Keynesian economic consensus This book challenges many contemporary interpretations of Wilhelm R pke s economic thought and will therefore be an invaluable resource for scholars graduate students and researchers with an interest in economics history of economic thought political philosophy economic philosophy and international trade Policymakers will also find much to interest them in this captivating book

**Papal Economics** Maciej Zieba, 2023-07-18 Papal Economics corrects the record about one of the most important but least understood authorities on capitalism and democracy the Catholic Church Maciej Zieba OP a leading interpreter of the thought of Pope John Paul II takes readers on an enlightening tour through the Catholic Church s social teaching on economics and governance Examining papal pronouncements from the late nineteenth century to the present Zieba shows that the Church displays a profound understanding of democracy and support for free markets But this praise is not unqualified a major reason why secular commentators of all stripes misinterpret Catholic social teaching Updated with a brand new afterword explaining the controversial economic teachings of Pope Francis Papal Economics is the essential book for understanding the proper path forward

*Joseph Conrad* George A. Panichas, 2007 Examines the morality expressed in the fictional writing of Joseph Conrad discussing *The Secret Agent* *Lord Jim* *Nostromo* *Heart of Darkness* and other works and describing Conrad s vision of the human world

**This World**, 1992

**The Meanings of Michael Oakeshott's**

**Conservatism** Corey Abel, 2017-03-06 This collection of recent scholarship on the thought of Michael Oakeshott includes essays by both distinguished and established authors as well as a fresh crop of younger talent Together they address the meanings of Oakeshott s conservatism through the lenses of his ideas on religion history and tradition and explore his relationships to philosophers ranging from Hume to Ryle Cavell and others The collection assigns no single or final meaning to Oakeshott s conservatism but finds in him a number of possibilities for thinking fruitfully about what conservatism might mean when it is no longer considered as a doctrine but as a habit or a turn of mind

*Dickens and Childhood* Laura Peters, 2017-03-02 No words can express the secret agony of my soul Dickens s tantalising hint alluding to his time at Warren s Blacking Factory remains a gnomic statement until Forster s biography after Dickens s death Such a revelation partly explains the dominance of biography in early Dickens criticism Dickens s own childhood was understood to provide the material for his writing particularly his representation of the child and childhood Yet childhood in Dickens continues to generate a significant level of critical interest This volume of essays traces the shifting importance given to childhood in Dickens criticism The essays consider a range of subjects such as the Romantic child the child and the family and the child as a vehicle for social criticism as well as current issues such as empire race and difference and death Written by leading

researchers and educators this selection of previously published articles and book chapters is representative of key developments in this field Given the perennial importance of the child in Dickens this volume is an indispensable reference work for Dickens specialists and aficionados alike     Select Organizations in the United States William Van Rensselaer Miller,1894     **United States Economist, and Dry Goods Reporter** ,1919     *The Economist* ,1861     Parliamentary Debates New Zealand. Parliament,1910

## **Modern Age The First Twenty Five Years A Selection** Book Review: Unveiling the Magic of Language
