Protection Stefan A. Riesenfeld, 1987 Library Book Catalog, Subject Catalog, Volume 2 United States. Department of Justice, 1975 *The Failure of the Criminal Procedure Revolution* Craig M. Bradley, 2016-11-11 In a series of landmark decisions in the early 1960s the United States Supreme Court revolutionized police procedures by imposing stricter requirements such as search warrants Miranda warnings and the exclusion of improperly obtained evidence from trial Today

these innovations remain largely intact and form the basis of current American criminal procedure law even in the face of considerable criticism and an increasing conservative domination of the Court. But despite the survival of the Warren Court doctrine everyone involved in the system police prosecutors crime victims academic commentators and judges including the Supreme Court Justices themselves regard the current body of Supreme Court law in this area as a failure. In *The Failure of the Criminal Procedure Revolution* Craig M. Bradley persuasively argues that no shift in ideology no commitment of resources and no refinement of Supreme Court jurisprudence would resolve the inadequacies of the current system. These problems arose from a constitutional system that has allowed the United States to develop its rules of criminal procedure on a piecemeal case by case basis rather than through a unified code of criminal procedure as other countries have done. Only the United States expects its police to follow a set of rules so cumbersome and so complex that one area of criminal procedure alone search and seizure requires a four volume treatise to explicate. Bradley proposes that the United States should in keeping with the international trend regulate police procedures through a comprehensive and nationally applicable code. He examines why the present system is a failure and how other countries have developed their criminal procedure law. He further argues that a national code would be constitutional and outlines what its features should be how it would function and what alternative approaches are possible and practicable. *The Failure of the Criminal Procedure Revolution* is a groundbreaking effort to advocate systematic and essential reform in America's court system. It will be of compelling interest to students and scholars in law political science and criminology.
