introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

Italian Cinema and Modern European Literatures Carlo Testa,2002-03-30 The history of cinema and notably that of post war Italian cinema can only be understood adequately in the context of other contiguous cultural disciplines World literature including that of France Germany and Russia played a

key role in the development of post war Italian film and the cinematic technique it has come to embody Moving away from the usual modes of defining this period a trajectory that begins with neorealism and ends with Bertolucci author Carlo Testa offers proof that coming to terms with literary texts is an essential step toward understanding the motion pictures they influenced The means of recreating literature for the screen has changed drastically over the last half century as has the impact of different national traditions on Italian cinema Testa's work is the first to explicitly and deliberately link postwar Italian cinema to general intellectual concerns such as the relationship between literary authors and cinematic auteurs Moreover his analysis of the impact of French German and Russian cultures on Italy brings forth a new reading of Italian cinema a new paradigm for exploring complex issues of authorship culture and art German Film & Literature Eric Rentschler, 2013-10-15 First Published in 1986 This collection of essays by an international team of scholars is the first sustained investigation in any language of the historical interactions between German film and literature It is a book about adaptations and transformations about why filmmakers adapt certain material at certain times The major impetus at work is the desire to expand the field of adaptation study to include sociological theoretical and historical dimensions and to bring a livelier regard for intertextuality to the studies of German film and literature It is concerned with the ways in which filmmakers in Germany from Pabst and von Sternberg to Fassbinder Herzog and Sanders Brahms have engaged and been engaged by literary history **Translation and the Classic** Alexandra Lianeri, Vanda Zajko, 2008-08-21 This collection of 18 essays including one by Nobel Prize winning author J M Coetzee explores the fascinating and nuanced relationship between translation and the classic text Wim Wenders and Peter Handke Martin Brady, Joanne Leal, 2011 Preliminary Material Acknowledgements Authors Note Introduction Politics Poetics Film The Beginnings of a Collaboration Parallel Texts Language into Image in The Goalkeeper's Fear of the Penalty Accompanied by Text From Short Letter Long Farewell to Alice in the Cities Mute Stories and Blind Alleys Text Image and Allusion in Wrong Move Leafing through Wings of Desire Conclusion Filmographies Bibliography Index *A Companion to Rainer Werner Fassbinder* Brigitte Peucker, 2012-02-20 A Companion to Rainer Werner Fassbinder is the first of its kind to engage with this important figure Twenty eight essays by an international group of scholars consider this controversial director's contribution to German cinema German history gender studies and auteurship A fresh collection of original research providing diverse perspectives on Fassbinder's work in films television poetry and underground theatre Rainer Werner Fassbinder remains the preeminent filmmaker of the New German Cinema whose brief but prolific body of work spans from the latter half of the 1960s to the artist's death in 1982 Interrogates Fassbinder's influence on the seminal ideas of his time auteurship identity race queer studies and the cataclysmic events of German twentieth century history Contributions from internationally diverse scholars specializing in film culture and German studies Includes coverage of his key films including Gods of the Plague 1970 Beware of a Holy Whore 1971 The Bitter Tears of Petra von Kant 1972 Martha 1973 TV World on a Wire 1973 Effi Briest 1974 Ali Fear Eats the
