Marginality in Modern Africa Felicitas Becker, Joel Cabrita, Marie Rodet, 2018-02-02 In recent years anthropologists historians and others have been drawn to study the profuse and creative usages of digital media by religious movements At the same time scholars of Christian Africa have long been concerned with the history of textual culture the politics of Bible translation and the status of the vernacular in Christianity Students of Islam in Africa have similarly examined politics of knowledge the transmission of learning in written form and the influence of new media Until now however these arenas Christianity and Islam digital media and old media have been studied separately Religion Media and Marginality in Modern Africa is one of the first volumes to put new media and old media into significant conversation with one another and also offers a rare comparison between Christianity and Islam in Africa The contributors find many previously unacknowledged correspondences among different media and between the two faiths In the process they challenge the technological determinism the notion that certain types of media generate particular forms of religious expression that haunts many studies In evaluating how media usage and religious commitment intersect in the social cultural and political landscapes of modern Africa this collection will contribute to the development of new paradigms for media and religious studies Contributors Heike Behrend Andre Chappatte Maria Frahm Arp David Gordon Liz Gunner Bruce S Hall Sean Hanretta Jorg Haustein Katrien Pype and Asonzeh Ukah *African Church Fathers - Ancient and Modern* Hans S. A. Engdahl, 2021-01-26 This critical and close reading of two African theologians Origen 185 254 and Mbiti 1931 2019 focuses on the following areas philosophy African philosophy and religion and Platonic cosmology ecclesiology and eschatology a parallel presentation of these three themes leads to a fourth theme that of the resurrection where it is argued that there exists a consensus and a convergence between the two This reading also highlights two convictions that partly have caused strong criticism Mbiti has suggested that African philosophy and religion have a conception of time of their own Origen that all and everything is gradually moving towards an apokatastasis at which point all will be saved Yet the contention is that even more important to both Mbiti and Origen is the resurrection of Jesus Christ In order to establish the impact of the resurrection on their lives as Christians and as theologians a contrast reading has been undertaken i e texts are identified which underline the need to forge a link between the resurrection and the earthly ministry of Jesus These texts also underwrite the conviction of Mbiti as well as Origen of the resurrection as something which must be lived in church and society corporately as well as in personal devotion The fact of resurrection creates a new mode of life **Modern Church** ,1892 **The Athenaeum** James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1902 **The Athenaeum** ,1909 **My Heart's Desire** Dr. David Jeremiah, 2004-03-30 Experience deeper intimacy with God by adopting a lifestyle of worship Chinese Medicine in East Africa Elisabeth Hsu, 2022-07-08 Based on fieldwork conducted between 2001 2008 in urban East Africa this book explores who the patients practitioners and paraprofessionals doing Chinese medicine were in
