By reinterpreting Greenberg's interpretations of Pollock, Duchamp and other canonical figures, de Duve establishes new theoretical coordinates by which to understand the uneasy complexities and importance of Greenberg's practice. John O'Brien, editor of Clement Greenberg: The Collected Essays and Criticisms. De Duve is an expert on theoretical aesthetics and thus well suited to reassess the formalist tenets of the late American art critic's theory on art and culture. De Duve's close readings of Greenberg contain much of interest and the author clearly enjoys matching wits with the world's best known art critic. Library Journal

**Modernism: The Lure of Heresy** Peter Gay, 2010-08-16 Rich, learned, briskly written, maddening yet necessary study. Lee Siegel, New York Times Book Review. Peter Gay explores the shocking modernist rebellion that beginning in the 1840s transformed art, literature, music and film. Modernism presents a thrilling pageant of heretics that includes Oscar Wilde, Pablo Picasso, D. W. Griffiths, James Joyce, Virginia Woolf, T. S. Eliot, Walter Gropius, Arnold Schoenberg and, of course, Andy Warhol.

Bas Jan Ader Alexander Dumbadze, 2013-05-27 On July 9, 1975, Dutch-born artist Bas Jan Ader set sail from Chatham, Massachusetts, on a thirteen-foot sailboat. He was bound for Falmouth, England, on the second leg of a three-part piece titled *In Search of the Miraculous*. The damaged boat was found south of the western tip of Ireland nearly a year later. Ader was never seen again. Since his untimely death, Ader has achieved mythic status in the art world as a figure literally willing to die for his art. Considering the artist's legacy and concise oeuvre beyond the romantic and tragic associations that accompany his peculiar end, Alexander Dumbadze resituates Ader's art and life within the conceptual art world of Los Angeles in the early 1970s and offers a nuanced argument about artistic subjectivity that explains Ader's tremendous relevance to contemporary art. Bas Jan Ader blends biography, theoretical reflection and archival research to draw a detailed picture of the world in which Ader's work was rooted: a vibrant international art scene populated with peers such as Ger van Elk, William Leavitt and Allen Ruppersberg. Dumbadze looks closely at Ader's engagement with questions of free will and his ultimate success in creating art untainted by mediation. The first in-depth study of this enigmatic conceptual artist, Bas Jan Ader is a thoughtful reflection on the necessity of the creative act and its inescapable relation to death.

**Notes on Participatory Art** Gustaf Almenberg, 2010-12-02 We are living in the Age of Participation. Social media are exploding, customer cooperation is sought in product development and customer content is even built into media. But where is the art reflecting our times? Where are the artists making this kind of art? Who were their predecessors? In this book, the author traces

the roots of Participatory Art from Duchamp Mondrian and Moholy Nagy via less well known artists like Lygia Clark and Charlotte Posenenske as well as via better known artists like Joseph Beuys and yvind Fahlstrm to contemporary artists showing an interest in participation like Olafur Eliasson and Antony Gormley Participation is the most important thing that has happened in art Gormley said in 2009 What then is Participatory Art After around 40 years of practice the author tries to distill the essential principles in 10 suggestions for a Manifesto Most central is its focus on the unfolding creative moment itself and on the creativity of the spectator

**Renaissance Theory** James Elkins, Robert Williams, 2008-04 Renaissance Theory presents an animated conversation among art historians about the optimal ways of conceptualizing Renaissance art and the links between Renaissance art and contemporary art and theory This is the first discussion of its kind involving not only questions within Renaissance scholarship but issues of concern to art historians and critics in all fields Organized as a virtual roundtable discussion the contributors discuss rifts and disagreements about how to understand the Renaissance and debate the principal texts and authors of the last thirty years who have sought to reconceptualize the period They then turn to the issue of the relation between modern art and the Renaissance Why do modern art historians and critics so seldom refer to the Renaissance Is the Renaissance our indispensable heritage or are we cut off from it by the revolution of modernism The volume includes an introduction by Rebecca Zorach and two final synoptic essays as well as contributions from some of the most prominent thinkers on Renaissance art including Stephen Campbell Michael Cole Frederika Jakobs Claire Farago and Matt Kavalier

*Art History After Modernism* Hans Belting, 2003-08 Art history after modernism does not only mean that art looks different today it also means that our discourse on art has taken a different direction if it is safe to say it has taken a direction at all So begins Hans Belting s brilliant iconoclastic reconsideration of art and art history at the end of the millennium which builds upon his earlier and highly successful volume *The End of the History of Art* Known for his striking and original theories about the nature of art according to the Economist Belting here examines how art is made viewed and interpreted today Arguing that contemporary art has burst out of the frame that art history had built for it Belting calls for an entirely new approach to thinking and writing about art He moves effortlessly between contemporary issues the rise of global and minority art and its consequences for Western art history installation and video art and the troubled institution of the art museum and questions central to art history s definition of itself such as the distinction between high and low culture art criticism versus art history and the invention of modernism in art history Forty eight black and white images illustrate the text perfectly reflecting the state of contemporary art With *Art History after Modernism* Belting retains his place as one of the most original thinkers working in the visual arts today

Candor and Perversion Roger Shattuck, 1999 he is an expert at intellectual and moral triage sorting patiently through the tangle of mixed motives that make for art admiring the candor admonishing the perversion
