

Modern German

Michael Minden

Modern German:

Modern German Drama C. D. Innes, 1979-12-12 In this impressively wide ranging study of all drama written in German in the period 1945-1977 Christopher Innes aims to identify the concerns and perceptions of dramatists working in a specific and unique social context and period and to analyse the major theatrical forms they developed or adapted to express their experience to trace the writers' literary antecedents, their tradition and to explore the critical issues raised by each stylistic innovation. Professor Innes has organized his discussion around the main forms of theatre: epic, documentary, absurdist and more traditional forms. Redefining these conceptual labels as he progresses, he analyses in a critical and informed way the work on the page and the stage of all the major playwrights. This study, which is complemented by photographs of key productions and accompanied by translations for all quotations, will be of particular interest to teachers and students of drama and German as well as to a wider theatre-going public. *Sexuality in Modern German History* Katie Sutton, 2023-01-12 *Sexuality in Modern German History* offers both a detailed survey of this key subject and a new intervention in the history of sexuality in modern Germany. It investigates the diverse and often contradictory ways in which individuals, activists, doctors, politicians, artists, church leaders, reform movements and cultural commentators have defined normal or natural sexuality in Germany over the past two centuries. Katie Sutton explores how these definitions have been used to shape identities, behaviours, bodies and practices from norms of heterosexual marital reproductive sex to ideas around the policing and categorisation of unnatural or deviant bodies and practices. Covering a range of crucial themes including birth control, prostitution, queer and trans rights and heterosexual intimacy, this important text comes with 30 illustrations and a wealth of primary source extracts and secondary literature helpfully integrated to enable further insight and analysis. This is a vital volume for all students and scholars with an interest in modern Germany or the history of sexuality in modern Europe. *The Oxford Handbook of Modern German History* Helmut Walser Smith, 2011-09-29 This is the first comprehensive multi-author survey of German history that features cutting-edge syntheses of major topics by an international team of leading scholars. Emphasizing demographic, economic and political history, this Handbook places German history in a denser transnational context than any other general history of Germany. It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics. It also reaches out to scholars and students beyond the field of history with detailed and cutting-edge chapters on religious history and on literary history as well as to contemporary observers with reflections on Germany and the European Union and on multi-cultural Germany. Covering the period from around 1760 to the present, this Handbook represents a remarkable achievement of synthesis based on current scholarship. It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany's dramatic, often destructive integration into the community of modern nations. As it brings this story to the present, it also

places the current post unification Federal Republic of Germany into a multifaceted historical context It will be an indispensable resource for scholars students and anyone interested in modern Germany *The Creation of the Modern German Army* William Mulligan, 2005 Civil military relations have been a consistent theme of the history of the Weimar Republic This study focuses on the career of General Walther Reinhardt the last Prussian Minister of War and the First Head of the Army Command in the Weimar Republic Though less well known than his great rival Hans von Seeckt Reinhardt's role in forming the young Reichswehr and his writings on warfare made him one of the most important and influential military figures in interwar Germany Contrary to the conventional view that civil military relations were fraught from the outset the author argues Reinhardt's contribution to the military politics of the Weimar Republic shows that opportunities for reform and co operation with civilian leaders existed However although he is primarily seen as a liberal General this study demonstrates that he was motivated by professional military considerations and by the specter of a future war His ideas on modern warfare were amongst the most radical of the time Modern German Literature Benjamin Willis Wells, 1895

The Cambridge Companion to Modern German Culture Eva Kolinsky, Wilfried van der Will, 1999-01-28 One of the most intriguing questions of our time is how some of the masterpieces of modernity originated in a country in which personal liberty and democracy were slow to emerge This Companion provides an authoritative account of modern German culture since the onset of industrialisation the rise of mass society and the nation state Newly written and researched by experts in their respective fields individual chapters trace developments in German culture including national identity class Jews in German society minorities and women the functions of folk and mass culture poetry drama theatre dance music art architecture cinema and mass media from the nineteenth century to the present Guidance is given for further reading and a chronology is provided In its totality the Companion shows how the political and social processes that shaped modern Germany are intertwined with cultural genres and their agendas of creative expression Modern German Literature Michael Minden, 2013-04-30 This accessible and fresh account of German writing since 1750 is a case study of literature as a cultural and spiritual resource in modern societies Beginning with the emergence of German language literature on the international stage in the mid eighteenth century the book plays down conventional labels and periodisation of German literary history in favour of the explanatory force of international cultural impact It explains for instance how specifically German and Austrian conditions shaped major contributions to European literary culture such as Romanticism and the language scepticism of the early twentieth century From the First World War until reunification in 1990 Germany's defining experiences have been ones of catastrophe The book provides a compelling overview of the different ways in which German literature responded to historical disaster They are first Modernism the Literature of Negation second the literature of totalitarian regimes Third Reich and German Democratic Republic and third the various creative strategies and evasions of the capitalist democratic multi medial cultures of the Weimar and Federal Republics The volume achieves a balance between

textual analysis and cultural theory that gives it value as an introductory reference source and as an original study and as such will be essential reading for students and scholars alike

The Cambridge Companion to the Modern German Novel Graham Bartram, 2004-04-05 The Cambridge Companion to the Modern German Novel first published in 2004 provides a broad ranging introduction to the major trends in the development of the German novel from the 1890s to the present. Written by an international team of experts it encompasses both modernist and realist traditions and also includes a look back to the roots of the modern novel in the Bildungsroman of the late eighteenth and nineteenth centuries. The structure is broadly chronological but thematically focused chapters examine topics such as gender anxiety images of the city war and women's writing within each chapter key works are selected for close attention. Unique in its combination of breadth of coverage and detailed analysis of individual works and featuring a chronology and guides to further reading this Companion will be indispensable to students and teachers.

Nietzsche and Modern German Thought Keith Ansell-Pearson, 2012-10-12 Nietzsche is no longer a marginal figure in the study of philosophy. This collection of specially commissioned essays reflects the emergence of a serious interest amongst philosophers sociologists and political theorists. By considering Nietzsche's ideas in the context of the modern philosophical tradition from which it emerged his importance in contemporary thought is refined and reaffirmed. Modern German thought begins with Kant and has rarely escaped his influence. It is with respect to this Kantian heritage that this volume examines Nietzsche. These essays critically consider Nietzsche's relation to Kant and the post-Kantian tradition. In broad terms it is his relation to the domains of knowledge ethics and aesthetics that is through the three Kantian critiques that Nietzsche's thought is illuminated. This allows a surprising variety of areas and questions both about Nietzsche and about philosophy to be investigated.

Modern German Political Drama, 1980-2000 Birgit Haas, 2003 In addition to established playwrights such as Heinar Kipphardt Franz Xaver Kroetz and Heiner Müller the book looks at the younger generation of playwrights not yet fully taken into account by research writers such as Oliver Bukowski Dea Loher Marius von Mayenburg Albert Ostermaier and Theresia Walser. It gives an overview of the most important developments in recent German political drama through analysis of more than forty contemporary plays clearly tracing connections between politics and theater. Each chapter is preceded by a short introduction into the respective political topic providing the framework for the study of drama as a political tool and making it easy for students to see the multiple ways in which plays respond to political change. This book will be of interest to students and scholars in drama and theater studies and German literature.

BOOK JACKET *Studies in Medieval and Modern German History* Walther Hubatsch, 1985-04-22

Technology in Modern German History Karsten Uhl, 2022-01-27 People often associate postwar Germany with technology and with its products of mass consumption such as luxury cars. Even pop music most notably Kraftwerk literally power station with songs such as Autobahn Radioactivity or We are the Robots disseminates the stereotype of a close link between German culture and technology. Technology in Modern German History explores various forms of technology in 200

years of German history and explains how technology has been fundamental to the shaping of modern Germany. The book investigates the role technology played in transforming Germany's culture, society, and politics during the 19th and 20th centuries. Key topics covered include the different stages of industrialization, the growth of networked cities, and the triumph of a teleological narrative of technology as progress. Moreover, it provides a critical revision of the history of high technology, which reveals how high-tech euphoria determined certain paths in history regardless of whether the respective technology proved to be successful. In its second part, the volume introduces new avenues in scholarship. Karsten Uhl examines neglected areas such as rural technologies or the often overlooked importance of everyday technologies. How did consumers or workers use new technologies? How did they appropriate and modify them? Lastly, the book considers the final decades of the 20th century and asks if they provided a significant new quality of technological change. To what degree and effects did computerization transform professional and private life in Germany? In culture and politics, reinforced by the German variety of environmentalism, the idea of progress was challenged as the once prevailing vision of progress gave way to new apprehensions of uncertainty evident to this day. Technology in Modern German History brings fascinating insight into a much neglected area of German history for students and scholars alike.

Revolutions in Modern German History

Andrew G. Bonnell, 2025-05-29. Andrew G. Bonnell's innovative survey examines the history of revolution in modern Germany by focusing on key revolutionary developments in the German states. There is coverage of Germany and the French Revolution, the 1848 revolutions, the Industrial Revolution, the 1918/19 revolution, the Nazi revolution of 1933, the revolution from above in Eastern Germany, 1945/49, and the revolution in East Germany in 1989/90. **Revolutions in Modern German History** sheds new light on the subject by stressing the continuity of conflicts between revolution and counter-revolution in German history, thereby restoring a sense of the dramatic social conflicts that punctuated the history of the country. It also reveals the significance of wider European and transnational developments of revolutionary and counter-revolutionary movements and events. Bonnell even reconstructs a sense of the participants' changing horizon of expectations during these events by looking in depth at the lives of men and women who lived and experienced these tumultuous times.

Humboldt and the modern German university Johan Östling, 2018-04-03. This book is about the idea of the university in modern Germany. Its primary focus is how the Humboldtian tradition was transformed and how it gave direction to debates around higher education. By combining approaches from intellectual history, conceptual history, and the history of knowledge, the study investigates the ways in which Humboldt's ideas have been appropriated for various purposes in different historical contexts and epochs. Ultimately, it shows that Humboldt's ideals are not timeless; they are historical phenomena and have always been determined by the predicaments and issues of the day. Nevertheless, many of the key concepts and fundamental ideas have endured throughout the twentieth century, though they have been interpreted in different ways.

Ottoman Eurasia in Early Modern German Literature Gerhild Scholz Williams, 2021-05-20. Even a casual perusal of seventeenth

century European print production makes clear that the Turk was on everyone's mind Europe's confrontation of and interaction with the Ottoman Empire in the face of what appeared to be a relentless Ottoman expansion spurred news delivery and literary production in multiple genres from novels and sermons to calendars and artistic representations The trans-European conversation stimulated by these media most importantly the regularly delivered news reports not only kept the public informed but provided the basis for literary conversations among many seventeenth-century writers three of whom form the center of this inquiry Daniel Speer 1636-1707 Eberhard Werner Happel 1647-1690 and Erasmus Francisci 1626-1694 The expansion of the Ottoman Empire during the sixteenth and seventeenth centuries offers the opportunity to view these writers' texts in the context of Europe and from a more narrowly defined Ottoman Eurasian perspective Ottoman Eurasia in Early Modern German Literature Cultural Translations Francisci Happel Speer explores the variety of cultural and commercial conversations between Europe and Ottoman Eurasia as they negotiated their competing economic and hegemonic interests Brought about by travel trade diplomacy and wars these conversations were by definition cross-cultural and diverse They eroded the antagonism of us and them the notion of the European center and the Ottoman periphery that has historically shaped the view of European-Ottoman interactions

Contemporary German Fiction Stuart

Taberner, 2007-06-21 These accessible and informative essays explore the central themes and contexts of the best writers working in Germany today *Ten Years of German Unification* Jörn Leonhard, Lothar Funk, 2002-04-30 In May 2000 scholars of history law politics and economics gathered in London to compare their various methodological and empirical perspectives on the 1989-90 collapse of the Germanies into a unity and the aftermath of the event from the perspective of a decade on Their 14 studies cover history

Selected Writings of Edward Sapir in Language, Culture and Personality Edward

Sapir, 2023-07-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high-quality peer-reviewed scholarship accessible once again using print-on-demand technology This title was originally published in 1949 Contemporary World Fiction Juris Dilevko, Keren Dali, Glenda

Garbutt, 2011-03-17 This much-needed guide to translated literature offers readers the opportunity to hear from learn about and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions In a globalized world knowledge about non-North American societies and cultures is a must *Contemporary World Fiction: A Guide to Literature in Translation* provides an overview of the tremendous range and scope of translated world fiction available in English In so doing it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions Within the guide approximately 1,000 contemporary non-English language fiction titles are fully annotated and thousands of others are listed Organization is primarily by language as language often reflects cultural cohesion better than national borders or geographies but also by country and culture In addition to

contemporary titles each chapter features a brief overview of earlier translated fiction from the group The guide also provides in depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions Ghetto Voices in Contemporary German Culture Maria Stehle, 2012 Illuminates tensions and transformations in today's Germany by examining literary filmic and musical treatments of the ghetto metaphor Accounts of how Germany has changed since unification often portray the Berlin Republic as a new Germany that has left the Nazi past and Cold War division behind and entered the new millennium as a peaceful worldly and cautiously proud nation Closer inspection however reveals tensions between such views and the realities of a country that continues to struggle with racism provincialism and fear of the perceived Other Mainstream media foster such fears by describing violence in ghetto schools failed integration and the loss of society's core values The city emerges as a key site not only of ethnic and political tension but of social change Maria Stehle illuminates these tensions and transformations by following the metaphor of the ghetto in literary works from the 1990s by Feridun Zaimoglu in German ghettocentric films from the late 1990s and the early twenty first century and in hip hop and rap music of the same periods In their representations of ghettos authors filmmakers musicians and performers redefine and challenge provincialism and nationalism and employ transcultural frameworks for their diverging political agendas By contextualizing these discussions within social and political developments this study illuminates the complexities that define Germany today for scholars and students across the disciplines of German European cultural urban and media studies Maria Stehle is Assistant Professor of German at the University of Tennessee Knoxville

Modern German: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels enthraling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. Modern German : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
