## **Modern Marriage:**

*I Do (I Think)* Allison Raskin, 2024-10-15 Marriage norms in today's society are rapidly changing and it can be hard to keep up. Allison Raskin's book unpacks the questions and uncertainties around marriage that so many of us have. A must read for anyone and everyone that may be curious about the intricacies of modern marriage. Nick Viall, TV Personality Host of *The Viall Files* and Bestselling Author *From Just Between Us*, cohost and bestselling author Allison Raskin comes with a witty incisive take on modern marriage and how a new generation can navigate its uncertainties and questions. Marriage rates may be on the decline but that doesn't mean marriage is disappearing from society. In fact, as modern relationship norms and structures continue to evolve, the public discourse about marriage has never been louder or more conflicted. Divorce rates, the appeal of cohabitation, seemingly infinite options for future partners, the patriarchal roots of marriage and gender roles, and economic uncertainty are just a few factors that leave a new generation of single and dating adults wondering: What does marriage even look like now? Why do people still do it? And most importantly, is it for me? With conversational wit and compassion, bestselling author Allison Raskin draws on new research, interviews with licensed experts, and the stories of real-life couples to break down the many pieces of today's marriage conversation and to make the leap of faith a little less scary for Gen Z and millennial adults like herself. What emerges is a thoughtful investigation into our cultural assumptions about commitment, compatibility, divorce, meaningful partnership, the future of marriage, and what it really means to join your bank accounts.

**The Modern Marriage Market** Marie Corelli, Flora Annie Webster Steel, Susan Countess of Malmesbury, Lady Susan Mary Elizabeth Stewart-Mackenzie Jeune, 1898 Individual views on the institution of marriage as observed by four prominent English women. **A Cultural History of Marriage in the Modern Age** Christina Simmons, 2021-11-18 Spanning cultures across the 20th century, this volume explores how marriage, especially in the West, was disestablished as the primary institution organizing social life. In the developing world, the economic, social, and legal foundations of traditional marriage are stronger but also weakening. Marriage changed because an industrial wage economy reduced familial patriarchal control of youth and women and spurred demands and possibilities for greater autonomy and choice in love. After the Second World War, when more married women pursued education and employment and gays and lesbians gained visibility, feminism and gay liberation also challenged patriarchal and restrictive gender roles and helped to reshape marriage. In 1920, most people married for life; in the twenty-first century, fewer marry, and serial monogamy prevails. Marriage is more diverse and flexible in form but also more fragile and optional than it once was. Over the century, control of courtship shifted from parents to youth and friends, as opposed to kin, became more important in sustaining marriages. Dual wage earner families replaced the male breadwinner. Social and political liberalism assailed conservative laws and religious regimes, expanding access to divorce and birth control. Although norms of masculinity and femininity retain huge power in most cultures, visions of more egalitarian and romantic love as the basis of marriage have gained traction, made appealing by the global spread of capitalist social

relations and also broadcast by culture industries in the developed world The legalization of same sex marriage in over twenty five nations by 2020 epitomizes a century of change toward a less gender defined ideal that includes a continued desire for social recognition and permanence A Cultural History of Marriage in the Modern Age presents an overview of the period with essays on Courtship and Ritual Religion State and Law Kinship and Social Networks the Family Economy Love and Sex the Breaking of Vows and Representations of Marriage

Pickowicz,2013-02-28 Leading scholar Paul G Pickowicz traces the dynamic history of Chinese filmmaking and discusses its course of development from the early days to the present Moving decade by decade he explores such key themes as the ever shifting definitions of modern marriage in 1920s silent features East West cultural conflict in the movies of the 1930s the strong appeal of the powerful melodramatic mode of the 1930s and 1940s the polarizing political controversies surrounding Chinese filmmaking under the Japanese occupation of Shanghai in the 1940s and the critical role of cinema during the bloody civil war of the late 1940s Pickowicz then considers the challenging Mao years including chapters on legendary screen personalities who tried but failed to adjust to the new socialist order in the 1950s celebrities who made the sort of artistic and political accommodations that would keep them in the spotlight in the post revolutionary era and insider film professionals of the early 1960s who actively resisted the most extreme forms of Maoist cultural production The book concludes with explorations of the highly cathartic films of the early post Mao era edgy postsocialist movies that appeared on the eve of the Tiananmen demonstrations of 1989 the relevance of the Eastern European velvet prison cultural production model and the rise of underground and independent filmmaking beginning in the 1990s Throughout its long history of film production China has been embroiled in a seemingly unending series of wars revolutions and jarring social transformations Despite daunting censorship obstacles Chinese filmmakers have found ingenious ways of taking political stands and weighing in for better or worse on the most explosive social cultural and economic issues of the day Exploring the often gut wrenching controversies generated by their work Pickowicz offers a unique and perceptive window on Chinese culture and society

ignored resulting in a serious lack of understanding about this vital element of social life a glaring omission given the intense focus on sexuality in Africa in the wake of HIV AIDS Love in Africa seeks both to understand this failure to consider love and to begin to correct it In a substantive introduction and eight essays that examine a variety of countries and range in time from the 1930s to the present the contributors collectively argue for the importance of paying attention to the many different cultural and historical strands that constitute love in Africa Covering such diverse topics as the reception of Bollywood movies in 1950s Zanzibar the effects of a Mexican telenovela on young people s ideas about courtship in Niger the models of romance promoted by South African and Kenyan magazines and the complex relationship between love and money in Madagascar and South Africa Love in Africa is a vivid and compelling look at love s role in African society
