Modern Bestiary:

The Modern Bestiary Joanna Bagniewska, 2022-09-27 A quirky collection of Earth's most compelling animals who give mythical creatures a run for their money The Modern Bestiary A Curated Collection of Wondrous Wildlife mirrors the medieval tradition of an encyclopedia of incredible beasts only this charming book with ornamental illustrations features 100 real animals who are stranger than fiction Organized by the elements Earth Water and Air the book introduces both unfamiliar creatures like deep sea harp sponges who catch prey in their barbs and digest them whole as well as ones that have made headlines such as cicadas who emerge from the ground in noisy broods every thirteen or seventeen years Step right up and meet these delightful unbelievable and deliciously horrific animals including The endearing same sex albatross mothers who raise chicks together tarantulas who keep frogs as pets zebra finches who sing to their eggs to warn them of hot weather The ruthless flukes who manipulate their host into getting eaten by a final host horned lizards who squirt blood through their eyes to distract predators southern grasshopper mice who harness scorpion venom as a painkiller And the just plain weird antechinuses who mate themselves to death pearlfish who live fight and mate in sea cucumber butts immortal jellyfish who reverse their aging process when stressed Funny entertaining and illuminating The Modern Bestiary is a book for anyone who wants to become more familiar with the natural world and all its astounding creatures [A Modern Bestiary](#) Thomas Dugan, 1982 **A Modern Bestiary** Ana Maria Pacheco, George Szirtes, Pratt Contemporary Art (Gallery), 2004

Constructions of Cancer in Early Modern England Alanna Skuse, 2015-11-11 This book is open access under a CC BY licence Cancer is perhaps the modern world's most feared disease Yet we know relatively little about this malady's history before the nineteenth century This book provides the first in depth examination of perceptions of cancerous disease in early modern England Looking to drama poetry and polemic as well as medical texts and personal accounts it contends that early modern people possessed an understanding of cancer which remains recognizable to us today Many of the ways in which medical practitioners and lay people imagined cancer as a woman's disease or a beast inside the body remain strikingly familiar and they helped to make this disease a byword for treachery and cruelty in discussions of religion culture and politics Equally cancer treatments were among the era's most radical medical and surgical procedures From buttered frog ointments to agonizing and dangerous surgeries they raised abiding questions about the nature of disease and the proper role of the medical practitioner **The Painted Closet of Lady Anne Bacon Drury** H.L. Meakin, 2017-07-05 Lady Anne Bacon Drury 1572-1624 was the granddaughter and niece of two of England's Lord Keepers of the Great Seal Sir Nicholas Bacon and Sir Francis Bacon Lady Anne was also the friend and patroness of John Donne and Joseph Hall however she deserves to be remembered in her own right Within her massive country house Lady Anne created a tiny painted room that she seems to have used as a kind of three dimensional book The walls consisted of panels of pictures and mottoes grouped under Latin sentences These panels can still be viewed in a Suffolk museum Christchurch Mansion in Ipswich Some panels

point to classical and Biblical sources and to popular emblem books The sources of other panels are more recondite while still others are original compositions by Lady Anne The panels exhibit a contemptus mundi theme and reflect a struggle with ambition pride and even despair Some panels also appear to register carefully veiled but pointed critiques of political and religious events and figures Lady Anne's painted closet or architext is thus relevant to a wide range of early modern scholarship in various disciplines but is as yet largely unappreciated For the first time in four hundred years this book fully describes the closet and places it in its personal social intellectual and aesthetic contexts It argues for the painted closet's importance for understanding early modern conceptualizations of private and public spaces and for illuminating fundamental early modern habits of seeing and reading especially combinations of text and image Finally this book explores the closet as an example of the ingenious ways in which female subjectivity found ways to express itself even within the constraints of early modern patriarchal society in England

Bodily and Spiritual Hygiene in Medieval and Early Modern

Literature Albrecht Classen, 2017-03-20 While most people today take hygiene and medicine for granted they both have had their own history We can gain deep insights into the pre modern world by studying its health care system its approaches to medicine and concept of hygiene Already the early Middle Ages witnessed great interest in bathing hot and cold swimming and good personal hygiene Medical activities grew over time but even early medieval monks were already great experts in treating the sick The contributions examine literary medical historical texts and images and probe the information we can glean from them The interdisciplinary approach of this volume makes it possible to view this large field in a complex and diversified manner taking into account both early medieval and early modern treatises on medicine water bathing and health Such a cultural historical perspective creates a most valuable bridge connecting literary and scientific documents under the umbrella of the history of mentality and history of everyday life The volume does not aim at idealizing the past but it definitely intends to deconstruct modern myths about the dirty and unhealthy Middle Ages and early modern age

Maps and Travel in the Middle Ages and the Early Modern Period Ingrid Baumgärtner, Nirit Ben-Aryeh Debby, Katrin Kogman-Appel, 2019-03-04 The volume discusses the world as it was known in the Medieval and Early Modern periods focusing on projects concerned with mapping as a conceptual and artistic practice with visual representations of space and with destinations of real and fictive travel Maps were often taken as straightforward objective configurations However they expose deeply subjective frameworks with social political and economic significance Travel narratives whether illustrated or not can address similar frameworks Whereas travelled space is often adventurous and speaking of hardship strange encounters and danger city portraits tell a tale of civilized life and civic pride The book seeks to address the multiple ways in which maps and travel literature conceive of the world communicate a Weltbild depict space and or define knowledge The volume challenges academic boundaries in the study of cartography by exploring the links between mapmaking and artistic practices The contributions discuss individual mapmakers authors of travelogues mapmaking as an artistic practice the

relationship between travel literature and mapmaking illustration in travel literature and imagination in depictions of newly explored worlds **Imagination and Fantasy in the Middle Ages and Early Modern Time** Albrecht Classen, 2020-08-24 The notions of other peoples cultures and natural conditions have always been determined by the epistemology of imagination and fantasy providing much freedom and creativity and yet have also created much fear anxiety and horror In this regard the pre modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees but they are fundamentally the same by content Dreams illusions projections concepts hopes utopias dystopias desires and emotional attachments are as specific and impactful as the physical environment This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions images and notions Previous scholarship focused heavily on the history of mentality and history of emotions whereas here the history of pre modern imagination and fantasy assumes center position Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives This approach facilitates a new deep structure analysis of pre modern culture **Italian Literature since 1900 in English Translation** Robin Healey, 2019-03-14 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide information on the authors works translators and the reception of the translations This book includes the works of Pirandello Calvino Eco and more recently Andrea Camilleri and Valerio Manfredi Together with Robin Healey s *Italian Literature before 1900 in English Translation* also published by University of Toronto Press in 2011 this volume makes comprehensive information on translations from Italian accessible for schools libraries and those interested in comparative literature *The Dogs* Rebecca Brown, 1998-09 A fantasy in which a woman s home is invaded by dogs At first they are nice and she appreciates having their company then they turn abusive and she does not want them but fear of loneliness prevents her throwing them out **Scottish Art and Artists in Historical and Contemporary Context** Bill Hare, 2024-03-31 In comparison with many who write about contemporary art Hare is never self indulgent or wilfully obscure there is no bogus theorising to be found here From the Foreword by ALEXANDER MOFFAT Alan Davie Eduardo Paolozzi William Turnbull Janet Boulton Ian Hamilton Finlay Joan Eardley Anthony Hatwell Colquhoun and MacBryde Boyle Family Jack Knox Barbara Rae Lys Hansen Joyce Cairns Doug Cocker John Kirkwood Steven Campbell Ken Currie Peter Howson Henry Kondracki Paul Reid Iain Robertson Douglas Gordon This book is a wide ranging exploration of Scottish art and artists by one of Scotland s leading art historians Navigating the intricacies of aesthetic debate with attitude and aplomb Bill Hare examines the historical forces that have shaped Scottish art His elegant approachable writings are a treasure house of informed discourse Illuminating and perennially relevant these essays offer stimulating perspectives and nuanced insights into the confluence of passion mystery

and myth that lies at the heart of the best of Scottish art *Shakespeare and Animals* Karen Raber, Karen Edwards, 2022-08-25 This encyclopaedic account of animals in Shakespeare's plays and poems provides readers with a much needed resource by which to navigate the recent outpouring of critical and historical work on the topic This dictionary extends its coverage to include insects fish and mythic creatures as well as the places practices and lore pertaining to all animal oriented experiences of early modern life It emphasizes the role of animality in defining character and is attentive to the instabilities of the human animal boundary as they were theatrically represented exploited and interrogated but it is also concerned with the material presence of animals on stage and in everyday life in Shakespeare's world The volume is a new tool for instructors but is also a resource for critics and scholars in the many disciplines engaged with animal studies posthumanist theory ecostudies and cultural studies Medieval Bestiaries , 2025-08-28 What could the phoenix elephant and spider teach medieval people and what can they teach us now about human animal relationships *Medieval Bestiaries* New Approaches offers innovative insights on questions previously unasked about a most popular type of illuminated manuscript whose animal pictures and stories continue to entertain and inspire Bringing together an impressive range of multi disciplinary expertise the authors provide fresh perspectives on previously unpublished or under explored bestiary texts images methods of production cross literary influences and moralized messaging Most significantly they move bestiaries out of their specialized scholarly corner into the wider world of animal thinking across Christian Jewish and Islamic cultures and stake a claim for animals as a central meeting ground for medieval and modern sensibilities Contributors are Emma Campbell Marc M Epstein Erica Fudge Larisa Grollemond Rebecca Hill Elizabeth Morrison Julie Orlemanski Alexandra Paddock and Debra Higgs Strickland Megafauna Richard A. Fariña, Sergio F. Vizcaíno, Gerry De Iuliis, 2021-12-22 An enjoyable read that provides a substantial amount of detail on the biology ecology and distribution of these fantastic animals Highly recommended Choice More than 10 000 years ago spectacularly large mammals roamed the pampas and jungles of South America This book tells the story of these great beasts during and just after the Pleistocene the geological epoch marked by the great ice ages *Megafauna* describes the history and way of life of these animals their comings and goings and what befell them at the beginning of the modern era and the arrival of humans It places these giants within the context of the other mammals then alive describing their paleobiology how they walked how much they weighed their diets behavior biomechanics and the interactions among them and with their environment It also tells the stories of the scientists who contributed to our discovery and knowledge of these transcendent creatures and the environment they inhabited The episode known as the Great American Biotic Interchange perhaps the most important of all natural history experiments is also an important theme of the book tracing the biotic events of both North and South America that led to the fauna and the ecosystems discussed in this book Collectively this book brings attention to the discovery and natural history of ancient beasts in South America while providing a broader temporal and geographic background that allows readers to

understand their evolution and potential immigration to South America Quarterly Review of Biology An excellent volume This book is likely to facilitate progress in the understanding of fossil mammals from the Americas Priscum **Zoology in Early Modern Culture: Intersections of Science, Theology, Philology, and Political and Religious Education** ,2014-10-09 This volume tries to map out the intriguing amalgam of the different partly conflicting approaches that shaped early modern zoology Early modern reading of the Book of Nature comprised among others the description of species in the literary tradition of antiquity as well as empirical observations vivisection and modern eyewitness accounts the translation of zoological species into visual art for devotion prayer and religious education but also scientific and scholarly curiosity theoretical philosophical and theological thinking regarding God s creation the Flood and the generation of animals new attempts with respect to nomenclature and taxonomy the discovery of unknown species in the New World impressive Wunderkammer collections and the keeping of exotic animals in princely menageries The volume demonstrates that theology and philology played a pivotal role in the complex formation of this new science Contributors include Brian Ogilvie Bernd Roling Erik Jorink Paul Smith Sabine Kalff Tam s Demeter Amanda Herrin Marringje Rikken Alexander Loose Sophia Hendrikx and Karl Enenkel **Reading Literary Animals** Karen L. Edwards,Derek Ryan,Jane Spencer,2019-08-29 Reading Literary Animals explores the status and representation of animals in literature from the Middle Ages to the present day Essays by leading scholars in the field examine various figurative agential imaginative ethical and affective aspects of literary encounters with animality showing how practices of close reading provoke new ways of thinking about animals and the texts in which they appear Through investigations of works by Shakespeare Aphra Behn William Wordsworth Charles Dickens Virginia Woolf and Ted Hughes among many others Reading Literary Animals demonstrates the value of distinctively literary animal studies **Elective Affinities** Catriona MacLeod,Véronique Plesch,Charlotte Schoell-Glass,2009 This volume presents the impressive range of scholarly affinities approaches and subjects that characterize today s word and image studies The essays were first presented in 2005 at an international conference The New Alchemists Mariano Bizzarri,2012 Fifteen years after the first genetically modified GM seeds and food only four GM plants have achieved significant market positions corn cotton rapeseed and soybeans Most of the other new constructs have caused unsolved problems or are only at the project stage demonstrating the complexity of the task facing biotech companies Doubts are also emerging about the real economic and agronomic benefits of genetically modified organisms Little is known about their potential for upsetting environmental biodiversity in an irreversible way Worries about their impact on human health have not been dispelled but have increased with the evident incapacity of current international standards to ensure controls and enforcement Reliable risk assessment models and methodologies have not yet been developed and cannot be expected soon this makes it impossible to assess the nature qualitative aspects and extent quantitative aspects of the risks and prevents estimates based on the risk benefit ratio In this situation it seems prudent to resort to the precautionary principle defined in

the Cartagena Protocol and incorporated in the Rio Declaration The stakes are high and discussion needs to be brought to a level of scientific proof that leaves no room for ambiguity or alibis Governments companies and scientists must be called to respond to the specific questions raised by the vast scientific literature There have been too many accusations of poor science and too many unproven claims and statements symptomatic of conflicts of interest It is time for fair debate with all sides on an equal footing

New Silent Cinema Katherine Groo,Paul Flaig,2015-09-16 With the success of Martin Scorsese s Hugo 2011 and Michel Hazanavicius s The Artist 2011 nothing seems more contemporary in recent film than the styles forms and histories of early and silent cinemas This collection considers the latest return to silent film alongside the larger historical field of visual repetitions and affective currents that wind their way through 20th and 21st century visual cultures Contributors bring together several fields of research including early and silent cinema studies experimental and new media historiography and archive theory and studies of media ontology and epistemology Chapters link the methods concerns and concepts of early and silent film studies as they have flourished over the last quarter century to the most recent developments in digital culture from YouTube to 3D recasting this contemporary phenomenon in popular culture and new media against key debates and concepts in silent film scholarship An interview with acclaimed Canadian filmmaker Guy Maddin closes out the collection

Sir Thomas Browne Reid Barbour,Claire Preston,2008-11-13 Doctor linguist scientist natural historian and writer of what is probably the most remarkable prose in the English language Sir Thomas Browne was a virtuoso in learning whose many interests form a representative portrait of his age To understand the period which we more usually refer to as the Civil War the Restoration or the Scientific Revolution we need to understand parts of the intellectual and spiritual background that are often neglected and which Browne magnificently figures forth This collection of essays about all aspects of Thomas Browne s work and thought is the first such volume to appear in 25 years It offers the specialist and the student a wide ranging array of essays by an international team of leading scholars in seventeenth century literary studies who extend our understanding of this extremely influential and representative early modern polymath by embracing recent developments in the field including literary scientific relations the development of Anglican spirituality civil networks of intellectual exchange the rise of antiquarianism and Browne s own legacy in modern literature
